Handbook Of Youth And Justice:

Handbook of Youth and Justice Susan O. White, 2013-11-11 When approached by Plenum to put together a volume of social science research on the topic of youth and justice I found the interdisciplinary challenge of such a project intriguing Having spent 2 years as Director of the Law and Social Science Program at the National Science Foundation I was well aware of the rich diversity of research that could fit within that topic I also knew that excellent research on youth and justice was coming from different communities of researchers who often were isolated from each other in their respective disciplines as psychologists sociologists criminologists or policy analysts I saw this project as an opportunity to break down some of this isolation by introducing these researchers and their work to each other and to the broader community of social scientists interested in law and justice There was another gap or set of gaps to be bridged as well The juvenile justice system and the criminal justice system differ in significant ways and the civil justice system which is a major venue for issues of youth and justice is yet another separate world Few researchers are likely to know the whole picture For example a focus on juvenile justice often ignores the extent to which civil justice proceedings shape the lives of young people through divorce custody adoption family preservation policies and other actions and vice versa *International Handbook of Juvenile Justice* Josine Junger-Tas, Scott H. Decker, 2006-09-02 This comprehensive reference work presents inside information on the Juvenile Justice systems in 19 different countries both in old and new EU member states and in the United States and Canada The book is the result of research conducted by a group of outstanding researchers who are concerned about trends in Juvenile Justice in the last two decades which blur the border between criminal and juvenile justice **Youth Justice Handbook** Wayne Taylor, Rod Earle, Richard Hester, 2014-02-25 What knowledge and skills do you need to practise effectively as a professional within the youth justice system What values should inform your work with children and young people subject to criminal justice sanctions These are the central questions addressed by the editors and contributors in this comprehensive new text The Youth Justice Handbook provides an essential resource for practitioners in youth justice as well as those who are studying the subject as part of their training or an academic course Its aim is to equip practitioners in youth justice and the wider children's workforce with an understanding of key theoretical concepts from a range of disciplines that might inform and enhance their work It encourages a critical interrogation of the ideas that underpin practice by drawing on social constructionist approaches to issues such as child development crime and punishment and related concepts It provides a descriptive account of current practice in areas such as community corrections and incarceration examining the evidence base for this and suggesting where appropriate alternative strategies The key objective of the Handbook is to provide students with the confidence to critically reflect on the ideas and debates that currently influence the work undertaken with young people as well as those that may shape practice in the future By equipping them with the basic skills of analysis and an understanding of key themes and developments it aims to further promote their progression as reflective practitioners and

autonomous learners The Youth Justice Handbook takes a multidisciplinary approach and contains chapters from leading experts in the field which draw on original research and practical experience of working in the area It is divided into five parts Contexts of childhood and youth Research knowledge and evidence in youth justice Policy possibilities and penal realities in youth justice Reflective practice Widening contexts **Youth Justice Handbook** Wayne Taylor,Rod Earle,Richard Hester,2014-02-25 What knowledge and skills do you need to practise effectively as a professional within the youth justice system What values should inform your work with children and young people subject to criminal justice sanctions These are the central questions addressed by the editors and contributors in this comprehensive new text The Youth Justice Handbook provides an essential resource for practitioners in youth justice as well as those who are studying the subject as part of their training or an academic course Its aim is to equip practitioners in youth justice and the wider children s workforce with an understanding of key theoretical concepts from a range of disciplines that might inform and enhance their work It encourages a critical interrogation of the ideas that underpin practice by drawing on social constructionist approaches to issues such as child development crime and punishment and related concepts It provides a descriptive account of current practice in areas such as community corrections and incarceration examining the evidence base for this and suggesting where appropriate alternative strategies The key objective of the Handbook is to provide students with the confidence to critically reflect on the ideas and debates that currently influence the work undertaken with young people as well as those that may shape practice in the future By equipping them with the basic skills of analysis and an understanding of key themes and developments it aims to further promote their progression as reflective practitioners and autonomous learners The Youth Justice Handbook takes a multidisciplinary approach and contains chapters from leading experts in the field which draw on original research and practical experience of working in the area It is divided into five parts Contexts of childhood and youth Research knowledge and evidence in youth justice Policy possibilities and penal realities in youth justice Reflective practice Widening contexts **International Handbook of Juvenile Justice** Josine Junger-Tas,Scott H. Decker,2010-06-28 This comprehensive reference work presents inside information on the Juvenile Justice systems in 19 different countries both in old and new EU member states and in the United States and Canada The book is the result of research conducted by a group of outstanding researchers who are concerned about trends in Juvenile Justice in the last two decades which blur the border between criminal and juvenile justice **Research Handbook on Youth Criminology** Greg Martin,Estrella Pearce,2025-07-15 This timely Handbook provides historical contemporary theoretical and methodological perspectives on youth criminology It explores cutting edge research on juvenile justice and youth governance and proposes directions for future research A Handbook for Evidence-Based Juvenile Justice Systems James C. Howell,Mark W. Lipsey,John J. Wilson,Megan Q. Howell,Nancy J. Hodges,2019-09-18 This revised edition features updated research new developments in technology and recent policy on juvenile delinquency and youth violence The authors underscore the

