Eschatology and Ethics Carl E. Braaten, 1974 **Eschatology and ethics: essays on the theology and ethics of the kingdom of God C** Carl E. BRAATEN, 1974 *A Theology of Cross and Kingdom* D. K. Matthews, 2019-11-19 Luther's theology of the cross has impacted major theologians and centuries of theology including the present and yet it is weakened by its reactionary theological determinism reductionism and understandable failure to properly integrate fluid melioristic and pro creation kingdom eschatology N T Wright's revolutionary cross articulated in *The Day the Revolution Began* Reconsidering the Meaning of Jesus's Crucifixion is a brilliant and clarion new creation eschatological call to action that suffers from a somewhat cryptic imprecise and unrefined eschatology Heino O Kadai has presented an authoritative and concise rendering of Luther's key insights Rustin Brian has carefully assessed whether Luther's theology of the cross deserves blame for the *Deus absconditus* of modernity in his Barthian influenced *Covering Up Luther* Robert Cady Saler has masterfully articulated a relevant and pastoral *Theologia Crucis* framed by Moltmann's *Theology of Hope* that is most applicable to the contemporary church and sociopolitical engagement *A Theology of Cross and Kingdom* sympathetically and creatively critiques and synthesizes dominant themes in such classical and contemporary theologies of the cross within a unified cross and kingdom eschatology Matthews deftly overcomes many of the less than helpful disjunctive approaches to the theology of the cross while proffering a way forward for this most influential and core theological treasure of the church

The Promise of Lutheran Ethics Karen L. Bloomquist, John R. Stumme, 1998-08-01 Here ten Lutheran theologians explore Lutheran emphases themes and approaches to offer their account of Christian ethics as a way of life in today's world Writing in dialogue they raise foundational concerns of biblical and theological sources and norms of Christian freedom and responsibility of call and social witness of justice and formation in prayer Then in a lively Table Talk the participants discuss and debate the tradition's insights and oversights and show how it might illumine today's burning ethical issues such as homosexuality *Oliver O'Donovan's Moral Theology* Samuel Tranter, 2020-10-01 This book offers the first sustained full length treatment of the wide ranging work of major Anglican theologian Oliver O'Donovan Analyzing such key texts as *Resurrection and Moral Order* *The Desire of the Nations* and *Ethics as Theology* Samuel Tranter shows that the relationship between eschatology and ethics is an area of significant tension in O'Donovan's evolving vision of moral theology Tranter traces this tension as it relates to O'Donovan's writing and contemporary discussion around natural law divine command and human flourishing as well as to particular topics such as poverty marriage and singleness and biotechnology He also connects it with the broader doctrinal features of O'Donovan's project such as his accounts of creation sin and redemption and his understanding of the relationships between the cross and the resurrection on one hand and Christology and pneumatology on the other Throughout Tranter indicates the implications of these themes for our understanding of the Christian life This volume establishes and evaluates O'Donovan's influence on contemporary Christian ethicists and political

theologians such as Luke Bretherton Gilbert Meilaender Jean Porter and Brent Waters and engages with critical readings of O Donovan such as those by Stanley Hauerwas and Gerald McKenny In conversation with these and other voices from a range of perspectives Tranter shows how O Donovan s proposals may be appropriated and amended as a resource for theology and ethics going forward

Faith, Hope, and Love in the Kingdom of God Robert Hernan Cubillos, 2017-04-27 We live in a world full of challenges The three graces can almost be seen as motors for Christian life in today s world but the words faith hope and love have so many everyday uses that their technical theological meanings are for many difficult to appreciate Modern life also leaves many yearning for authenticity and meaning Many religions have answered that need by calling to mind the image of a path Always profound progressions religious paths tend to be motivated either by practices the act of walking the path or focal points Christianity has a focal point an object and it sees the three graces as distinctively content filled The heart of this book is about helping people find the Christian path and their intellectual emotional and spiritual balance an equilibrium that is sustained by a strong personal faith an enduring hope for the future and genuine love that will withstand the worst of times It contributes to the category of Christian literature that provides a pattern for Christian living without surrendering the intellect to the more popular side of this genre

Remembrance of Things Past? Michael J. Thate, 2013 In this book Michael J Thate offers an experiment in reception criticism in its consideration of the formation and reception of the historical Jesus discourse He also attempts to historicize Leben Jesu Forschung within debates and narratives of secularization These two foci guide the book through its two parts First Thate explicates Schweitzer s dominant archival function in Leben Jesu Forschung while aiming to make fragile the grand architect s receptive hegemony Then he combines critical memory theory and other theoretical readings of the material in an attempt to refocus the study of the historical Jesus as early Christian memory politics in the service of identity explication He attempts to problematize Schweitzer s legacy of a tidy systematic approach in which much of historical Jesus scholarship continues to operate

The Great Sermon Tradition as a Fiscal Framework in 1 Corinthians Christopher L. Carter, 2010-02-03 What is Paul s theology of material possessions and where did it come from Through demonstrating continuity in the broad fiscal thought of Jesus and Paul Carter suggests that Paul owes his financial thought to the great sermon tradition Carter establishes this by assessing Paul s historical environment and extant writings to display the plausibility that Paul knew the dominical tradition Carter goes on to assess the likelihood that Paul knew the pre synoptic sermon tradition because of its ubiquity in early church discipleship The study finishes with the conclusion that Jesus and Paul s financial thought displays remarkable symmetry which cannot be explained merely by a common cultural environment Consequently it is deemed highly likely that Paul depends on the dominical tradition for the contours of his financial thought

Historical Dictionary of Lutheranism Günther Gassmann, Mark W. Oldenburg, 2011-10-10 The Reformation of the 16th century was a complex and multifaceted political social cultural and religious process Most historians agree however that in the framework of this process it was the religious and theological efforts to reform and renew the late medieval church decadent and irrelevant in many ways that were the initiating forces that set a broad historical movement in motion Among these reforming religious and theological forces the Lutheran reform movement was the most important and influential one It was the historical impact of the theological genius of the Wittenberg professor Martin Luther 1483 1546 that profoundly changed and shaped the face of Europe and beyond Today Lutheranism has become a worldwide communion of churches that stretches from Germany to Siberia Papua New Guinea Madagascar and Surinam The second edition of the

Worlds at War, Nations in Song Kendra Haloviak Valentine, 2015-01-12 Rather than representing the book of Revelation as a single apocalyptic genre Kendra Haloviak Valentine demonstrates that the work in fact reflects several genres apocalyptic prophetic and liturgical within the overall framework of an epistle This study focuses on the sixteen hymns a largely neglected part of the literary construction of the work Responding to the insight of Mikhail Bakhtin that literary genres carry ways of thinking about the world this important study calls attention to the multiple voices within the text that need to be heard voices that soften the book s transcendent future focus so that it is not allowed complete dominance Hymns as the sites of colliding and collaborating genres engage the reader Worlds at War Nations in Song explores the role of these liturgical elements within the moral enterprise to suggest that the book of Revelation provides readers with a moral vision linking the future with the present Readers are called to respond in worship and witness By calling attention to the multiple voices within Revelation Haloviak Valentine demonstrates the invalidity of seeking one correct interpretation Recognizing this dialogic approach may help prevent the misinterpretations that led to such tragedies as Waco and Jonestown
