## **Handbook On Firesetting In Children And Youth:**

*Handbook on Firesetting in Children and Youth* David J. Kolko, 2002-06-26 In recent years much research has been conducted on why young people start fires inappropriately but more crucially on how to keep them from doing so Psychologists fire prevention specialists and investigators from around the US share what has been learned about identifying those who set fires and programs for deterring them Annotation c Book News Inc Portland

**Handbook on Firesetting in Children and Youth** David J. Kolko, 2002-08-02 This text reference provides state of the art information on juvenile firesetters and reviews the current research on youthful firesetters and arsonists The work illustrates methods of fire scene investigation and assessment relating to child parent and family factors This information is then used to prescribe interventions with the individual along with community wide programs The work also provides current information on fire safety education and curricula with explicit training materials Finally the book addresses the need for residential treatment centers and training schools on methods for handling firesetting youth and maintaining a fire safe environment Presents a multidisciplinary approach Describes and illustrates current tools and techniques Includes materials encouraging both fire safety and mental health intervention Contributors are nationally known experts in their field Covers a full range of topics content has both depth and breadth

**Assessment and Intervention with Children and Adolescents Who Misuse Fire** David J. Kolko, Eric M. Vernberg, 2017-04-10 Assessment and Intervention with Children and Adolescents Who Misuse Fire presents practical guidelines to facilitate the clinical assessment and treatment of youth firesetting Based on nearly four decades of research and intervention experience the treatment is directed toward reducing any inappropriate involvement in fire or related activities in order to lower the risk for property damage personal injury and other adverse consequences associated with these behaviors

Lewis's Child and Adolescent Psychiatry Andrés Martin, Fred R. Volkmar, Melvin Lewis, 2007 Established for fifteen years as the standard work in the field Melvin Lewis's Child and Adolescent Psychiatry A Comprehensive Textbook is now in its Fourth Edition Under the editorial direction of Andrés Martin and Fred R Volkmar two of Dr Lewis's colleagues at the world renowned Yale Child Study Center this classic text emphasizes the relationship between basic science and clinical research and integrates scientific principles with the realities of drug interactions This edition has been reorganized into a more compact clinically relevant book and completely updated with two thirds new contributing authors The new structure incorporates economics diversity and a heavy focus on evidence based practice Numerous new chapters include genetics research methodology and statistics and the continuum of care and location specific interventions A companion Website provides instant access to the complete fully searchable text

**Encyclopedia of Adolescence** Roger J.R. Levesque, 2011-09-05 The Encyclopedia of Adolescence breaks new ground as an important central resource for the study of adolescence Comprehensive in breadth and textbook in depth the Encyclopedia of Adolescence with entries presented in easy to access A to Z format serves as a reference repository of knowledge in the field as well as a frequently updated

conduit of new knowledge long before such information trickles down from research to standard textbooks By making full use of Springer's print and online flexibility the Encyclopedia is at the forefront of efforts to advance the field by pushing and creating new boundaries and areas of study that further our understanding of adolescents and their place in society Substantively the Encyclopedia draws from four major areas of research relating to adolescence The first broad area includes research relating to Self Identity and Development in Adolescence This area covers research relating to identity from early adolescence through emerging adulthood basic aspects of development e g biological cognitive social and foundational developmental theories In addition this area focuses on various types of identity gender sexual civic moral political racial spiritual religious and so forth The second broad area centers on Adolescents Social and Personal Relationships This area of research examines the nature and influence of a variety of important relationships including family peer friends sexual and romantic as well as significant nonparental adults The third area examines Adolescents in Social Institutions This area of research centers on the influence and nature of important institutions that serve as the socializing contexts for adolescents These major institutions include schools religious groups justice systems medical fields cultural contexts media legal systems economic structures and youth organizations Adolescent Mental Health constitutes the last major area of research This broad area of research focuses on the wide variety of human thoughts actions and behaviors relating to mental health from psychopathology to thriving Major topic examples include deviance violence crime pathology DSM normalcy risk victimization disabilities flow and positive youth development

