Esoteric Christianity Or The Lesser Myst:

Esoteric Christianity, Or, The Lesser Mysteries Annie Besant, 1913 *Esoteric Christianity: The Lesser Mysteries* Annie Wood Besant, 1966-01-01

Many perhaps most who see the title of this book will at once traverse it and will deny that there is anything valuable which can be rightly described as Esoteric Christianity There is a wide spread and withal a popular idea that there is no such thing as an occult teaching in connection with Christianity and that The Mysteries whether Lesser or Greater were a purely Pagan institution The very name of The Mysteries of Jesus so familiar in the ears of the Christians of the first centuries would come with a shock of surprise on those of their modern successors and if spoken as denoting a special and definite institution in the Early Church would cause a smile of incredulity It has actually been made a matter of boast that Christianity has no secrets that whatever it has to say it says to all and whatever it has to teach it teaches to all Its truths are supposed to be so simple that a way faring man though a fool may not err therein and the simple Gospel has become a stock phrase It is necessary therefore to prove clearly that in the Early Church at least Christianity was no whit behind other great religions in possessing a hidden side and that it guarded as a priceless treasure the secrets revealed only to a select few in its Mysteries But ere doing this it will be well to consider the whole question of this hidden side of religions and to see why such a side must exist if a religion is to be strong and stable for thus its existence in Christianity will appear as a foregone conclusion and the references to it in the writings of the Christian Fathers will appear simple and natural instead of surprising and unintelligible As a historical fact the existence of this esotericism is demonstrable but it may also be shown that intellectually it is a necessity The first question we have to answer is What is the object of religions They are given to the world by men wiser than the masses of the people on whom they are bestowed and are intended to quicken human evolution In order to do this effectively they must reach individuals and influence them Now all men are not at the same level of evolution but evolution might be figured as a rising gradient with men stationed on it at every point The most highly evolved are far above the least evolved both in intelligence and character the capacity alike to understand and to act varies at every stage It is therefore useless to give to all the same religious teaching that which would help the intellectual man would be entirely unintelligible to the stupid while that which would throw the saint into ecstasy would leave the criminal untouched If on the other hand the teaching be suitable to help the unintelligent it is intolerably crude and jejune to the philosopher while that which redeems the criminal is utterly useless to the saint Yet all the types need religion so that each may reach upward to a life higher than that which he is leading and no type or grade should be sacrificed to any other Religion must be as graduated as evolution else it fails in its object Next comes the question In what way do religions seek to quicken human evolution Religions seek to evolve the moral and intellectual natures and to aid the spiritual nature to unfold itself Regarding man as a complex being they seek to meet him at every point of his constitution and therefore to bring messages suitable for each teachings adequate to the most diverse human needs Teachings must therefore be adapted to

each mind and heart to which they are addressed If a religion does not reach and master the intelligence if it does not purify and inspire the emotions it has failed in its object so far as the person addressed is concerned Esoteric Christianity Annie Besant,1901

Esoteric Christianity Annie Wood Besant,2006-01-01 Early Christianity held secrets equal to those of other great religions says Annie Besant Its first followers guarded them as priceless treasures After an increasingly rigid hierarchy began to bury these truths in the early centuries A D they were known only to a few initiates who communicated them privately often in obscure language In Esoteric Christianity Besant s aim is to restore the secret truths underlying Christian doctrine As public interest grows in the Gnostic Gospels and the mystical side of Christianity Besant s remarkable book first published in 1901 is attracting new attention [Esoteric Christianity](#) Annie Besant,1997 *Esoteric Christianity, Or the Lesser Mysteries* Annie Besant,2017-07-22

Esoteric Christianity or The Lesser Mysteries **Anthropology and mysticism in the making of initiation** Andy Hilton,2023-09-14 By the 1980s interest in initiation was at its peak it was being employed both theoretically and practically in gender politics and humanistic therapy How did that come to be how should we understand initiation and what can be its future This wide ranging book looks at the history evolution and contemporary idea of initiation It traces origins in the ancient Mysteries and early Christian texts through Renaissance rediscoveries to admission in Freemasonry and anthropological investigations in French Canada and British Australia It introduces the initiation discourse as something that was constructed through centuries of translations and nineteenth century human science leading to the making of the modern concept It argues for a subject initiation studies that effectively secularised the eighteenth century rites of admission to produce the twentieth century rites of passage And it details as compensation for this hollowing out of the mystery the study of shaman spirit workers the idea of death and rebirth and the later sacralisation of the liminal in adolescent adult initiation Finally a contemporary revision is explored that incorporates neglected aspects like depth psychology and education for an idea of youth as a life stage And while ritual is now deemphasised the religious dimension is reaffirmed with a critical analysis of cosmic consciousness the enduring Great Mystery

