H. Sayce, 2020-08-13 Reproduction of the original *The Egypt of the Hebrews and Herodotos* by A H Sayce

The Egypt of the Hebrews and Herodotos Archibald Henry Sayce, 1895 **Pioneer to the Past** Charles Breasted, 2020-12-31 *Pioneer to the Past* tells the intensely human often poignantly moving story of the brilliant career of James Henry Breasted one of the greatest Egyptologists and archaeologists America has yet produced Breasted's greatest achievement was the founding of the Oriental Institute at the University of Chicago in 1919 through the generous support of John D Rockefeller Jr The Oriental Institute embodies Breasted's vision of an inter disciplinary research center that unites archaeology textual studies and art history as three complementary methodologies to provide a holistic understanding of ancient Near Eastern civilizations and the ways that they laid the foundations for what we think of today as Western civilization Breasted's legacy continues to flourish today Reprint of the Scribner's Sons 1943 Edition with New Foreword and Photographs **The History of Herodotus**, *The Enlightenment Rediscovery of Egyptology* Angela Scattolin Morecroft, 2017-12-14 In 1759 the botanist and scientist Vitaliano Donati led an expedition to Egypt under the patronage of King Carlo Emanuele III of Sardinia to acquire Egyptian antiquities for the Museum in Turin Charting his tumultuous expedition this book reveals how in spite of his untimely death in 1762 Donati managed to send enough items back to Turin to lay the foundations for one of the earliest and largest systematic collections of Egyptology in Europe and help to bring the world of ancient Egypt into the consciousness of Enlightenment scholarship Whilst the importance of this collection has long been recognised its exact contents have been remained largely unknown War the Napoleonic occupation of Italy and the amalgamation and reorganisation of museum collections resulted in a dispersal of objects and loss of provenance As a result it had been supposed that the actual contents of Donati's collection could not be known However the discovery by Angela Morecroft in 2004 of Donati's packing list reveals the exact quantity and type of objects that he acquired offering the possibility to cross reference his descriptions with unidentified artifacts at the Museum By examining Donati's expedition to

Egypt and seeking to identify the objects he sent back to Turin this book provides a fascinating insight into early collecting practice and the lasting historical impact of these items As such it will prove a valuable resource for all those with an interest in the history of museums and collecting as well as enlightenment travels to Egypt Amelia B Edwards Carl

Graves,2025-06-01 Amelia Blanford Edwards was so much more than a pioneer of British Egyptology She was a writer musician artist activist and explorer She is remembered for different reasons by different people in different ways This volume offers new revelations about Amelia s private life and her relationships with women that led her ultimately to the founding of the Egypt Exploration Fund now Society What circumstances in her life led Amelia Edwards to Egypt and what happened after her famous journey A Thousand Miles Up the Nile To answer these questions Carl Graves navigates Amelia s complicated personal life unpacking the events that surrounded the foundation of the Egypt Exploration Fund now Society Her legacy in Egyptology ends with the equally intriguing journey of an oil painting by Florence Blakiston Attwood Mathews now in the collection of the Society But who really is the woman in the painting *Primordial Landscapes, Incorruptible Bodies* Dag Øistein Endsjø,2008 As the first monk in the desert Antony became an early Christian superstar eclipsing his many ascetic predecessors The introduction of asceticism into the wilderness also represented an encounter between Christian and Hellenistic ideas For centuries Greeks had considered the uncultivated geography intrinsically primordial a chaotic place where man struggled to remain human The wilderness represented an eternal ordeal where man always faced fierce beasts disorder and death but also where simultaneously he could attain boundless wealth wisdom and even physical immortality Through Athanasius of Alexandria s fourth century biography of Antony we learn how the Christian appropriation of Greek ideas on geography bodies and immortality raised asceticism to an entirely new level Placed in his uncultivated landscape Antony became a true martyr an athlete of God and a holy man able to retrieve the bodily incorruptibility lost in the Fall which all Christians could look forward to at the end of times In this way Athanasius employed a traditional Greek worldview to demonstrate the superiority of Christianity over Paganism which never promised ordinary people anything but an eternal existence as dead and disembodied souls
