## Handful Of Manhood:

**Handful of Manhood B Special** Gaby Hauptmann, 2001-08 *Masculinities and Manhood in Contemporary Irish Drama* Cormac O'Brien, 2021-12-10 This book charts the journey in terms of both stasis and change that masculinities and manhood have made in Irish drama and by extension in the broader culture and society from the 1960s to the present. Examining a diverse corpus of drama and theatre events both mainstream and on the fringe this study critically elaborates a seismic shift in Irish masculinities. This book argues then that Irish manhood has shifted from embodying and enacting post colonial concerns of nationalism and national identity to performing models of masculinity that are driven and moulded by the political and cultural practices of neoliberal capitalism. *Masculinities and Manhood in Contemporary Irish Drama* charts this shift through chapters on performing masculinity in plays set in both the Irish Republic and Northern Ireland and through several chapters that focus on Women's and Queer drama. It thus takes its readers on a journey a journey that begins with an overtly patriarchal nationalist manhood that often made direct comment on the state of the nation and ultimately arrives at several arguably regressive forms of globalised masculinity which are couched in misaligned notions of individualism and free choice and that frequently perceive themselves as being in crisis. *Masculinity, Motherhood, and Mockery* Eric Kline Silverman, 2001 An important ethnographic analysis of motherhood in one Melanesian society.

**Revolutionary Masculinity and Racial Inequality** Bonnie A. Lucero, 2021-12-01 One of the most paradoxical aspects of Cuban history is the coexistence of national myths of racial harmony with lived experiences of racial inequality. Here a historian addresses this issue by examining the ways soldiers and politicians coded their discussions of race in ideas of masculinity during Cuba's transition from colony to republic. Cuban insurgents the author shows rarely mentioned race outright. Instead they often expressed their attitudes toward racial hierarchy through distinctly gendered language: revolutionary masculinity. By examining the relationship between historical experiences of race and discourses of masculinity Lucero advances understandings about how racial exclusion functioned in a supposedly raceless society. Revolutionary masculinity she shows outwardly reinforced the centrality of color blindness to Cuban ideals of manhood at the same time as it perpetuated exclusion of Cubans of African descent from positions of authority. *Men and Masculinities in Irish Cinema* D. Ging, 2012-12-03 Spanning a broad trajectory from the New Gaelic Man of post independence Ireland to the slick urban gangsters of contemporary productions this study traces a significant shift from idealistic images of Irish manhood to a much more diverse and gender politically ambiguous range of male identities on the Irish screen. **Whole Men** Kai Jensen, 1996 Kai Jensen takes a provocative look at masculinity in New Zealand literature. He argues that New Zealand writing around the Second World War was shaped by excitement about masculinity as a way of challenging society. Inspired partly by Marxism writers such as A R D Fairburn Denis Glover John Mulgan and Frank Sargeson linked national identity to the ordinary working man or soldier and attempted to merge artistic activity and manliness in a new ideal the whole man. This masculine

excitement forged a literary and intellectual culture which was powerful for thirty years and which discouraged women writers Jensen suggests that the aftermath of masculinism still influences the way New Zealand intellectuals see themselves and that the masculine tradition survives in the writing of Owen Marshall Sam Hunt Maurice Shadbolt and even Maurice Gee At the same time he argues that masculinism underwent a process of change after its high point in the 1940s Frank Sargeson's closeted homosexuality posed a complex problem for the masculine tradition and its historians and James K Baxter's symbolic Jungian poetry was also hard to reconcile with the idea that men's writing must be based on robust experience Yet Baxter prepared the masculine tradition for the 1960s and 1970s by renovating the whole man as bohemian lover *Whole Men* is not just about one literary movement but about how literary culture works and how New Zealand intellectuals construct their identities *Performing Masculinity in English University Drama, 1598-1636* Christopher Marlow, 2016-05-13

