Hangmen Of England:

The Hangmen of England Horace Bleackley,1929 *Hangmen of England* Brian J. Bailey,1992 *Hangmen of England* Brian J. Bailey,1989 The hangmen of England Horace Bleackley,1976 **Britain's Most Notorious Hangmen** Stephen Wade,2009-07-16 A breathtaking history of Britain's executioners from the seventeenth court of King Charles II to the UK's last official hangman of the twentieth century In 1663 Jack Ketch delighted in his profession and gained notoriety not only because of those he executed dukes and lords but for how often he botched the job Centuries later in 1965 after nearly six hundred trips to the gallows Albert Pierrepoint retired as Britain's longest running executioner Between them are three hundred years in a fascinating history of crime and the turn of men who handled the penalties many of them criminals themselves doing the grim work to save their own necks Britain's Most Notorious Hangmen tells the stories of the men who plied their deadly trade at Tyburn tree or at the scaffolds in the prison yards across the country including such notable neck stretchers as Throttler Smith and the celebrated James Billington But true crime historian Stephen Wade explores the lives and crimes of many of the infamous killers that were hanged as well He also sheds light on the changing social norms of the country and the moral dilemmas that arose for hangmen tasked with performing what was once considered the most crowd pleasing free entertainment ever offered to the public **The Hangmen of England. How They Hanged and Whom They Hanged, Etc. [With Plates, Including Portraits.]** Horace William BLEACKLEY,1929 *English Local Prisons, 1860-1900* Sean McConville,Professor Sean McConville,2018-10-24 The local prisons of the latter half of the nineteenth century refined systems of punishment so harsh that one judge considered the maximum penalty of two years local imprisonment to be the most severe punishment known to English law next only to death This work examines how private perceptions and concerns became public policy It also traces the move in English government from the rural and aristocratic to the urban and more democratic It follows the rise of the powerful elite of the higher civil service describes some of the forces that attempted to oppose it and provides a window through which to view the process of state formation The Spectacle of Suffering Petrus Cornelis Spierenburg,1984-10-18 Pieter Spierenburg traces the long period of evolution that gave rise to the modern debate about punishment and relates it to the development of Western European society

Hooligans, Harlots, and Hangmen David Taylor,2010-02-09 This detailed study of the criminal justice system in Victorian Britain highlights the dilemmas facing those responsible for administering justice and protecting society from the criminal Encompassing the crimes of the never identified Jack the Ripper as well as many other equally intriguing criminals Hooligans Harlots and Hangmen Crime and Punishment in Victorian Britain is a detailed study of the criminal justice system as it evolved from the accession of Queen Victoria in 1837 to the outbreak of the Great War in 1914 The first section of the book considers crimes and criminals while the second looks at the ways in which the Victorians sought to explain this deviant behavior The third section focuses on the creation of criminals through the work of the constabulary and the courts The final

section considers the changing ways in which criminals were punished as the scaffold gave way to the prison as the dominant means of punishment A brief introduction and conclusion set Victorian crime into its broader sociopolitical context and relates the issues society grappled with then to those of the present day Lord High Executioner Howard Engel,2016-03-01 A grisly tour of hangings electrocutions beheadings and other state sanctioned deaths that are part of the long history of the death penalty In Lord High Executioner award winning writer Howard Engel traces the traditions of capital punishment from medieval England and early Canada to the present day United States Throughout civilized history executioners employed on behalf of the kingdom republic or dictatorship have beheaded chopped stabbed choked gassed electrocuted or beaten criminals to death and Engel doesn't shy away from the gritty details of the executioner's lifestyle focusing on the paragons buffoons and sadists of the dark profession Packed with all too true stories from hapless hangings to butchered beheadings this historically accurate look at the executioner's gruesome work makes for a thoroughly gripping read London: The Executioner's City David Brandon,Alan Brooke,2022-06-30 Tyburn Fields is the best known site of execution in London but London may be aptly named the executioner's city so many were the places where executions could and did occur This book reveals the capital as a place where the bodies of criminals defined the boundaries of the city and heads on poles greeted patrons on London Bridge **A Very English Hangman** Leonora Klein,2006 Albert Pierrepoint was the man who hanged Ruth Ellis Lord Haw Haw Derek Bentley and the Belsen Nazi war criminals For him hanging was a remote and skilled mystery a sacred craft but one that would be abolished in his lifetime The story of his life is a fascinating insight into the changing face of Britain in the 20th century **The Executioners Bible** Steve Fielding,2008-11-12 The Executioner's Bible tells the story of these working class men who carried out this gruesome profession until its abolition in the late 1960's Despite often being unassuming and quiet professionals men like Albert Pierrepoint William Billington and many other Chief and Assistant executioners made a name for themselves in a world hungry for salacious and gruesome news Read about the bungling hangmen sacked for incompetence drunken executioners dismissed for brawling one hangman driven to suicide and another who got out just in time to pull the lever at the height of the swinging sixties They were the last of their kind the hangmen of the 20th Century And this is their fascinating sometimes repugnant always enthralling story The secrets of over six controversial decades of capital punishment are finally revealed **The Hangmen of England: how They Hanged and Whom They Hanged** Horace William Bleackley,1929 **Yorkshire Hangmen** Stephen Wade,2020-01-31 The history and mythology of hangmen in Yorkshire an account of crime and punishment in England from the eighteenth century to the twentieth century From the eighteenth century York was one of the places employing its own hangmen copying London and Newgate even to the use of the word Tyburn to define it's Knavesmire gallows also known as the three legged mare That was where highwayman Dick Turpin met his fate Later in the Victorian period Armley Gaol in Leeds also became a hanging prison the site of the death of the notorious killer Charlie Peace The tales

