El-Shamy, 2010-03-15 In this book Hasan M El Shamy has gathered the first authentic new collection of modern Egyptian folk narratives to appear in nearly a century El Shamy's English translations of these orally presented stories not only preserve their spirit but give Middle Eastern lore the scholarly attention it has long deserved This collection of seventy recently collected Egyptian tales is a major contribution to African studies and to international distribution studies of folktales In the face of the recent anthropological trend to use folkloric materials for extra folkloric purposes the preeminence of the text must be asserted once more and these are obviously authentic straightforwardly translated fully documented as to date of collection and social category of informant and for all that readable Daniel J Crowley Research in African Literatures Western knowledge of virtually all facets of contemporary Egyptian culture much less the roots of that culture is woefully inadequate By providing an interesting varied and readable collection of Egyptian folktales and offering clear and sensible accounts of their background and meaning this book renders a valuable service indeed Kenneth J Perkins International Journal of Oral History Egyptian Tales and Romances, 1931 **The Egyptian Gods** Alan W. a Tale - Stories of Curious Word Origins Charles Earle Funk,2011-12-09 THIS book is the outcome of a collection of material that has been slowly accumulating over the past thirty years or so since the time when under the guidance of the late Dr Frank H Vizetelly I began to work as his associate in the editorial department of the Funk it may have come from a tale in some older language for the languages that we consider ancient were themselves based upon still more ancient sources but that story if any cannot now be determined Thus what we know about the origins of the great majority of the words in our present language can be found in an unabridged dictionary or in a work dealing with etymologies such as that compiled by W W Skeat about seventy years ago or the one more recently prepared by Ernest Weekley **The Apocrypha and**

Pseudepigrapha of the Old Testament in English: Apocrypha Robert Henry Charles,1913 101 Myths of the Bible Gary Greenberg,2002-09-01 In his startling book Gary Greenberg exposes the reality behind the greatest story ever told Learn about the Egyptian myths and ancient folklore that survive in one of history s most sacred texts and discover how King David s bodyguard not David killed Goliath Noah s Ark did not land on Mount Ararat Samson did not pull down a Philistine temple There are at least two versions of the Ten Commandments The walls of Jericho were destroyed 300 years before Joshua arrived there Sodom and Gomorrah were mythical cities that never existed The story of Esther had nothing to do with the Jews of Persia And much much more 101 Myths of the Bible provides a new dimension of biblical studies for believers historians and anyone who has ever wondered about the facts behind the legends By looking deeper into history Greenberg shows that the true story makes the Bible more interesting than ever imagined *Aryan Sun-myths the Origin of Religions*

Sarah Elizabeth Titcomb, 1890 *Aryan Sun Myths the Origin of Religions* by Sarah E Titcomb is a very conscientious effort to reduce to a convenient compass a vast amount of lore whose sources are scattered through all literature and all languages. This work will afford sufficient information on the subject for all practical purposes while its excellent catalogue of the more important works concerning it and some very comprehensive explanatory notes appended may easily lead up to more profound studies.