Referencing early modern English play texts alongside contemporary records accounts and statutes this study offers an overdue assessment of the relationship between the dramatic efforts of the universities and early modern male identity Taking into account the near single sex constitution of early modern universities the book argues that performances of university plays and student responses to them were key ways of exploring and shaping early modern masculinity Christopher Marlow shows how the plays dealt with their academic and social contexts and analyses their responses to competing versions of masculinity He also considers the implications of university authority and royal patronage for scholarly performances of masculinity the effect of the literary traditions of classical friendship and platonic love on academic representations of male behaviour and the relationship between university drama and masculine initiation rituals Including discussion of the Parnassus trilogy *Club Law* and works by Thomas Randolph William Cartwright John Milton and others this study shines new light on long neglected aspects of the golden age of English drama **New York** Fay Peirce, 1918

Manning the Race Marlon B. Ross, 2004-06 Explores how African American men have been marketed embodied and imaged for the purposes of racial advancement during the first half of the 20th C *Handful of Manhood B Book Club* Gaby Hauptmann, 2001-09-20 **The War on Common Sense** Conrad Riker, 101-01-01 Are you tired of the constant fear mongering from climate activists Do you feel like you're being manipulated by the media and governments You're not alone In this groundbreaking book author Conrad Riker exposes the hidden agendas behind the war on fossil fuels the push for net zero and the sinister goals of the globalist elite Discover the truth about green energy scams the depopulation agenda and the rise of cultural Marxism Here's what you'll find in *The War on Common Sense* 1 The shocking revelations about the climate alarmist hoax and how it's used as a ruse for power control and wealth redistribution 2 How the globalist elites are planning to dominate and enslave society through the Great Reset 3 The cold hard truth about the lies surrounding green energy and how it's hindering progress and skewing the markets 4 The sinister master plan to control the world's population through the depopulation agenda 5 The secret blueprint for a unified and controlled world in the form of the New World

Order 6 The shocking ways in which the climate ideology is reshaping society favoring control and surveillance over freedom

war on the traditional family structure and how cultural Marxism seeks to disempower and weaken men Don t let the climate  
cultists and globalists control your life If you want to stand up against their sinister agendas and reclaim your freedom then  
buy *The War on Common Sense* today      *Masculinities in Chinese History* Bret Hinsch,2013-08-30 *Masculinities in Chinese  
History* is the first historical survey of the many ways men have acted thought and behaved throughout China s long past  
Bret Hinsch introduces readers to the basic characteristics of historical Chinese masculinity while highlighting the dynamic  
changes in male identity over the centuries He covers the full span of Chinese history from the Zhou dynasty in distant  
antiquity up to the current era of disorienting rapid change Each chapter focused on a specific theme and period is organized  
to introduce key topics such as differences between the sexes and the mutual influence of ideas regarding manhood and  
womanhood masculine honor how masculine ideals change the use of high culture to bolster masculine reputation among the  
elite and male role models from the margins of society The author concludes by exploring how capitalism imperialism  
modernization revolution and reform have rapidly transformed ideas about what it means to be a man in contemporary China

**Grief, Madness, and Crises of Masculinity in Mind-Game Films** Rosalind Sibielski,2024-08-22 This book analyzes a  
cycle of early twenty first century mind game films and TV series in which male protagonists retreat into fantasies dreams or  
hallucinations as a means of coping with grief and guilt following the death of a loved one Discussing films like *Memento*  
*Inception* and *Shutter Island* alongside the TV series *Mr Robot* among others Rosalind Sibielski highlights how the  
construction of alternate realities allows the protagonists to work through bereavement and past trauma Sibielski also argues  
that as part of this process the protagonists not only find themselves questioning their memories and what they believe to be  
true about their identities but they are also forced to reevaluate who they are as men and the way that they define their  
manhood Finally *Grief Madness and Crises of Masculinity in Mind Game Films* examines these stories of intersecting crises of  
reality and crises of masculinity within the context of millennial culture wars in the US over the way that manhood is can be  
or should be enacted      *The British National Bibliography* Arthur James Wells,2000      *Political Masculinity* Susanne