enormous payoff in targeting potential serious violent and chronic juvenile offenders at the earliest opportunity and provide a framework for evidence informed state juvenile justice systems the Comprehensive Strategy for Serious Violent and Chronic Juvenile Offenders This strategy recognizes first that a relatively small proportion of those who enter the juvenile justice system will prove to be serious violent or chronic offenders but that group accounts for a large proportion of overall delinquency Second this strategy builds on the fact that serious violent or chronic delinquency emerges along developmental pathways allowing earlier identification of juveniles most at risk for later serious offending A third component of this approach is effective intervention capable of reducing the recidivism of those juveniles most at risk for further delinquency This framework emphasizes an evidence based approach to reducing the recidivism of those juveniles most likely to reoffend from intake onward to probation community programs confinement and reentry

The ^AOxford Handbook of Juvenile Crime and Juvenile Justice Barry C. Feld, Donna M. Bishop, 2011-12-23 State of the art critical reviews of recent scholarship on the causes of juvenile delinquency juvenile justice system responses and public policies to prevent and reduce youth crime are brought together in a single volume authored by leading scholars and researchers in neuropsychology developmental and social psychology sociology history criminology criminal justice and law *The Oxford Handbook of Evidence-based Crime and Justice Policy* Brandon Welsh, Steven N. Zane, Daniel P. Mears, 2024 An evidence based approach to crime and justice policy can go a long way toward ensuring that the best available research is considered in decisions that bear on the public good However the term evidence based is characterized by a great deal of rhetoric Indeed there remains a marked disjuncture between calls for evidence based policy and an understanding of what it means for policy to be evidence based The calls for evidence based policy nonetheless provide a powerful foundation for propelling a movement toward bringing about rational cost effective and humane policies for the betterment of society This handbook showcases the state of research on evidence based crime and justice policy and the challenges that impede its creation and use The volume has three core objectives to promote new and productive ways to think about evidence based policy to demonstrate how research can contribute to and guide evidence based policy in juvenile justice criminal justice and alternatives to system responses and to identify strategies that can increase reliance on evidence based policy To meet these objectives each chapter is guided by several central questions What do we know about evidence based policy and practice in crime and justice How can we improve knowledge of evidence based policy and practice How can we promote more use of evidence based policy and practice Taken as a whole the volume emphasizes the critical need for policies that are grounded in high quality research that address critical research gaps and that fully acknowledge the limitations of what extant research can do to inform policy decisions

Student Handbook of Criminal Justice and Criminology John Muncie, 2013-02 It discusses crime and criminology in relation to the media race Islam gender and politics and considers all the relevant theoretical debates that dominate criminology Chapters on the police courts probation and prisons are included along with more theoretical chapters

regarding crime prevention youth justice and restorative and informal justice The Handbook also includes comparative materials and international criminal courts

