## **Eskimo Capitalists:**

*Eskimo Capitalists* Samuel Z. Klausner, Edward F. Foulks, 1982 Assesses the historical sociocultural economic and political factors contributing to the escalation of alcohol related violence on the North Slope of Alaska Findings document the entry of an Alaskan Eskimo community into the American market economy and federal political system      **Critical Inuit**

**Studies** Pamela R. Stern, Lisa Stevenson, 2006-12-01 Critical Inuit Studies offers an overview of the current state of Inuit studies by bringing together the insights and fieldwork of more than a dozen scholars from six countries currently working with Native communities in the far north The volume showcases the latest methodologies and interpretive perspectives presents a multitude of instructive case studies with individuals and communities and shares the personal and professional insights from the fieldwork and thought of distinguished researchers The wide ranging topics in this collection include the development of a circumpolar research policy the complex identities of Inuit in the twenty first century the transformative relationship between anthropologist and collaborator the participatory method of conducting research the interpretation of body gesture and the reproduction of culture the use of translation in oral history memory and the construction of a collective Inuit identity the intricate relationship between politics indigenous citizenship and resource development the importance of place names housing policies and the transition from igloos to permanent houses and social networks in the urban setting of Montreal      **The Sounds of Capitalism** Timothy D. Taylor, 2024-05-31 From the early days of radio

through the rise of television after World War II to the present music has been used more and more to sell goods and establish brand identities And since the 1920s songs originally written for commercials have become popular songs and songs written for a popular audience have become irrevocably associated with specific brands and products Today musicians move flexibly between the music and advertising worlds while the line between commercial messages and popular music has become increasingly blurred Timothy D Taylor tracks the use of music in American advertising for nearly a century from variety shows like The Clicquot Club Eskimos to the rise of the jingle the postwar upsurge in consumerism and the more complete fusion of popular music and consumption in the 1980s and after The Sounds of Capitalism is the first book to tell truly the history of music used in advertising in the United States and is an original contribution to this little studied part of our cultural history

*Norton Basin Sale No.100* ,1985      **Proposed Norton Basin Lease Sale 100** United States.

Minerals Management Service. Alaska OCS Region, 1985      *Institutional Review Board: Management and Function* Public

Responsibility in Medicine & Research (PRIM&R), Elizabeth A. Bankert, Bruce G. Gordon, Elisa A. Hurley, 2021-03-01

Institutional Review Board IRB members and oversight personnel face challenges with research involving new technology management of big data globalization of research and more complex federal regulations Institutional Review Board

Management and Function Third Edition provides everything IRBs and administrators need to know about efficiently

managing and effectively operating a modern and compliant system of protecting human research subjects This trusted

reference manual has been extensively updated to reflect the 2018 revisions to the Federal Policy for the Protection of Human Subjects Common Rule An essential resource for both seasoned and novice IRB administrators and members Institutional Review Board Management and Function provides comprehensive and understandable interpretations of the regulations clear descriptions of the ethical principles on which the regulations are based and practical step by step guidance for effectively implementing regulatory oversight

**Ethnic Minority Media** Stephen Harold Riggins,1992-08-11 This book focuses on the challenge of ethnic survival and empowerment and discusses the positive role that ethnic minority media play in the process Examining print and broadcast media as well as linguistic and cultural diversity the contributors provide a broad international sampling of case studies spanning a variety of ethnic minorities and countries each representing a different set of cultural political and economic conditions Cases studied include the United States Hispanic and Native Great Britain Welsh Ireland Irish Canada Native Australia Aboriginal Israel Romanian France Occitan and Basque Greenland Inuit Chile Native and Algeria Berber The book also contains valuable introductory and concluding

*Stone Tool Traditions in the Contact Era* Charles Cobb,2003-09-10 This is the first comprehensive analysis of the partial replacement of flaked stone and ground stone traditions by metal tools in the Americas during the Contact Era It examines the functional symbolic and economic consequences of that replacement on the lifeways of native populations even as lithic technologies persisted well after the landing of Columbus Ranging across North America and to Hawai i the studies show that even with wide access to metal objects Native Americans continued to produce certain stone tool types perhaps because they were still the best implements for a task or because they represented a deep commitment to a traditional practice Chapters are ordered in terms of relative degree of European contact beginning with groups that experienced brief episodes of interaction such as the Wichita French meeting on the Arkansas River and ending with societies that were heavily influenced by colonization such as the Potawatomi of Illinois Because the anthology draws comparisons between the persistence of stone tools and the continuity of other indigenous crafts it presents holistic models that can be used to explain the larger consequences of the Contact

Chukchi Sea Oil and Gas Lease Sale No.109 ,1987

*Assessment and Intervention Issues Across the Life Span* Stephanie M.C. Dollinger,Lisabeth F. DiLalla,Stephanie MC Dollinger,2013-06-17 This volume evolved from the second life span development conference held at Southern Illinois University entitled Assessment and Intervention Across the Lifespan Providing an overview and consideration of important directions for research in areas of assessment and intervention across the lifespan the presentations covered a variety of topic areas including social ecology cultural diversity attitudes about aging as well as attention visual and linguistic skills This volume consists of chapters based on the conference presentations as well as additional chapters by experts in related specialty areas discussing attachment theory learning disabilities and phonological processing The second conference and volume continue the work of the first conference and its associated earlier volume The chapters cover important interactions between assessment and intervention for each major

developmental period several emphasize the importance of early assessment and intervention A common theme found throughout is the critical connection between basic research and practice The editors hope this book will prove useful not only to researchers but also to practitioners in related disciplines working with individuals of all ages

