Esoteric Healing Part I Paperback By Baker Douglas M:

Esoteric Healing - Part 1 Dr. Douglas M. Baker, 2014-04-04 Introduction to Esoteric Healing Part 1 For centuries men have sought healing and obtained it long before our methods of treatment were elaborated The methods used then have remained esoteric or veiled and only the outer shell mainly nonsensical has survived for history to ridicule In centuries to come men will also marvel at how we healed in our own day with so many drugs that were later put on the poison list Now for the first time the field of the esoteric healer is being revealed by scientific devices This field of operation for the esoteric healer is the etheric body the vitalising matrix underlying all tissue described by contemporary yogis who even at this moment are revealing facts about man's nature which are not only able to be demonstrated in the neurophysiologic laboratories of such esteemed medical establishments as the Meninger Foundation at Topeka and the World Health Organisation but facts which don't yet exist in our medical physiology and anatomy textbooks Animals suffer intense stress but do not die from coronaries duodenal ulcers and hypertension because of it Many a man will suffer stress persistently and not die from it Disciples all suffer stress but their disciplines enable them to thrive on such situations Only those who are unable to cope or to receive feedback on their reactions to stress or are unable to stop thinking about their troubles or believe themselves to be continuously subject to them go down The difference between all these is not physical it is supraphysical It lies in those realms whose laws are understood obeyed and used by esoteric healers After twenty five years of patient research in the ways of Orthodox Medicine and its esoteric counterpart I have no reason to change my firm belief that the cause of ninety per cent of all disease lies in the inability of Man to express himself according to the purposes of his own Soul whether he be aware of these purposes or not the inability to express in his way of life Truth Beauty and Goodness which after all is not saying anything new for this was the belief of Socrates and Plato twenty five centuries ago What will eventually be practised as Preventive Medicine is already established in great measure in the daily living of students of esoteric sciences i.e. care about diet and nutrition breathing exercises relaxation and meditation

Esoteric Healing - Part 2 Dr. Douglas M. Baker, 2014-04-04 Esoteric Healing Part 2 Stress Disorders Amongst its many topics this book includes expanded sections on healing with the Bach Flower Remedies Alcoholism and Stress Disorder including their treatments For centuries men have sought healing and obtained it long before our methods of treatment were elaborated The methods used then have remained esoteric or veiled and only the outer shell mainly nonsensical has survived for history to ridicule In centuries to come men will also marvel at how we healed in our own day with so many drugs that were later put on the poison list Now for the first time the field of the esoteric healer is being revealed by scientific devices This field of operation for the esoteric healer is the etheric body the vitalising matrix underlying all tissue described by contemporary yogis who even at this moment are revealing facts about man's nature which are not only able to be demonstrated in the neurophysiologic laboratories of such esteemed medical establishments as the Meninger Foundation at Topeka and the

World Health Organisation but facts which don't yet exist in our medical physiology and anatomy textbooks. Animals suffer intense stress but do not die from coronaries, duodenal ulcers and hypertension because of it. Many a man will suffer stress persistently and not die from it. Disciples all suffer stress but their disciplines enable them to thrive on such situations. Only those who are unable to cope or to receive feedback on their reactions to stress or are unable to stop thinking about their troubles or believe themselves to be continuously subject to them go down. The difference between all these is not physical; it is supraphysical. It lies in those realms whose laws are understood, obeyed and used by esoteric healers. After twenty-five years of patient research in the ways of Orthodox Medicine and its esoteric counterpart, I have no reason to change my firm belief that the cause of ninety per cent of all disease lies in the inability of Man to express himself according to the purposes of his own Soul, whether he be aware of these purposes or not, the inability to express in his way of life Truth, Beauty and Goodness, which after all is not saying anything new for this was the belief of Socrates and Plato twenty-five centuries ago. What will eventually be practised as Preventive Medicine is already established in great measure in the daily living of students of esoteric sciences, i.e. care about diet and nutrition, breathing exercises, relaxation and meditation.

Esoteric Healing - Part 3 Dr. Douglas M. Baker, 2014-04-04. Esoteric Healing Part 3: Flower Remedies and Medical Astrology. It was the Tibetan Master D.K. who pointed out that there was a very real link between Man and his unconscious through the Plant Kingdom. The work of Carl Jung has brought into being what is now called psychosomatic medicine and has established the reality of an unconscious in each man which he shares in part collectively with all mankind and from which stems much of his disease. Using drugs such as those inflicted by orthodox medicine on the public at large is not the way that medicine will take in the future. It is a temporary expedient which wreaks havoc through its side effects and one which must be progressively set aside as the use of Flower Remedies becomes more universal. The angiosperms or flowering plants, which include many trees, underwent an immense initiation about 70 million years ago on this planet, just about the time that man began to materialise his physical form. And humanity owes much of its structure to what it has drawn from those flowering plants in its evolution. What better way to correct his imbalances than through the finest essences of that from which he was derived? The cause of 90% of man's disease lies in planes other than the physical and it is on those planes that symptoms manifest first before they work through to show as gross physical disorders. In using the Flower Remedies, the attempt is made via the Plant Kingdom to reach the innermost structures producing the origins of the diseased condition. This masterly written text/reference manual is a must-have for all those interested or practicing alternative healing or esoteric astrology. This valuable writing is enhanced by over 120 images, many in color, lists, astrological charts and reference and correlation charts. A special section deals with dosage, obtaining and producing your own flower remedies.