Handbook of Crime Prevention and Community Safety Nick Tilley, 2013-05-13 This book provides a comprehensive authoritative and wide ranging account of the background theory and practice of crime prevention and community safety It will be essential reading for anybody with interests in these fields and will be the major work of reference on this subject for those engaged in the practice study or teaching of crime prevention The book provides a detailed overview of the main theories and perspectives informing crime prevention policy and practice and includes chapters covering efforts to address a number of the main types of crime problem It also includes chapters relating to research methodologies used in conducting and evaluating crime prevention initiatives

The SAGE Handbook of Social Work Mel Gray, James Midgley, Stephen A Webb, 2012-06-22 This Handbook is the world's first generic major reference work to provide an authoritative guide to the theory method and values of social work in one volume Drawn from an international field of excellence the contributors each offer a critical analysis of their individual area of expertise The result is this invaluable resource collection that not only reflects upon the condition of social work today but also looks to future developments Split into seven parts the Handbook investigates Policy dimensions Practice Perspectives Values and ethics The context of social work Research Future challenges It is essential reading for all students practitioners researchers and academics engaged in social work

The Palgrave Handbook of Australian and New Zealand Criminology, Crime and Justice Antje Deckert, Rick Sarre, 2017-11-03 This handbook engages key debates in Australian and New Zealand criminology over the last 50 years In six sections containing 56 original chapters leading researchers and practitioners investigate topics such as the history of criminology crime and justice data law reform gangs youth crime violent white collar and rural crime cybercrime terrorism sentencing Indigenous courts child witnesses and children of prisoners police complaints processes gun laws alcohol policies and criminal profiling Key sections highlight criminological theory and crucially Indigenous issues and perspectives on criminal justice Contributors examine the implications of past and current trends in official data collection crime policy and academic investigation to build up an understanding of under researched and emerging problem areas for future research An authoritative and comprehensive text this handbook constitutes a long awaited and necessary resource for dedicated academics public policy analysts and university students

Dictionary of Youth Justice Barry Goldson, 2013-06-17 This Dictionary explicitly addresses the historical legal theoretical organisational policy practice research and evidential contexts within which modern youth justice in the UK and beyond is located The entries cover a spectrum of theoretical orientations and conceptual perspectives and engage explicitly with the key statutory provisions and policy and practice imperatives within each of the three UK jurisdictions This book is a key resource for those teaching and studying under graduate and post graduate courses in criminology criminal justice sociology social policy law socio legal studies community justice social work youth and community work and police studies together with policy makers

managers and practitioners working within the youth justice sphere including staff training officers youth justice officers social workers probation officers police officers teachers and education workers health professionals youth workers drug and alcohol workers and juvenile secure estate staff The Dictionary of Youth Justice is designed to meet the needs of researchers policy makers managers practitioners and students begins with an introductory chapter that maps the key shifts in contemporary national and international youth justice systems contains over 300 alphabetically arranged entries written by almost 100 experts in the respective fields that explicitly address the core components of youth justice in England and Wales Northern Ireland and Scotland Provides specifically tailored recommended key texts and sources in respect of each entry is closely cross referenced and contains a detailed index to assist readers to make connections between and across entries includes a detailed Directory of Agencies that relate to youth justice in each of the three UK jurisdictions is compiled and edited by one of the UK s leading authorities in youth justice *Youth Justice and Child Protection* Malcolm Hill, Andrew Lockyer, Frederick H. Stone, 2007 This book is an examination of recent developments in the areas of youth justice and child protection It investigates how well young people and the societies in which they live are served by judicial and service systems Consideration is given to those in care in young offenders institutions foster families and residential homes as well as those living with their families A broad range of international experts discuss the largely segregated youth justice and children s legal and service systems in England and Wales other parts of Western Europe and the US and compare these with Scotland s integrated system The implications of these arrangements are considered for the rights of children and parents on the one hand and society on the other The contributors also provide insights into the rationale for current and proposed policies as well as the efficacy of different systems This book will be an important reference for policy makers social workers lawyers magistrates and equivalent decision makers health professionals carers and all those working in youth justice and child protection It is highly relevant for academics and students interested in children citizenship youth crime child welfare and state family relations **Values in Criminology and Community Justice** Cowburn, Malcolm, Duggan, Marian, Anne Robinson, Paul Senior, 2015-03-18 The stated values of criminologists policy makers and researchers don t always correspond with their responses to crime This collection parses the many different sides these professionals take on issues relating to victims and offenders punishment and protection and rights and responsibilities Drawing on empirical research crime theory and criminal justice practice the contributors explore such topics as the dynamics of race gender and age the workings of the criminal justice system the ethics of research and current debates about new criminological issues such as the green movement and Islamophobia *Restorative Policing* Lodewijk Gunther Moor, 2009 The focus of restorative policing is within a community oriented policing approach where the police have important tasks in rendering services to the population Traditional forms of penal treatment no longer satisfy entirely especially in relation to nuisances incivilities and petty crime Is the community police officer the simple registrator of events between victim and offender Can s he take the role of

