HISTORY The earliest extant Japanese record is a work entitled Kojiki or book of ancient traditions It treats of the creation the gods and goddesses of the mythological period and gives the history of the Mikados from the accession of Jimmu year 1 660 B C to 1288 of the Japanese year It was supposed to date from the first half of the eighth century and another work Nihonghi a little later also treats of the mythological period It abounds in traces of

Chinese influence and in a measure supersedes the Kojiki These are the oldest books in the language They are the chief exponents of the Shinto faith and form the bases of many commentaries and subsequent works **Handbook of Universal Literature from the Best and Latest Authorities** Anne Lynch Botta,2015-12-03 Handbook of Universal Literature From The Best and Latest Authorities from Anne Lynch Botta American poet writer teacher and socialite whose home was the central gathering place of the literary elite of her era 1815 1891 *Handbook of Universal Literature* Anne C. Lynch Botta,2017-08-29 This work was begun many years ago as a literary exercise to meet the personal requirements of the writer which were such as most persons experience on leaving school and completing their education as the phrase is The world of literature lies before them but where to begin what course of study to pursue in order best to comprehend it are the problems which present themselves to the bewildered questioner who finds himself in a position not unlike that of a traveler suddenly set down in an unknown country without guide book or map The most natural course under such circumstances would be to begin at the beginning and take a rapid survey of the entire field of literature arriving at its details through this general view But as this could be accomplished only by subjecting each individual to a severe and protracted course of systematic study the idea was conceived of obviating this necessity to some extent by embodying the results of such a course in the form of the following work which after being long laid aside is now at length completed In conformity with this design standard books have been condensed with no alterations except such as were required to give unity to the whole work and in some instances a few additions have been made Where standard works have not been found the sketches have been made from the best sources of information and submitted to the criticism of able scholars **Hand-book of Universal Literature** ...
