Spiritual Interpretations Roosevelt Jackson, 2014-11-26 The reason why readers would be so interested is because of the spirituality Learning the spiritual side of life how good God really is and how to include the word of God into the equation in every area of their lives whether it be financially physically mentally by faith in which we walk by Faith is simply believing that God is our source and not the world economy To understand that God has given us very things that we need to accommodate us in this life Most things we can do for ourselves because of the abilities that God has bestowed upon us but the Heavenly things we have to declare and decree from Heaven such as when we pray whatsoever we pray for believe that we already received them and then you will have them You have to trust God first before you receive whatever it is that you ask for in Jesus name It is always have to be in Jesus name if not in Jesus name then you might have a delay you see that s how the gospel works Jesus died for us to have the things that we are so deserving of all we have to do is believe it declare it and decree it and it shall be given to us But if you dont spend time in the word of God then you have no clue what to expect you have no knowledge of all the promises that God said yes to there is over seventy seven hundred promises in the Bible that God said yes to we just have to believe and say yes to them in order to receive the promises of God you see it s simple when you know the word of God for your lives I ve study the word of God for the last ten years of my life So I am a witness to the fact And here s another fact I use to wake up every morning with back pain I would stumble to my feet but once I d reach for my bible and started to read it before I could get through the first paragraph the pain had vanished Once I d learn how to pray and study the bible I haven t taken a pain pill since February of 2010 I would like for everyone to experience the goodness of God and the example of Jesus Christ our Lord and Savior If only I knew back then what I know now I would have been committed myself to Jesus I just pray that everyone will learn to give their lives over to Jesus So that s how much I think that my book will be an inspiration to others So yes I am completely satisfied with my work so I approve it in every way for publishing I thanked God for giving me the strength to endure the last two and a half years to complete this book it has been a blessing and honor to credit this book to God Almighty My way of showing appreciation for all that God has done for me in my life So there you have it Thanks for the word Roosevelt Jackson Bless you all In Jesus name Until next time

*Success Magazine*, 1926 *Punchinello*, 1870 *The Selected Works of Honore de Balzac* Honore de Balzac, Servin one of our most distinguished artists was the first to conceive of the idea of opening a studio for young girls who wished to take lessons in painting About forty years of age a man of the purest morals entirely given up to his art he had married from inclination the dowerless daughter of a general At first the mothers of his pupils bought their daughters themselves to the studio then they were satisfied to send them alone after knowing the master's principles and the pains he took to deserve their confidence It was the artist's intention to take no pupils but young ladies belonging to rich families of good position in order to meet with no complaints as to the composition of his classes He even refused to take girls who wished to become artists for to them he would have been obliged to give certain instructions without which no talent could advance in the profession Little by little his prudence and the ability with which he initiated his pupils into his art the certainty each mother felt that her daughter was in company with none but well bred young girls and the fact of the artist's marriage gave him an excellent reputation as a teacher in society When a young girl wished to learn to draw and her mother asked advice of her friends the answer was invariably Send her to Servin's Servin became therefore for feminine art a specialty like Herbault for bonnets Leroy for gowns and Chevet for eatables It was recognized that a young woman who had taken lessons from Servin was capable of judging the paintings of the Musee conclusively of making a striking portrait copying an ancient master or painting a genre picture The artist thus sufficed for the educational needs of the aristocracy But in spite of these relations with the best families in Paris he was independent and patriotic and he maintained among them that easy brilliant half ironical tone and that freedom of judgment which characterize painters He had carried his scrupulous precaution into the arrangements of the locality where his pupils studied The entrance to the attic above his apartments was walled up To reach this retreat as sacred as a harem it was necessary to go up a small spiral staircase made within his own rooms The studio occupying nearly the whole attic floor under the roof presented to the eye those vast proportions which surprise inquirers when after attaining sixty feet above the ground floor they expect to find an artist squeezed into a gutter This gallery so to speak was profusely lighted from above through enormous panes of glass

furnished with those green linen shades by means of which all artists arrange the light A quantity of caricatures heads drawn at a stroke either in color or with the point of a knife on walls painted in a dark gray proved that barring a difference in expression the most distinguished young girls have as much fun and folly in their minds as men A small stove with a large pipe which described a fearful zigzag before it reached the upper regions of the roof was the necessary and infallible ornament of the room A shelf ran round the walls on which were models in plaster heterogeneously placed most of them covered with gray dust Here and there above this shelf a head of Niobe hanging to a nail presented her pose of woe a Venus smiled a hand thrust itself forward like that of a pauper asking alms a few ecorches yellowed by smoke looked like limbs snatched over night from a graveyard besides these objects pictures drawings lay figures frames without paintings and paintings without frames gave to this irregular apartment that studio physiognomy which is distinguished for its singular jumble of ornament and bareness poverty and riches care and neglect The vast receptacle of an atelier where all seems small even man has something of the air of an Opera coulisse here lie ancient garments gilded armor fragments of stuffs machinery And yet there is something mysteriously grand like thought in it genius and death are there Diana and Apollo beside a skull or skeleton beauty and destruction poesy and reality colors glowing in the shadows often a whole drama motionless and silent Strange symbol of an artist s head At the moment when this history begins a brilliant July sun was illuminating the studio and two rays striking athwart it lengthwise traced diaphanous gold lines in which the dust was shimmering A dozen easels raised their sharp points like masts in a port Several young girls were animating the scene by the variety of their expressions their attitudes and the differences in their toilets The strong shadows cast by the green serge curtains arranged according to the needs of each easel produced a multitude of contrasts and the piquant effects of light and shade This group was the prettiest of all the pictures in the studio A fair young girl very simply dressed sat at some distance from her companions working bravely and seeming to be in dread of some mishap No one looked at her or spoke to her she was much the prettiest the most modest and apparently the least rich among them Two principal groups distinctly separated from each other showed the presence of two sets or cliques two minds even here in this studio where one might suppose that rank and fortune would be forgotten But however that might be these young girls sitting or standing in the midst of their color boxes playing with their brushes or preparing them handling their dazzling palettes painting laughing talking singing absolutely natural and exhibiting their real selves composed a spectacle unknown to man One of them proud haughty capricious with black hair and beautiful hands was casting the flame of her glance here and there at random another light hearted and gay a smile upon her lips with chestnut hair and delicate white hands was a typical French virgin thoughtless and without hidden thoughts living her natural real life a third was dreamy melancholy pale bending her head like a drooping flower her neighbor on the contrary tall indolent with Asiatic habits long eyes moist and black said but little and reflected glancing covertly at the head of Antinous Among them like the jocosos of a Spanish play full of wit and epigrammatic sallies another

girl was watching the rest with a comprehensive glance making them laugh and tossing up her head too lively and arch not to be pretty She appeared to rule the first group of girls who were the daughters of bankers notaries and merchants all rich but aware of the imperceptible though cutting slights which another group belonging to the aristocracy put upon them The latter were led by the daughter of one of the King s ushers a little creature as silly as she was vain proud of being the daughter of a man with an office at court She was a girl who always pretended to understand the remarks of the master at the first word and seemed to do her work as a favor to him She used an eyeglass came very much dressed and always late and entreated her companions to speak low