mediator or can s he refer to external instances in the domain of mediation or to civil judges Do the police have their own restorative regulations and institutionalized practices and are they involved in mediation in penal matters In what ways do police officers contribute to informal restorative practices and conflict resolution in neighborhoods This book is about restorative policing practices and the place and role police forces can take in this kind of approach **Handbook of**

Probation Loraine Gelsthorpe,Rod Morgan,2013-05-13 This Handbook provides a comprehensive authoritative and up to date source of information and analysis about all aspects of the work of the Probation Service It takes full account of the many changes that the Probation Service has undergone over the last few years and is currently undergoing as probation becomes part of the broader National Offender Management Service Contributors to the book are drawn from leading academics and practitioners in the field drawing upon the best expertise available Running through the book is a concern with a range of key current issues such as addressing the diversity of offenders and creating effective links with other criminal justice agencies and it includes perspectives from both probation service staff and from offenders and victims This book is an essential text for practitioners trainees and students of probation and those studying it as part of a wider criminology or criminal justice course Youth Justice Nicola Carr,Roger Smith,2023-04-05 This textbook links theory to

policy and practice and takes a comparative international focus on current issues making it vital reading for any student of Youth Justice The authors draw on examples from Belgium Scandinavia Australia New Zealand and US as well as the UK and include both well founded research and their own personal practical experiences Comprehensive learning features include chapter objectives case studies with questions for reflection a glossary of key terms *Youth Justice* Stephen Case,2021-07-08 This book provides a comprehensive student friendly and critical introduction to youth justice in England and Wales offering a balanced evaluation of its development rationale nature and evidence base It explores the evolution of definitions and explanations of youth offending and examines the responses to it that constitute youth justice Bringing together theory policy and practice this book provides a balanced exposition of contemporary youth justice debates including detailed discussions of governmental rationales policy developments practical issues and an extensive evaluation of critical academic positions It includes a range of features designed to engage and inspire students Stop and think Activities challenging students to reflect on important issues Conversations Discussions of key themes and issues from the perspectives and experiences of relevant stakeholders including policy makers and activists Telling it like it is Testimonies giving voice to the personalised subjective and contentious viewpoints of youth justice influencers Controversies and debates Prompts to stimulate students to question and critique established knowledge and understanding by considering alternative angles Recurring theme alerts Boxes flagging recurring themes in the developing construction of youth offending and youth justice The new edition has been fully revised and updated and includes discussion of revised National Standards in Youth Justice the new Child First strategic objective for youth justice the trauma informed practice movement the impact of coronavirus on

children in the Youth Justice System and the continued impact of austerity on policy and practice This book is essential reading for students taking courses in youth justice youth offending youth crime youth work and social policy