The Psychology of Arson Rebekah Doley, Geoffrey Dickens, Theresa Gannon, 2015-08-14 The Psychology of Arson is the first book in its field to focus specifically on contemporary topics relevant to practitioners and professionals working with adolescent and adult deliberate firesetters Rebekah Doley Geoffrey Dickens and Theresa Gannon have integrated the very latest information regarding prevalence theory research and practice in one accessible resource and provide practical advice strategies and techniques in a context of evidence based research which will be invaluable for all treatment providers who work in the field of deliberate fire setting Unique features of this book include chapters considering community awareness strategies survivors of arson filicide and suicide by fire as well as a new treatment model developed on the basis of the latest research in the field It is divided into four parts Theories and typologies of firesetting Legal investigative and preventative issues Assessment and risk assessment of deliberate firesetters Treatment needs and management of deliberate firesetters The Psychology of Arson provides the first scientist practitioner model for the treatment of arson offenders It will be an essential resource for forensic psychiatrists clinical psychologists and other professionals working with this client group

Translating Psychological Research Into Practice Lisa R. Grossman, Steven Walfish, PhD, 2013-11-15 It is refreshing to see both a researcher's and a clinician's viewpoint The case examples in the clinician sections are great learning tools This is a wonderful reference for both new therapists and seasoned veterans Researchers also will learn how clinicians use theories in the real world Score 92 4 Stars

Doody's Medical Reviews The format whereby the evidence for efficacy of psychological interventions for the problem in question is reviewed by an expert followed by a clinician presenting a case where these treatments were actually utilized and the real life problems one runs up against in the course of treatment is innovative enough But then to repeat this for 65 different problems in a manageable and succinct format represents a true integration of science and practice in a way that will move us forward David H Barlow PhD ABPP Center for Anxiety and Related Disorders Boston University It is only through the development of true partnerships between researchers and clinicians that mental health treatment can achieve an optimal level of success This highly accessible desk reference will assist clinicians in easily incorporating findings from current evidence based research into their day to day practice It bridges the gap between empirical research and the needs of practicing clinicians and clinicians in training The guide brings together respected researchers and clinicians to discuss approaches to treating over 60 problem areas for adults adolescents and children It provides concise easily digestible summaries of the most current evidence based research regarding interventions for many of the most common clinical disorders and mental health issues encountered in everyday clinical practice These summaries present research that has been translated by experienced clinicians into practical applications that can be easily incorporated in therapeutic practice Research coverage of each problem area includes Brief description Incidence prevalence data Summary findings of best practices for treatment Suggestions for research directions Key references for further consultation The corresponding clinical application includes Response to the research summary Case example that applies the evidence based research to clinical practice Identification of challenges and cultural considerations in applying these interventions Suggestions for future research Key references By presenting the perspectives of the mental health researcher and clinician side by side this reference facilitates an important dialogue that narrows the gap between research and practice and ultimately fosters better mental health outcomes for clients Key Features Covers over 60 of the most frequently encountered disorders and issues for both adult and pediatric clients that mental health clinicians face today Brings together leading researchers and clinicians to discuss their approaches to treating a clinical problem area Summarizes the current research on treatments in each problem area Interprets research for clinicians offering practice wisdom that helps them become more effective evidence based practitioners

**Adult Deliberate Firesetting** Theresa A. Gannon, Nichola Tyler, Caoilte Ó Ciardha, Emma Alleyne, 2022-04-11 ADULT DELIBERATE FIRESETTING Explore the theoretical foundations of and discover effective treatment options for adults who deliberately set fires In Adult Deliberate Firesetting Theory Assessment and Treatment a team of distinguished researchers deliver a comprehensive exploration of individuals who intentionally set fires The book covers major theories on the motivations and processes involved in firesetting as well as the assessment and treatment of patients and clients who demonstrate this behaviour The treatment portion of the book focuses on a strengths based rehabilitative approach that rests on the assumption that criminogenic and human needs are inextricably intertwined