Esoteric Christianity Annie Besant,Richard Lode,2017-01-12 Knowledge of spiritual truths must be obtained from the divine Spirit whose temple we are In other words it must come from that divine indwelling Spirit that mind of Christ or inner light that sheds itself upon our lower mind This is the way of Esoteric Christianity It is not a version of Hinduism or Buddhism or Taoism or any other religion It is Divine Wisdom It belongs equally to all religions but is exclusive to none This is that true Light which lighteth every man that cometh into the world John 1 9 Esoteric Christianity appeals to the few who hunger for more than ordinary religious teachings can give them

weaves a rich tapestry of esoteric knowledge and spiritual exploration unveiling the hidden dimensions of human existence. The book is characterized by its philosophical depth and mystical prose drawing from a diverse range of traditions including Eastern religions, Gnosticism and the Western esoteric traditions. Blavatsky employs a metaphorical and often poetic style inviting readers to ponder the intricacies of nature, existence and the soul's journey toward enlightenment, all while positioning her work within the burgeoning context of 19th century occultism and spiritual movements. Helena Blavatsky, a prominent figure in the Theosophical Society, was a revolutionary thinker whose travels across various cultures and in-depth studies of ancient texts profoundly influenced her worldview. Her early experiences in Russia and her later explorations in the East imbued her with a unique perspective on spirituality which she passionately sought to communicate through her writings. Blavatsky's dedication to uncovering the universal truths underlying diverse belief systems led her to synthesize complex philosophical ideas into accessible narratives. This book is highly recommended for seekers of knowledge, scholars of spirituality and those curious about the intersection of mystical thought and practical wisdom. It serves not only as a guide to understanding the deeper aspects of existence but also as an invitation to engage with the transformative power of occult studies that remain relevant today.

The object of this book is to suggest certain lines of thought as to the deep truths underlying Christianity, truths generally overlooked and only too often denied. The generous wish to share with all what is precious, to spread broadcast, priceless truths, to shut out none from the illumination of true knowledge, has resulted in a zeal without discretion that has vulgarised Christianity and has presented its teachings in a form that often repels the heart and alienates the intellect. The command to preach the Gospel to every creature, though admittedly of doubtful authenticity, has been interpreted as forbidding the teaching of the Gnosis to a few and has apparently erased the less popular saying of the same Great Teacher: Give not that which is holy unto the dogs, neither cast ye your pearls before swine.² This spurious sentimentality which refuses to recognise the obvious inequalities of intelligence and morality and thereby reduces the teaching of the highly developed to the level attainable by the least evolved, sacrificing the higher to the lower in a way that injures both, had no place in the virile common sense of the early Christians. S. Clement of Alexandria says quite bluntly after alluding to the Mysteries: Even now I fear as it is said to cast the pearls before swine, lest they tread them underfoot and turn and rend us. For it is difficult to exhibit the really pure and transparent words respecting the true Light to swinish and untrained hearers.³ If true knowledge, the Gnosis, is again to form a part of Christian teachings, it can only be under the old restrictions and the idea of levelling down to the capacities of the least developed must be definitely surrendered. Only by teaching above the grasp of the little evolved can the way be opened up for a restoration of arcane knowledge and the study of the Lesser Mysteries must precede that of the Greater. The Greater will never be published through the printing press; they can only be given by Teacher to pupil, from mouth to ear. But the Lesser Mysteries, the partial unveiling of deep truths, can even now be restored and such a volume as the present is intended

to outline these and to show the nature of the teachings which have to be mastered Where only hints are given quiet meditation on the truths hinted at will cause their outlines to become visible and the clearer light obtained by continued meditation will gradually show them more fully For meditation quiets the lower mind ever engaged in thinking about external objects and when the lower mind is tranquil then only can it be illuminated by the Spirit Knowledge of spiritual truths must be thus obtained from within and not from without from the divine Spirit whose temple we are 4 and not from an external Teacher These things are spiritually discerned by that divine indwelling Spirit that mind of Christ whereof speaks the Great Apostle 5 and that inner light is shed upon the lower mind *The Theosophist* Henry Steel Olcott, Annie Besant, George Sydney Arundale, 1987 **The Credo of Christendom** Anna Bonus Kingsford, 1916 Maximus the Confessor Paul M. Blowers, 2016 This study contextualizes the achievement of a strategically crucial figure in Byzantium's turbulent seventh century the monk and theologian Maximus the Confessor 580-662 Building on newer biographical research and a growing international body of scholarship as well as on fresh examination of his diverse literary corpus Paul Blowers develops a profile integrating the two principal initiatives of Maximus's career first his reinterpretation of the christocentric economy of creation and salvation as a framework for expounding the spiritual and ascetical life of monastic and non-monastic Christians and second his intensifying public involvement in the last phase of the ancient christological debates the monothelete controversy wherein Maximus helped lead an East-West coalition against Byzantine imperial attempts doctrinally to limit Jesus Christ to a single divine activity and will devoid of properly human volition Blowers identifies what he terms Maximus's cosmo-politeian worldview a contemplative and ascetical vision of the participation of all created beings in the novel politeia or reordered existence inaugurated by Christ's new theandric energy Maximus ultimately insinuated his teaching on the christoformity and cruciformity of the human vocation with his rigorous explication of the precise constitution of Christ's own composite person In outlining this cosmo-politeian theory Blowers additionally sets forth a theo-dramatic reading of Maximus inspired by Hans Urs von Balthasar which depicts the motion of creation and history according to the christocentric plot or interplay of divine and creaturely freedoms Blowers also amplifies how Maximus's cumulative achievement challenged imperial ideology in the seventh century the repercussions of which cost him his life and how it generated multiple recontextualizations in the later history of theology
