S. History, Up-to-date William Jeremiah Savage, 1920 *History* John Higham, Leonard Krieger, Felix Gilbert, 2016-04-14 This book originally published in 1977 is a survey of European historiography from its origins in the historians of Greece and Rome through the annalists and chroniclers of the middle ages to the historians of the late eighteenth century The author concentrates on those writers whose works fit into a specific category of writing or who have influence the course of later historical writing though he does deal with some of the more specialist forms of medieval historiography such as the crusading writers and chivalrous historians like Froissart He maintains that modern history did not develop until the 18th Century