Paracelsus - His Methods of Healing Dr. Douglas M. Baker, 2014-04-11. Paracelsus: His Methods of Healing. PARACELSUS was the most enigmatic writer and controversial figure in the history of Western medicine. They called him the Prince of Physicians and the Luther of Medicine. 450 years ago his

medical teachings and practices outraged the establishment but they were the forerunners of Medicine today and of the Medicine to come Those who imagine that his medicine is a system of superstitions that we have fortunately outgrown will if they once come to know its principles be surprised to find that it is based upon a superior type of knowledge that we have not yet attained but into which we may hope to grow Paracelsus attempted to reform the professional code of medicine and audaciously followed this up with a supplement to the Hippocratic Oath taken by all physicians Dr Baker himself a medical doctor for many years focuses in this writing on the healing principles Paracelsus gave us so that we may benefit from them today This knowledge will help us in our quest to regain a more natural holistic and less chemical approach to healing and health Esoteric Healing Douglas Baker,1978-01 *Esoteric Anatomy - Part 1* Dr. Douglas M. Baker,2014-04-09

Introduction to Esoteric Anatomy Part 1 This is an essential reference book for the seeker of Truth and spiritual progress It takes a detailed look at the physical structures in you that underlie your spiritual nature as well as the effects of spiritual awakening on the physiology H P Blavatsky Alice A Bailey and others attempted in the words of their era to help us understand what we truly are They veiled much of it in mystic terms to protect those who might misuse this knowledge Over one hundred images diagrams and charts in this book many in colour will help you to understand this vast and important subject In this first of the two part work Dr Baker draws on his training as a medical doctor to reveal in masterly fashion the exoteric physical and esoteric less dense higher function and interactions within our nature Many diseases are discussed and their karmic causes explained making this volume a must have for those interesting in healing and for those wanting to KNOW THY SELF *STRESS DISORDERS - Esoteric Meaning and Healing*. Dr. Douglas M. Baker,2014-04-10 STRESS DISORDERS Esoteric Meaning and Healing The traditional orthodox attitude with regard to the growing problem of stress has invariably been to find ways of relieving that stress by whatever means possible Usually this has been through excessive smoking and drinking which in the end has served only to aggravate the problem For Man on the Path however the factor of stress is not something which must be eliminated at all costs but on the contrary is something which he must learn to thrive on for without it he would be incapable of evolving spiritually The problem arises when he is confronted with excessive amounts of stress which result in dis stress Here for the first time a medical practitioner deals with the subject of stress from an esoteric viewpoint He discusses how these stress disorders may arise and gives us practical advice as well as exercises on how to treat them *THE SPIRITUAL DIARY* Dr. Douglas M. Baker,2014-04-11 THE SPIRITUAL DIARY Dr Baker has maintained a spiritual diary for fifty years and using examples from his own entries demonstrates how it is possible through the language of symbols to establish a dialogue with one s own Higher Self This is a perfect companion text book to The Diary of an Alchemist by the same author The diary lays down a channel for the transmission of advice and direction from the higher Self that can bring about a transformation of the personality its attachments and limitations It is a textbook for esoteric students seeking to express themselves more fully about subjective matters as a preliminary to their acting

subjectively in the inner planes before and after their initiations The diary is meant to highlight those difficulties that arise from the adjustments which the disciple must make in the outer world if he is to live the philosophical and meditative way of life Once posited the higher Self can make suggestions through meditation and the dream life as to how these adjustments can be effected An absolutely essential guide to those of you wanting answers to questions like Who am I Where do I come from Why am I here Where do I go to from here Why do I have to suffer pain This volume also contains the full text of The Voice of the Silence as translated by H P Blavatsky

Baker, 2014-04-04 Esoteric Astrology A New Astrology for a New Millennium Volume One The Signs Planets and Houses of the Horoscope This publication takes a new and revitalised look at astrology It is simple to understand yet remains a powerful tool capable of providing a solid foundation for the comprehension of this broad and magnificent subject This textbook like most of Dr Baker s printed books eBooks and DVDs enhances your studies via many charts lists tables and images over 100 in this one This major work is a very comprehensive introduction for those who want to study this subject in earnest and for the more advanced student it will serve as an essential reference manual In today s computer based world it is no longer necessary to spend hours calculating a horoscope when the most modest PCs can do it in seconds and with 100% accuracy Consequently the needless paraphernalia usually associated with learning astrology has been stripped away Emphasis is placed on the application of astrology to the unique problems of the modern world its use as a method of revealing purpose and meaning in life and ultimately as a key to the psychosynthesis of personality The horoscope is described in comprehensive detail with special attention given to the esoteric ruling planets of the zodiac signs which are more relevant than orthodox rulers in the charts of spiritually minded people The new rulers also accommodate the immense changes in external conditions and inner consciousness that have occurred in the last hundred years and are related to a new range of experience which the brain registers as the externa of the modern world The significance of karma is represented for it gives dramatic effect to our daily actions and the third factor of esoteric psychology lying beyond our understanding of heredity and environment is given full prominence This integrative and enriching work can be read alone as a fascinating introduction and foundation to the New Astrology or can be followed up with the author s extensive range of astrological books and video tapes audio lectures and the all embracing Dictionary of Astrology for the 21st Century Together they provide a complete system for the professional and novice alike containing efficient and extraordinary techniques of interpretation which have never been used before and which halve the time required to assimilate and practise astrology
