

# ANTH Chapter 7 – Gender

## Distinguishing Between Sex and Gender

- “Sex” refers to physical or biological differences.
- “Gender” refers to social roles associated with those differences

## The Cultural Construction of Gender

- We learn to be women and men through the cultural construction of gender.
- In the U.S., gender is typically learned along a binary framework of masculine and feminine, but this system has many shortcomings.
- A person with a gender identity that does not neatly fit into this binary may be described as transgender, trans, gender fluid, genderqueer, or gender nonconforming.
- The term “cisgender” draws attention to the power and privilege granted to those whose gender identity and performance correspond with their birth sex.

## Are gender roles universal?

- Margaret Mead carried out research in Papua New Guinea in the 1930s
- She found different behavior among men and women in different cultural settings
- Women were not always submissive, and men were not always aggressive
- Instead of being biologically determined, these traits appeared to be shaped by cultural expectations.

## The Cultural Construction of Gender

- In their 1996 study of co-ed T-ball, Landers and Fine found that coaches established a hierarchy of opportunity, training, and encouragement favoring boys over girls.
- Though women have started closing the performance gap with men in sports, inequality of opportunity persists along gender lines in sports culture.
- Dude, You’re a Fag (C.J. Pascoe, 2007)
- “Fag discourse” occurred almost exclusively among white male students at a suburban, working-class, racially diverse high school in north-central California.
- The word “fag” enforced the boundaries of masculinity, as it was not directed at gay students, but at boys who were not considered sufficiently masculine

## The Performance of Gender

- Judith Butler – Gender trouble (1990)
- We all “perform” gender in our daily lives
- Butler argues that gender is produced through these repeated performances
- Gender is not a fixed role, but an ongoing expression of identity through action.
- Matthew Gutmann found that in working-class Mexico, being a man did not correspond to a universal stereotype of machismo.
- Rather, masculinity was fluid and dependent on the situation.

experience and discussing direct references and allusions to the physicality of a pregnant body within these texts This approach uncovers ancient and current androcentric ideology which dictates that conception gestation and birth must be controlled not by the female body but by YHWH The Womb and the Simile of the Woman in Labor in the Hebrew Bible is of interest to students and scholars working on the Hebrew Bible gender in the Bible and the Near East more broadly and feminist biblical criticism *My Damage* Keith Morris, Jim Ruland, 2016-08-30 Hardcore punk memoir by Keith Morris ultimate punk rock frontman and founder of Black Flag the Circle Jerks and OFF Advances in Manufacturing Technology XXX Y.M. **Reading Job with St. Thomas Aquinas** Matthew Levering, Piotr Roszak, Jorgen Vijgen, 2020-04-24 Reading Job with St Thomas Aquinas is a scholarly contribution to Thomistic studies specifically to the study of Aquinas s biblical exegesis in relation to his philosophy and theology Each of the thirteen chapters has a different focus within the shared concentration of the book on Aquinas s Literal Exposition on Job The essays are arranged in three Parts Job and Sacra Doctrina Providence and Suffering and Job and the Moral Life Boyle s opening essay argues that Aquinas s commentary seeks to show what is required in the Magister namely Job and God for the effective communication of wisdom Mansini s essay argues that by speaking God reveals the virtue of Job and its value in God s providence without the personal revelation or speech of God Job

could not have known the value of his suffering Vijgen's essay explores the commentary's use of Aristotle for reflecting upon divine providence sorrow and anger resurrection and the new heavens and new earth Levering's essay explores the commentary's citations of the Gospel of John and argues that these pertain especially to divine speech and to light darkness Bonino's essay explains why divine incomprehensibility does not mean that Job is wrong to seek to understand God's ways Te Velde's essay explores how Aquinas's commentary draws upon the reasoning of his *Summa contra gentiles* with regard to the good order of the universe Goris's essay reflects upon how according to Aquinas's commentary sin is and is not related to suffering Knasas's essay argues that Aquinas does not hold that the resurrection of the body is a necessary philosophical corollary of the human desire for happiness Wawrykow's essay explores merit in relation to the connection between sin and punishment affliction as well as to the connection between good actions and flourishing Spezzano's essay shows that Job's hope and filial fear transform his suffering making him an exemplar of the consolation they provide to the just Mullady's essay reflects upon the moral problems and opportunities posed by the passions along with the ordering of the virtues to the reward of human happiness Flood's essay shows how Aquinas defends Job's possession of the qualities needed for true friendship including friendship with God such as patience delight in the presence of the friend and compassion Lastly Kromholtz's essay argues that although Aquinas's *Literal Exposition on Job* never extensively engages eschatology Aquinas depends throughout upon the reasonableness of hoping for the resurrection of the body and the final judgment
