Death Penalty in Colorado Michael Radelet,2017-01-15 In The History of the Death Penalty in Colorado noted death penalty scholar Michael Radelet chronicles the details of each capital punishment trial and execution that has taken place in Colorado since 1859 The book describes the debates and struggles that Coloradans have had over the use of the death penalty placing the cases of the 103 men whose sentences were carried out and 100 more who were never executed into the context of a gradual worldwide trend away from this form of punishment For more than 150 years Coloradans have been deeply divided about the death penalty with regular questions about whether it should be expanded restricted or eliminated It has twice been abolished but both times state lawmakers reinstated the contentious punitive measure Prison administrators have contributed to this debate with some refusing to participate in executions and some lending their voices to abolition efforts Colorado has also had a rich history of experimenting with execution methods first hanging prisoners in public and then starting in 1890 using the twitch up gallows for four decades In 1933 Colorado began using a gas chamber

and eventually moved to lethal injection in the 1990s Based on meticulous archival research in official state archives library records and multimedia sources **The History of the Death Penalty in Colorado** will inform the conversation on both sides of the issue anywhere the future of the death penalty is under debate **Crime, Justice and Retribution in the American West, 1850-1900** Jeremy Agnew,2017-04-11 Western movies are full of images of swaggering outlaws brought to justice by valiant lawmen shooting them down in daring gunfights before riding off into the sunset In reality it would not have happened that way Real lawmen did not simply walk away from a gunfight they had to face the legal system and justify shooting a civilian in the line of duty Providing a more realistic view of criminal justice in the Old West this history focuses on how criminals came into conflict with the law and how the law responded The process is described in detail from the common crimes of the day such as train robbery and cattle theft to the methods of apprehending criminals to their adjudication and punishment by incarceration flogging or hanging **Hang Him Twice** William W. Johnstone,J.A. Johnstone,2018-01-30 He was headed for a silver mine when they made him sheriff now the hapless gunslinger might be headed for an early grave in this Western series There are a lot of ways a man can end up on a wanted poster but no one s done it quite like Dooley Monahan On the trail west he stops a bear from making lunch of the legendary Buffalo Bill Cody In turn Cody grubstakes Dooley for the purchase of a silver mine in Leadville Colorado Dooley can t believe his good luck But when he guns down three deadly outlaws the grateful townsfolk pin a sheriff s badge on him And that s when Dooley s luck runs out Turns out there s a war going on between two rival gangs Stagecoaches are being robbed every other day and fingers are being pointed at Dooley himself There s a tradition here in these parts he discovers If a sheriff s no good they hang him And if the next one s no better they hang him twice *Death and Danger on the Western Frontier* Jeremy Agnew,2025-07-07 In modern times men and women in America expect to lead long and fruitful lives In the second half of the nineteenth century in the Old West contrary to what the rose colored glasses of nostalgia and popular media suggest daily existence was harsh and filled with perils that dimmed the outlook for a long lifetime This history chronicles some of the dangers accidents shootouts fires natural disasters disease and more that cut lives short on the Western frontier Thoroughly illustrated and carefully researched it presents the gritty truth about what life was really like in the Old West hazardous unforgiving and deadly