of the villains and the victims are well documented but author Stephen Wade also provides us with the stories of both Yorkshire born hangmen and others who worked in Leeds Hull or Wakefield For the first time Yorkshire s Hangmen brings together the tales of the lives and professional careers of these men some famous others long forgotten who held a morbid fascination for the public Their trade was mysterious revolting and yet justified by many famous criminals in English history The book includes accounts of killers spies and traitors meeting their doom but also tells something of the personalities of the hangmen and of their moral dilemmas as they had to hang women and young people as well as hardened villains Many of the executioners suffered terrible depression some took their own lives and others such as the famous Albert Pierrepoint even questioned their work in later life A must read for lovers of historical non fiction and true crime **Capital Punishment**

Bruce E. R. Thompson,2009-06-25 This volume provides an abundance of information on the history of capital punishment and ongoing opposition to it Author Bruce E R Thompson includes narratives on well known figures on both sides of the issue Various methods of execution are explained and their use placed in historical context Legal terminology important to the debate is defined and explained *The Executioner Always Chops Twice* Geoffrey Abbott,2004-04-03 A morbidly fascinating

mixture of bungled executions strange last requests and classic final one liners from medieval times to the present day Sometimes it s hard to be an executioner trying to keep someone from popping up to make a quip when they should have spectacularly sunk without a trace Or to be told that the condemned to the guillotine won t have a last drink for fear of completely losing his head The business of death can be absurd and nothing illustrates this better than these tales of the gruesome and frankly ridiculous ways in which a number of ill fated unfortunates met or failed to meet their maker Did you know When Sir Thomas More was ordered to position his head on the block he said though you have warrant to cut off my head you have none to cut off my beard When the guillotine took three strokes to sever the neck of Isabeau Herman the mob attempted to stone the executioner to death for cruelty After the English hanged the pirate Captain Kidd they chained his body to a stake on the Thames River as a warning to seafarers From the strange to the gruesome from the weird to the completely unbelievable *The Executioner Always Chops Twice* is popular history at its best witty lively and wonderfully bizarre

Execution, State and Society in England, 1660-1900 Simon Devereaux,2023-10-26 This book provides the first comprehensive account of execution practices in England and their extraordinary transformation from 1660 to 1900 Agonizing execution rituals were once common Male traitors were hanged disembowelled while still alive then decapitated and quartered Female traitors were burned alive And common criminals slowly choked to death beneath wooden crossbeams erected at the margins of towns Some of their bodies were either left to rot on roadside gibbets or dissected by anatomy instructors Two centuries later only murderers and traitors were executed both by hanging and they died alone usually quickly and behind prison walls In this major contribution to the history of crime and punishment in England Simon Devereaux reveals how urban growth and the unique public culture it produced challenged and largely displaced those

traditional elites who valued the old Bloody Code as an instrument of their rule *Pierrepont* Steve Fielding, 2008-07-07

Between them the three men in the fearsome Pierrepont dynasty executed over 800 people during a career spanning more than half a century Henry his brother Thomas and his son Albert dispatched some of the most infamous criminals of the 20th century and in the process earned a public notoriety that followed them throughout their eventful lives For years the three men were faced with the task prestigious to some horrific to many others of being the last point of contact for the guilty and condemned The Pierreponts executed criminals the nation over before travelling to many countries including Egypt and postwar Germany where they hanged Nazi war criminals and gained a reputation as the world's most deadly practitioners of the art of hanging *Pierrepont A Family of Executioners* recounts the intriguing stories of the three men and the effect that their macabre occupation had on their personal lives This definitive guide is filled with shocking inside tales from the official records and diaries kept by the Pierrepont family With revealing insights into the intense rivalry between fellow executioners new light is shed on the menacing world of years gone by *The Spectator* , 1929
