Andrew Cooper,2022-01-07 Crazy Time A Bizarre Battle with Darkness and the Divine is a literary horror novel a dark surreal contemporary supernatural fantasy that offers scares and suspense but seeks to terrify more on the level of concept filling your head with thoughts and images that don't fit right and perhaps shouldn't even be Bright independent Lily Henshaw rides home with her friends Kris Eric and Mia after an evening of celebration and ends up in a nightmare Two men in a pickup truck stalk them on the road reminding them of urban legends in ways that only amplify the growing tension The truck sideswipes them and they pull over where the two men subdue them with a gun and a tire iron One of the men announces that it's crazy time and a game of violence and murder begins Lily barely escapes with her life Months later she is still traumatized and her religious coworker Vince's attempt to comfort her with claims that everything happens for a reason only leads to a panic attack Her boss and the owner of the printing company where they work Burt who has always had feelings for her but has never acted on them offers more solace but he also shows her posters ordered by MFS a corporation with offices at the nearby 1500 Spring Street skyscraper posters that feature disturbing apocalyptic Biblical images coupled with bizarre motivational taglines Lily is agnostic Burt is an atheist and they're both amused and a little creeped out The small levity Lily finds vanishes when her family calls to tell her that her brother David has killed himself apparently part of a cluster suicide phenomenon that she and David had heard about on the news at a recent family gathering While she mourns Lily can't get the apocalyptic posters out of her head Soon she gets a new much larger dose of religious creepiness when a swarm of locusts invades her apartment Unsure about whether the affliction is real she calls Burt for help and waits for him outside During the wait a man attacks her She fights him off but is on the ground bleeding when Burt and other witnesses

arrive The other witnesses seeing Burt a black man and Lily an injured white woman assume Burt is to blame and have him arrested Lily testifies to Burt's innocence but he nevertheless spends a night in jail where a cellmate kills himself part of another suicide cluster Meanwhile Lily has a vision of Kris Eric and Mia sounding less like themselves than like Biblical prophets warning her about opposing God The experience sparks an idea Lily begins to believe that she might be cursed and in high Biblical fashion the curse is affecting people around her too especially Burt whose business is destroyed by a break in leaving Lily and Burt jobless Lily adopts curse logic and looks for answers Burt though skeptical joins her They visit an extreme psychic Lily has an interview with a Satanist While searching for answers tragedies and traumas keep piling up Lily's family suffers more losses Lily and Burt witness a murder in Lily's bedroom as well as a suicide on the street and Lily experiences further financial catastrophe Lily concludes that her curse is reminiscent of the Book of Job God if He exists is out to get her and unlike the pious Job she decides that she's out to get God too Her Satanist advisor points her toward a freelancer in the world of dark deeds Tobias Centurion who performs a ritual that indicates Lily and Burt will find answers at 1500 Spring Street in the MFS corporation Armed with nothing but portents and vague advice Lily and Burt approach the skyscraper intending to face off with God's corporate cronies and possibly God Himself

Koo, 2014-10-27 Compare global experiences during the balance sheet recession and find out what is needed for a full recovery The Escape from Balance Sheet Recession and the QE Trap details the many hidden dangers remaining as the world slowly recovers from the balance sheet recession of 2008 Author and leading economist Richard Koo explains the unique political and economic pitfalls that stand in the way of recovery from this rare type of recession that was largely overlooked by economists Koo anticipated the current predicament in the West long before others and issued warnings in his previous books Balance Sheet Recession and The Holy Grail of Macroeconomics This new book illustrates how history is repeating itself in Europe while the United States which learnt from the Japanese experience is doing better by avoiding the fiscal cliff However because of the liberal dosage of quantitative easing already implemented the United States the United Kingdom and Japan may face a treacherous path to normalcy in what Koo calls the QE Trap He argues that it is necessary to understand balance sheet recession in order to resolve the Eurozone crisis particularly the competitiveness problems Koo issues warnings against those who are too ready to argue for structural reforms when the problems are actually with balance sheets He re-examines Japan's two decades of experiences with this rare recession and offers an insider view on the Abenomics On China readers will gain a very different historical perspective as Koo argues that western commentators have forgotten their own history when they talk about the re-balancing of the Chinese economy Learn from Japan which experienced the same predicament afflicting the West fifteen years earlier Discover how unwinding of quantitative easing will affect the United States the United Kingdom Japan as well as the emerging world Examine solutions to the Eurozone problems caused by two balance sheet recessions eight years apart Gain

insight into China's problems from the West's own experiences with urbanisation Koo who developed the concept of balance sheet recession based on Japan's experience took the revolution in macroeconomics started by John Maynard Keynes in 1936 to a new height *The Escape from Balance Sheet Recession and the QE Trap* offers the world cure for balance sheet recession
