as being constructed and codified only after 325 CE The author relates Jesus's life to a mushroom typology discovering its presence disguised in early Christian art In the process he reveals the ritual nature of the original Christian cults rites and rituals including mushroom use The book authoritatively uncovers Jesus's message of peace love and spiritual growth and proposes his murder as a conspiracy by powerful reactionary forces who would replace that message with the oppressive religious political system that endures to this day Rush's use of the mushroom motif as a springboard for challenging mainstream views of Western religious history is both provocative and persuasive The package includes a link to 252 striking color images depicting Christian art with key motifs indicated by the author