Readers will find common challenges faced by practitioners in recruiting and facilitating group based treatment for people who have set fires Readers will also benefit from the inclusion of A thorough introduction to deliberate firesetting including its definitions terms and labels Comprehensive explorations of the key characteristics and clinical features of people who deliberately set fires Practical discussions of theories of deliberate firesetting including effective psychological theory and typological explanations of firesettings In depth examinations of best practice risk assessments in defendants and patients who deliberately set fires Perfect for psychology researchers and practitioners Adult Deliberate Firesetting Theory Assessment and Treatment will also earn a place in the libraries of psychiatrists forensic psychologists social workers and others involved in the assessment and treatment of adults      **Firesetting and Mental Health** Geoffrey L. Dickins, Philip A.

Sugarman, Teresa A. Gannon, 2012-02 This book provides a comprehensive look at the issue of firesetting by people with mental disorder      **Child Behavioral and Parenting Challenges for Advanced Practice Nurses** Mary E.

Muscari, 2016-06-06 Delivers the most comprehensive information available for APNs on dealing with child behavioral and parenting challenges Front line nurse practitioners are increasingly required to assess identify manage and refer the complex and often significant childhood behavioral challenges occurring among children and adolescents This authoritative and comprehensive behavior management reference provides nursing health care providers and students with the evidence based information and strategies they need to identify and appropriately intervene with such behavioral challenges and to assist parents in dealing appropriately and effectively with their child In an accessible and easy to read format the text examines the primary health care professional s role in screening behavioral issues identifies a great variety of problems they are likely to encounter and educates the provider on how to assess difficult and challenging behaviors Each problem is consistently organized to include a description assessment diagnosis levels of prevention intervention primary secondary and tertiary strategies for dealing with the behavior and additional resources Not only does the book provide a clear indication of when and how to refer the youth to the appropriate mental health professional or other specialist but delineates strategies for what to do while awaiting referral and how to maintain a primary care role during the psychiatric intervention process Important legal issues are addressed along with protocols that are accepted by health care and legal agencies The text also provides an overview of the integration of behavioral health into primary care along with EBP guidelines and parent teaching guides Key Features Provides APNs with the basic foundations to understand identify and manage significant behavioral challenges of childhood Examines the primary care health care professional s role in working with these issues Delivers evidence based information and strategies for assessment and intervention Provides clear indication of when and how to refer to appropriate mental health professional or other specialist Addresses protocols to follow that are accepted by the health care and legal population      *Identifying Juvenile Firesetters* Arthur Mastrangelo, 2013-07 Juvenile firesetting is a complex and dangerous problem According to the National Fire Protection Association NFPA between 2005 and 2009

juvenile firesetters were responsible on average for 56 300 fires annually and according to the Federal Bureau of Investigation over the past twenty years more than half of juvenile arrests have been for arson The Federal Emergency Management Agency s FEMA Juvenile Firesetter Intervention Handbook provides risk assessment tools to assess future firesetting involvement The fire service because of its role in fire suppression and investigation is often the initial contact for these juveniles This study examined the characteristics operations and utility of the Handbook s assessment instruments Findings were that while programs operate according to FEMA s guidelines fewer than half utilized FEMA s assessment instruments

