*A History of the New Aviation* Brian Milton, 2024-07-11 An in depth narrative that stitches together the history and evolution of hang gliding a pastime enjoyed by hundreds of thousands around the world The New Aviation began with a hang gliding meeting on a sand dune in southern California on 23 May 1971 The longest flight that day was 196 feet the longest time in the air just 11 seconds But it was a start the start of a movement that has grown exponentially world wide with every passing year The essence of the New Aviation is to stand on a hill spread your wings and climb into the sky by your own skill It is the fundamentals of flight as it is meant to be and this is the story of the development of this exhilarating sport and of its largely unknown pioneers The first of these was German pioneer aviator Otto Lilienthal Despite dozens of deaths before him Lilienthal was the first to establish that manned flight was actually possible before him flight was just a dream His tragic death in 1896 inspired the American Wright Brothers Orville and Wilbur to their own experiments on a wind swept beach in Kittyhawk North Carolina where the first powered flight there on 17 December 1903 The book begins and ends with two significant tales opening with the life and death of Englishman Alvin Russell and ending with the fabled Swiss flyer Didier Favre who traversed the length of the Alps by foot or by flight It is full of terrific stories often repeating exploits of the mainstream aviators but flying just a kite and a trapeze bar flying with eagles and teaching orphaned geese to migrate It has exclusive accounts of record breaking distances on adding engines to rag wings on how women broke into the machismo world and an English girl led a team in which every other competitor was a man and beat them all A History of the New Aviation is the first in depth narrative to stitch together the history and evolution of a pastime which is enjoyed by hundreds of thousands around the world It is told by Brian Milton the man who formed the British Hang Gliding League and led the first two British teams to beat the mighty Americans for which he won the Prince of Wales Cup from Prince Charles now King Charles III Brian went on to make the first flight around the world by a powered hang glider Two men set off on this flight Brian returned alone
