Cinco memorias sobre la instrucción pública y otros escritos Nicolas Condorcet, 2000-12 La teoría más completa y más moderna de la escuela pública se debe a CONDORCET En el presente volumen se encuentra por primera vez en castellano el texto íntegro de las Cinco memorias sobre la instrucción pública que son uno de los principales puntos de referencia del pensamiento pedagógico contemporáneo En ellas se formulan los principios que inspiran la política educativa de las democracias occidentales Difusión y democratización de la enseñanza que ha de contribuir a formar sujetos autónomos Promoción de los talentos y cultivo de la excelencia atendiendo tanto a consideraciones individuales como sociales Igualdad de hombres y mujeres en el acceso a la escuela Concepción de la instrucción como un proceso que debe abarcar el conjunto del ciclo vital Libertad de enseñanza que implica además de la libertad de cátedra y de creación de centros la independencia de la instrucción pública con respecto al poder ejecutivo para proteger a los saberes de los excesos del poder Cientificidad y rigor de los contenidos del currículum lo que constituye una de las razones para defender el laicismo Asimismo CONDORCET advierte contra el peligro de someter la instrucción pública a las voluntades de grupos particulares y de buscar únicamente el utilitarismo más inmediato En esta edición se incorpora otra obra del mismo autor el Informe y proyecto de decreto sobre la

instrucción pública que redactó CONDORCET a partir de las Memorias y que constituye uno de los principales documentos de referencia para múltiples innovaciones y reformas educativas contemporáneas Asimismo Narciso de Gabriel ha redactado un cuidado prólogo para la edición española en el que se deja constancia de la influencia del pensamiento de CONDORCET en España

Escritos en el tiempo Fabio Martínez, 2024-09-04. Escritos en el tiempo es una selección de artículos periodísticos y columnas de opinión que tienen como eje central la literatura y su relación con la ciencia y la música, mostrando el lugar que ocupa la sensibilidad artística y literaria en la cultura general. Dentro de un centenar de artículos se destacan a grandes autores como George Orwell, Cyril Connolly y Gabriel García Márquez, así como escritores del boom literario latinoamericano y de nuestro país. Este es un libro para los lectores amantes de la literatura, pero también para aquellos que consideran el periodismo como un medio importante de comunicación y construcción social.

Memorias y documentos para la historia del Perú José de la Riva-Agüero, 1858.

El derecho a la memoria Felipe Gómez Isa, 2006. En los últimos tiempos estamos asistiendo tanto en nuestro país como en la esfera internacional a un interés creciente por las cuestiones relacionadas con el derecho a la reparación y el papel que puede jugar la memoria como elemento necesario para que florezca la verdad, se haga justicia y así se pongan las bases para una auténtica reconciliación. La memoria se ha convertido en una categoría filosófica, política y jurídica, convirtiendo el recuerdo en un auténtico deber moral en un antidoto contra la barbarie y el olvido, en que han caído muchas veces las víctimas de las violaciones de los derechos humanos más básicos. Este proyecto de investigación pretende una aproximación interdisciplinaria y global al complejo fenómeno de la reparación y la memoria histórica. Tras la aproximación moral que figura en el prólogo del psiquiatra Carlos Castilla del Pino, nos adentramos en el análisis del derecho a la reparación en el ámbito internacional que ha registrado una espectacular evolución en los últimos tiempos de la mano de las Naciones Unidas. El segundo capítulo aborda una mirada interdisciplinaria al complejo fenómeno de la memoria con atalayas tan diversas como la filosofía, la psicología, la social, la literatura o el cine. A continuación cedemos la voz a las memorias excluidas: aquellas que se han visto marginadas desde las narrativas oficiales de la historia: las mujeres, los pueblos indígenas, las minorías nacionales o los homosexuales son algunos de los grupos a los que hemos querido convocar a este proceso de recuperación furtiva de memorias políticamente incorrectas. En el cuarto capítulo hemos querido arrojar luz sobre el actual debate en torno a la memoria histórica en España y finalmente hemos otorgado un lugar preferente a la auténtica protagonista en todo proceso de reparaciones y de recuperación de la memoria: la sociedad civil y en particular las víctimas.

Salt and the Colombian State Joshua M.

Rosenthal,2014-08-23 In republican Colombia salt became an important source of revenue not just to individuals but to the state which levied taxes on it and in some cases controlled and profited from its production The salt trade consistently accounted for roughly 10 percent of government income In the town of La Salina de Chita in Boyaca province thermal springs offered vast amounts of salt and its procurement and distribution was placed under the jurisdiction of the Ministry of Finance Focusing his study on La Salina Joshua M Rosenthal presents a fascinating glimpse into the workings of the early Colombian state its institutions and their interactions with local citizens during this formative period Although historians have cited the state s weakness and in many cases its absence in local affairs Rosenthal counters these assumptions by documenting the primary role the state held in administering contracts inspections land rights labor and trade in La Salina contending that this was not an isolated incident He also uncovers the frequent interaction between the state and local residents who used the state s liberal rhetoric to gain personal economic advantage Seen through the lens of the administration of La Salina s saltworks Rosenthal provides a firsthand account of the role of local institutions and fiscal management in the larger process of state building His study offers new perspectives on the complex network of republican Colombia s political culture and its involvement in provincial life across the nation **The Promise of Educational Psychology** Richard E.