Gabbard's Treatments of Psychiatric Disorders, Fifth Edition Glen O. Gabbard, M.D., 2014-05-05 The definitive treatment textbook in psychiatry this fifth edition of Gabbard s Treatments of Psychiatric Disorders has been thoroughly restructured to reflect the new DSM 5 categories preserving its value as a state of the art resource and increasing its utility in the field The editors have produced a volume that is both comprehensive and concise meeting the needs of clinicians who prefer a single user friendly volume In the service of brevity the book focuses on treatment over diagnostic considerations and addresses both empirically validated treatments and accumulated clinical wisdom where research is lacking Noteworthy features include the following Content is organized according to DSM 5 categories to make for rapid retrieval of relevant treatment information for the busy clinician Outcome studies and expert opinion are presented in an accessible way to help the clinician know what treatment to use for which disorder and how to tailor the treatment to the patient Content is restricted to the major psychiatric conditions seen in clinical practice while leaving out less common conditions and those that have limited outcome research related to the disorder resulting in a more streamlined and affordable text Chapters are meticulously referenced and include dozens of tables figures and other illustrative features that enhance comprehension and recall An authoritative resource for psychiatrists psychologists and psychiatric nurses and an outstanding reference for students in the mental health professions Gabbard s Treatments of Psychiatric Disorders Fifth Edition will prove indispensable to clinicians seeking to provide excellent care while transitioning to a DSM 5 world

**Different Crimes, Different Criminals** Doris Layton MacKenzie, Lauren O'Neill, Wendy Povitsky, Summer Acevedo, 2014-09-25 This book focuses on the importance of incorporating both sociological and psychological viewpoints in the understanding of criminal behavior It identifies and explains emerging criminal offenders within the criminal justice system examining the individual differences that make different types of offenders unique

*Young People in Forensic Mental Health Settings* Joel Harvey, Andrew Rogers, Heather Law, 2015-08-17 Youth crime and youth violence blights our communities and shapes the lives of many whether they are victims perpetrators or family members This book examines the application of psychological thinking and practice when working with young people who display high risk behaviours across a broad range of forensic mental health settings in the UK It provides an up to date account of current thinking and practice in the field and the challenges of applying effective psychological approaches within forensic settings for young people The

contributors to Young People in Forensic Mental Health Settings are drawn from a range of environments including universities youth offending services secure in patient settings young offender institutions Community Forensic Child and Adolescent Mental Health Services F CAMHS and secure children's homes This volume serves as an important platform for debate and as a forum for discussing the future delivery of psychologically informed services intervention and mental health provision with young people who display high risk behaviours

**Assessing and Managing Violence Risk in Juveniles** Randy Borum, David Allan Verhaagen, 2006-08-01 Highly practical and accessible this is an indispensable resource for any mental health practitioner working with youth at risk for violent behavior Presented is a comprehensive framework for evaluating juveniles in the justice system or those whose behavior in school therapy sessions or other contexts raises concern about violence Detailed case examples illustrate the authors scientifically grounded approach to selecting appropriate instruments analyzing and communicating assessment results and designing effective interventions Special problems addressed include bullying sexual aggression fire setting and homicide The book also examines the development of aggressive conduct problems and their connections to other emotional and behavioral disorders

**Behavioral and Emotional Disorders in Adolescents** David A. Wolfe, Eric J. Mash, 2013-12-09 Systematic authoritative and timely this is an outstanding reference and text for anyone working with or studying adolescents More than 50 leading experts comprehensively review current knowledge on adolescent externalizing disorders internalizing disorders developmental disorders personality and health related disorders gender identity and sexual disorders and maltreatment and trauma Chapters identify the core features of each disorder explore its etiology course and outcome address diagnostic issues specific to adolescents and describe effective assessment and treatment approaches The book also provides an integrative conceptual framework for understanding both healthy and maladaptive adolescent development

**Encyclopedia of Clinical Child and Pediatric Psychology** Thomas H. Ollendick, Carolyn S. Schroeder, 2012-12-06 The Encyclopedia of Clinical Child and Pediatric children adolescents and their families with a focus on Psychology is intended to be an authoritative and comprehensive understanding preventing diagnosing and treating psychological cognitive emotional developmental comprehensive resource that provides up to date information on a broad array of problems and issues related to behavioral and family problems of children Of particular children adolescents and their families as defined by their importance to clinical child psychologists is an the fields of clinical child and pediatric psychology It is understanding of the basic psychological needs of children and the social contexts that influence child designed to be of particular interest and use to laypersons parents and grandparents and undergraduate and development and adjustment Thus typical and atypical graduate students in training as well as diverse medical development and the impact of life stresses are of interest and mental health professionals who live with and or concern for the clinical child psychologist work with young persons but who have limited information The specialty of pediatric psychology like clinical information on a particular topic Inasmuch as the scope of child psychology is interested in the