OCS (Outer Continental Shelf) Mining Program, Norton Sound Lease Sale, Proposed ,1991 Outer Continental Shelf Natural Gas and Oil Resource Management United States. Minerals Management Service,1992 **OCS (Outer Continental Shelf) Comprehensive Gas and Oil Resources Management Program 1992-1997** ,1992 **Alaska Outer Continental Shelf, Seismic Surveys in the Beaufort and Chukchi Seas** ,2007 **Recent Developments in Alcoholism** Marc Galanter,2013-11-22 Each topic is covered in sufficient depth currency and clarity to be of value to the neophyte and the seasoned researcher clinician American Journal of Psychiatry from a review of a previous volume The current volume addresses a range of issues across this diverse field including the effects on society physiology and biochemistry clinical pathology and trends in treatment

**Diagnostic Issues in Substance Use Disorders** John B. Saunders,Marc A. Schuckit,Paul J. Sirovatka,Darrel A. Regier,2008-05-20 Inviting the help of colleagues worldwide the concise Diagnostic Issues in Substance Use Disorders is part of the new series Advancing the Research Agenda for DSM V Its 19 chapters by an international group of experts are designed to stimulate questions that will help guide research related to the development of the next editions of the Diagnostic and Statistical Manual of Mental Disorders DSM V and the International Classification of Diseases ICD 11 with the goal of ensuring that the major substance use diagnoses represent the same condition in both references They cover 10 major issues in three main sections Overarching issues relevant for the development of international diagnostic systems statistical modeling techniques and whether DSM V should use categorical and or dimensional diagnostic approaches methods review emphasizing new hybrid techniques for developing and testing diagnostic concepts the need for separate clinical and research oriented diagnostic criteria incorporating both categorical and dimensional attributes neurobiological changes characterizing substance dependence the importance of cultural attributes in developing definitions of substance use disorders and the history of the development of diagnostic systems and how to optimize the crosswalk between DSM and ICD Research questions more specific to the substance use disorders section of DSM comorbidity between substance use disorders and other psychiatric conditions the relatively unique clinical course of substance induced mental disorders and appropriate treatment approaches the precision of the criteria and threshold for a diagnosis and how to improve them the subtypes of substance use disorder including how they have been derived and the extent to which they relate to neurobiological processes the seemingly high prevalence of alcohol dependence in young people suggested research questions to evaluate the application of diagnostic criteria to adolescents and the specific psychoactive substances cannabis and nicotine Whether substance use disorders should be included in a broader section termed addictive disorders impulse control disorders especially pathological gambling and the advantages and disadvantages

of adding it to the current substance use disorders section identifying research opportunities regarding their assessment and neurocognitive and physiological bases discussing the specifics of the research agenda and how it might be implemented and presenting questions generated by the research agenda developmental process This informative compendium distills the findings of a wealth of recent research and concludes with recommendations for exploiting research opportunities that promise to inform decisions regarding DSM V and other classification systems As such it will prove invaluable for clinicians and researchers everywhere      **Latest Contributions to Cross-cultural Psychology** John G. Adair, Kenneth L.

Dion, Jean-Claude Lasry, 2020-07-26 This volume contains 23 articles grouped under six themes values and national identity immigration and acculturation personality and social behaviour across cultures organizational and work psychology educational and developmental psychology and conceptual and methodological ideas      **Proposed Norton Basin Lease**

**Sale 100** , 1985      Capitalism and Colonialism: The Making of Modern Canada 1890-1960 Bryan D. Palmer, 2025-09-02 This second volume of Bryan Palmer's history of Canada covers 1890 to 1960 Weaving together themes that include business labour politics and social history this account brings the experiences of Indigenous peoples into the centre of the narrative Canada experienced extraordinary growth during these decades notably after the Second World War when many Canadians quickly became far better off Yet vast inequalities persisted Indigenous peoples experienced ongoing and often worsening deprivation and ordinary people saw little or no real improvement in their lives These realities set the stage for the interplay of reform resistance and reaction that followed after 1960 Palmer examines the continuing role of capitalism and colonialism in structuring Canada in the period between 1890 and 1960 from capital's conflicts and fragile ententes with labour to the struggles of Indigenous Peoples and francophone Canada and the changing role of Canadian capital internationally Relying on the work of scholars who have produced a vast academic literature on a wide range of topics in Canadian history Bryan Palmer offers a new history of Canada which reflects the knowledge and values of 21st century Canadians      *North*

*American Indians* Alice Beck Kehoe, 2017-10-03 Written in an easy to read narrative format this volume provides the most comprehensive coverage of North American Indians from earliest evidence through 1990 It shows Indians as a people with history and not as primitives covering current ideological issues and political situations including treaty rights sovereignty and repatriation A must read for anyone interested in North American Indian history This is a comprehensive and thought provoking approach to the history of the native peoples of North America including Mexico and Canada and their civilizations For Native American courses taught in anthropology history and Native American Studies
