Ethics and Governance Patrick K. Kalifungwa, 2025-08-12 As the title suggests The Right and the Good is about rightness goodness and their relation to each other Ross W D 2002 Rightness is a property of acts while goodness concerns various kinds of things According to Ross there are certain features that both have in common they are real properties they are indefinable pluralistic and knowable through intuition Skelton Anthony 2012 Central to rightness are prima facie duties for example the duty to keep one's promises or to refrain from harming others Simpson David L William David Ross 2021 of special interest for understanding goodness is intrinsic value what is good in itself Ross ascribes intrinsic value to pleasure knowledge virtue and justice Skelton Anthony 2012 It is easy to confuse rightness and goodness in the case of moral goodness An act is right if it conforms to the agent's absolute duty Ross W D 2002 Doing the act for the appropriate motive is not important for rightness but it is central for moral goodness or virtue Burgh W G de 193 Ross uses these considerations to point out the flaws in other ethical theories for example in G E Moore's ideal utilitarianism or in Immanuel Kant's deontology Ross defends a realist position about morality the moral order expressed in prima facie duties is just as real as the spatial or numerical structure expressed in the axioms of geometry or arithmetic Ross W D 2002 Furthermore the terms right and good are indefinable Skelton Anthony 2012 This means that various naturalistic theories trying to define good in terms of desire or right in terms of producing the most pleasure fail
