Unique, exciting and at times hilariously shocking, key features include unprecedented coverage of World English with equal prominence given to American and British English slang and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland and the Caribbean, emphasis on post World War II slang and unconventional English, published sources given for each entry, often including an early or significant example of the term's use in print, hundreds of thousands of citations from popular literature, newspapers, magazines, movies and songs illustrating usage of the headwords, dating information for each headword in the tradition of Partridge commentary on the term's origins and meaning. New to this edition: A new preface noting slang trends of the last five years. Over 1 000 new entries from the US, UK and Australia. New terms from the language of social networking.