psychological needs clinical child and pediatric psychology is extensive a of children but the focus is on the psychosocial aspects range of topics is included that cover typical and atyp of illness      **Selecting Effective Treatments** Lourie W. Reichenberg,Linda Seligman,2016-01-06 The bestselling treatment guide updated to reflect changes to the DSM 5 Selecting Effective Treatmentsprovides a comprehensive resource for clinicians seeking to understand the symptoms and dynamics of mental disorders in order to provide a range of treatment options based on empirically effective approaches This new fifth edition has been updated to align with the latest changes to the DSM 5 and covers the latest research to help you draw upon your own therapeutic preferences while constructing an evidence based treatment plan Organized for quick navigation each disorder is detailed following the same format that covers a description characteristics assessment tools effective treatment options and prognosis including the type of therapy that is likely to be most successful treating each specific disorder Updated case studies treatments and references clarify the latest DSM 5 diagnostic criteria and the concise jargon free style makes this resource valuable to practitioners students and lay people alike Planning treatment can be the most complicated part of a clinician s job Mental disorders can be complex and keeping up with the latest findings and treatment options can itself be a full time job Selecting Effective Treatments helps simplify and organize the treatment planning process by putting critical information and useful planning strategies at your fingertips Get up to speed on the latest changes to the DSM 5 Conduct evidence based treatment suited to your therapeutic style Construct Client Maps to flesh out comprehensive treatment plans Utilize assessment methods that reflect the changes to the DSM 5 multiaxial system Effective treatment begins with strategic planning and it s important to match the intervention to your own strengths preferences and style as much as to the client s needs Selecting Effective Treatments gives you the latest information and crucial background you need to provide the evidence backed interventions your clients deserve      *Handbook on Crime* Fiona Brookman,Mike Maguire,Harriet Pierpoint,Trevor Bennett,2010-02 This comprehensive edited volume contains analysis and explanation of the nature extent patterns and causes of over 40 different forms of crime in each case drawing attention to key contemporary debates and social and criminal justice responses      **Feeling the heat: International perspectives on the prevention of wildfire ignition** Janet Stanley,Alan March,James Ogloff,Jason Thompson,2020-09-01 In the context of climate change world population growth and crashing ecological systems wildfire is often a catastrophic and traumatic event Its impact can include loss of life life changing injuries long term psychological stress increases in domestic violence destruction of properties business and livestock long term housing insecurity increased insurance premiums fire fighting legal and health costs as well as significant changes and species losses in the natural environment In Australia an average of 4 500 wildfires occur weekly Yet how to prevent these wildfires 85% of which are caused by human activities has received extraordinarily little attention The current approach to the prevention of arson can be summarised as small in scale uncoordinated and rarely evaluated Feeling the heat International perspectives on the prevention of wildfire ignition is the culmination of over a decade of

research into wildfires and arson taking an interdisciplinary approach to comprehensively understand the topic This book reviews current international knowledge and presents new findings on political spatial psychological socio ecological and socio economic risk factors It argues that if we are to reverse the increasing occurrence and severity of wildfires all prevention approaches must be utilised broadening from heavy reliance on environmental modification Such prevention measures range from the critical importance of reducing greenhouse gases to addressing the psychological and socio economic drivers of arson In particular it calls for a coordinated and collaborative approach across sectors including place based state and country coordination as well as an international body It will hold appeal for researchers and students from a range of disciplines and interests government planners and policymakers emergency services counsellors and NGOs and those in agriculture and forestry

## **Handbook On Firesetting In Children And Youth** Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has are more evident than ever. They have the capability to inspire, provoke, and ignite change.
