Harold Ellens, 2012-05-03 For centuries scholars

have been developing ways of studying the bible through exegesis historical critique literary critique form criticism and narrative analysis During the last half century new theoretical approaches have come to the fore Psychological Hermeneutics takes as its starting point the text itself and its context the dynamics of the human document created the person's who authored the text the original audience for which it was intended the subsequent audiences to which it spoke and the factors that were at play behind in and in front of the text The contributions to this volume examine the growth of Psychological

Hermeneutics as a discipline within biblical studies The book is structured in two parts The first assesses the approach taken by Wayne G Rollins one of the pioneers of this field The second provides applications of Rollins approach The result is a book which presents a state of the art survey of the discipline and development of Psychological Hermeneutics over the last thirty years

psychoanalytical and from composition to reception Arising out of a symposium to honour John Barton for his 60th birthday the essays all respond either directly or indirectly to his Amos's Oracles Against the Nations and to his lifelong concern with both ethics and method in biblical study The Maya Book of Life Michael Owen, 2011-03 THE MAYA BOOK OF LIFE UNDERSTANDING THE XULTUN TAROT is the companion book to the Xultun Tarot Classic Edition It explores the archetypes and alchemy of the major arcana of the Xultun Tarot through indigenous teachings and the analytical psychology of C G Jung and casts new light on the meaning of 2012 The Xultun Tarot was created by Peter Balin in 1976 based on images from Maya history and culture Taken from a single painting it is the only tarot deck where the major arcana form a complete picture This picture is a symbolic image of the alchemical marriage of spirit and matter and a map of what Jung called the individuation process Only 500 copies of the original Xultun Tarot were ever printed Now Kahurangi Press xultun.com has recreated this classic long out of print deck true to its original large size and vibrant colours together with a book that explains the profound symbolism of the cards Michael Owen is a clinical psychologist in private practice and author of Jung and the Native American Moon Cycles He lives in New Zealand **Ezekiel 38-48** Stephen L. Cook, 2018-01-01 A fresh interpretation of the final major sections of the Hebrew book of Ezekiel chapters 38-48 Stephen L Cook offers an accessible translation and interpretation of the final sections of Ezekiel These chapters the most challenging texts of scripture describe the end time assault of Gog of Magog on Israel and provide an incredible visionary tour of God's utopian temple Following the approach of Moshe Greenberg the author of the preceding Anchor Yale Bible commentaries on Ezekiel this volume grounds interpretation of the book in an intimate acquaintance with Ezekiel's source materials its particular patterns of composition and rhetoric and the general learned priestly workings of the Ezekiel school The commentary honors Greenberg's legacy by including insights from traditional Jewish commentators such as Rashi Kimhi and Eliezer of Beaugency In contrast to preceding commentaries the book devotes special attention to the Zadokite idea of an indwelling anthropomorphic body of God and the enlivening effect on people and land of that indwelling **Understanding the Hebrew Bible** John Barton, 2025-02-01 This is the latest in a series of volumes published about every twenty five years since 1924 surveying the current state of the academic study of the Old Testament more often called the Hebrew Bible in scholarly contexts It is written by leading members of the Society for Old Testament Study the professional organization for scholars in that field in the UK and Ireland but with international members too some of whom have contributed to the volume It provides academics students of the Bible clergy and rabbis and intelligent general readers with a snapshot of the main approaches and issues in the study of the Hebrew Bible since approximately the year 2000 There are chapters on specific biblical books in their ancient context grouped mainly by genre but also on methodological aspects of biblical studies today including interdisciplinary perspectives and contemporary questions such as the Bible in sociological theological historical archaeological literary and linguistic perspectives and the influence of concerns about gender race visual culture and

psychology A particular recent interest is represented by a chapter on the reception history of the Hebrew Bible in the visual arts music and literature including drama and film The concern throughout is to encapsulate contemporary currents in interpretation rather than to put forward the contributors personal views but also to suggest how biblical study may or should develop next in these areas As with previous volumes what is provided is a view of global scholarship as seen from these islands that will be useful to serious students of the Hebrew Bible throughout the world As well as describing their field the contributors also provide substantial bibliographies pointing readers to other modern discussions **Ezekiel: A**

spiritual point of view all that time spent discussing the Bible with Mr Koukou helped in some way to have saved my soul It was very effective if there was an opportunity to help someone Mr Koukou would always be the first to do so My memories of Mr Koukou are enough to fill a book I will forever remember his bravery loyalty understanding and general knowledge Dear Mr Koukou I will forever respect you and never forget you Firouz Farokhzad Photographer Tribute from a Cellmate New York January 2014 *Canadian Books in Print.
