Eskimo Medicine Man:

Eskimo Medicine Man Otto George, 1978 *Eskimo Medicine Man* is a record of primitive Alaskan life in the 1930s. It records the experiences in Alaska's remote areas of the last traveling physician for the Department of Interior's Indian Service when in all the territory an area one fifth that of the contiguous United States there were fewer than sixty thousand persons. This book deals with the Eskimos of the Bering Sea along the coast of the Arctic Ocean, the areas of the Kuskokwim rivershed and of the lower Yukon. Otto George was born and reared on Oklahoma's Kiowa Indian Reservation. During his Indian Service years, Dr. George kept a diary filling eight books by recording at night the experiences of the day, noting primarily those things not found in the books he had read. These notes furnish the materials for this volume documenting the time and the peoples and their ancient way of life as no record ever will again.
