Esoteric Spiritualism:

True Spiritualism; Reuben Swinburne Clymer, 1906

Archaic Theosophy is pre-Buddhist Wisdom-Religion

William Quan Judge, 2021-08-07 Theosophy is the Aletheia of Occult Science and the Religion of Reason Prerequisites and qualifications and for aspirants The fundamental propositions of the Secret Doctrine First proposition Cosmogogenesis Second proposition Law governs Cosmos and Man Third proposition Anthropogenesis Spiritual nature cannot be cultivated A sincere lover of the race can accomplish more in three incarnations during Kali Yuga than he could in a much greater number in any other age What is the moment of choice The elementals are spirits of the four elements of the terrestrial world Our Earth is densely populated by these mystifying centres of energy By coalescing around our thoughts and being coloured by them they act as impartial agents of karma Curses like chickens come home to roost As universal law contains within itself the means for its own accomplishment and the punishment for its violation it requires no further authority to carry out its decrees The origin of man his original sin and his destiny The doctrine of reincarnation The inner constitution of man The real hell is life on earth The bliss of paradise is a delusion of the lower self stemming from the heresy of individuality which heresy determines the monad's future birth Upheld through Eternity Karma decrees harmony across the Universe Since Compassion is the Spirit of Truth karma follows its behests and manifests as the Law of ethical causation It is the One Law that governs the World of Being impartially to Cosmos Man and Angel alike The universal onward march of evolutionary progress proceeds along contrary directions spirit falling gradually into matter and matter ascending to its original condition that of a pure spiritual substance Greatness is measured by the standard of genuine spiritual not psychic development i.e. the acquirement of soul wisdom by personal effort and merit Heart wisdom and head learning are divergent paths A mountain abyss separates the two so hopelessly impassable and obstructive to the traveller The law of spiritual development supersedes the purely intellectual growth the latter is more of an impediment than of help Theosophy being the only system of true religion and philosophy offers lucid explanations and solutions to the puzzles of life A rebuke to the Theosophical Publication Society We are not seeking to cater to fiction readers and curiosity hunters but to the pressing needs of earnest minds The United States contain more theosophists and possible subscribers and readers than the whole of Europe They do not want fiction They want no padding in their search for truth They are perfectly able to grasp that which the Theosophical Publication Society in London deems to be too advanced

The Voudon Gnostic Workbook Michael Bertiaux, 2007-07-01

A long awaited new edition of the seminal text on the spiritual system that is a convergence of Gnosticism and Haitian voodoo The Voudon Gnostic Workbook is a singular sacred work that is comprehensive in scope from how to be a lucky Hoodoo to how magick and voodoo intersect energetically to esoteric time travel Complete with charts and graphs and instructive interdimensional physics The Voudon Gnostic Workbook is an object of desire among students of the occult Weiser's long anticipated republication of this rare text will be an event in the annals of esoteric publishing as the book itself is somewhat

of an unholy grail There are listservers devoted to it and much discussion of the mysteries held within its pages While The Voudon Gnostic Workbook has remained a controversial book considered important for masters of metaphysics it recently came into popular culture and renewed popularity when Grant Morrison revealed it had been the inspiration for his cult comics The Invisibles using the cribbed time travel from Bertiaux s masterwork Voodoo is not an evil religion and is much misunderstood It derives from the Dahomean Gods called the Loa Esoteric voodoo is actually a highly practical procedure for leading us into making contact with the deepest levels of our being and most ancient modes of consciousness Michael Bertiaux s Voudon Gnostic Workbook is the most comprehensive and illuminating contemporary book on the subject Launched out of a correspondence course and series of classes for students and followers of Voudon Gnosticism and the OTO this seminal text is at once one of the most mysterious and magnificent of all esoteric books **Arthur Conan Doyle: Esoteric Writings** Arthur Conan Doyle,2022-05-17 In Arthur Conan Doyle Esoteric Writings readers delve into the lesser known but profoundly intriguing spectrum of Doyle s oeuvre that transcends his famed Sherlock Holmes series This compendium assembles a variety of essays short stories and philosophical musings that engage with themes of mysticism spirituality and the arcane With a unique literary style marked by lucidity and a penetrating insight into the human psyche Doyle s works reflect the intellectual fervor of the late Victorian and early Edwardian periods a time marked by burgeoning interests in the occult and alternative spiritualities Arthur Conan Doyle trained as a physician was drawn into the realms of the supernatural and the esoteric influenced by personal tragedies and his quest for understanding life after death Beyond his detective fiction he was a passionate advocate for spiritualism fervently believing in the existence of a spiritual realm His life experiences and scientific background laid the groundwork for a profound engagement with esoteric concepts which he skillfully wove into this compelling collection Arthur Conan Doyle Esoteric Writings is an essential read for scholars of literature and esotericism alike It invites readers to explore the dimensions of Doyle s thought and the wider historical context of his beliefs enriching their understanding of one of literature s most complex figures Engage with this collection to discover the intersections between reason and mysticism and the enduring questions that continue to intrigue us today **Modern Esoteric Spirituality** Antoine Faivre,Jacob Needleman,1992 An insightful and substantive compilation on the subject of esotericism that will guide you through the labyrinth of gnosticism **Theosophy is the science of Truth and the religion of Justice** Helena Petrovna Blavatsky,2018-07-03 Theosophy is both a science and a religion the science of Truth and the religion of Justice And The Secret Doctrine infuses a raison d tre and intelligibility into a universe whose drift has been utterly unperceived by western thought **Shamanic Mysteries of Egypt** Nicki Scully,Linda Star Wolf,2007-03-20 A book of wisdom teachings and rituals that invoke ancient Egyptian deities to awaken human consciousness Provides guided shamanic visualizations to invoke 26 of the most significant gods Takes the reader through shamanic portals of death rebirth and illumination Reconciles internal conflict through a sacred marriage of heart and mind In Shamanic Mysteries of Egypt Nicki

Scully and Linda Star Wolf renew humanity's connection to the ancient gods of Egypt the neteru. Voices from these divine ancestors remind us of the healing power of the heart and call us to bring their consciousness into the present to help us remember our true nature as divine humans with sacred purpose. The authors provide rituals, meditations and rites of passage to help us meet our personal and planetary challenges with grace, wisdom and love. The shamanic initiations provided are invoked, directly experienced and transformed into embodied wisdom that awakens consciousness and illumines the intelligence of the heart. Scully and Star Wolf focus their rituals on 26 of the primary divine entities that preside over the ancient mysteries whose roots are in Old Kingdom and pre-historic Egypt. This fresh interpretation of ancient mysteries unites the energies of Thoth and Anubis to guide us through the current cycle of Earth changes and to help us remember who we really are at heart. Through these passages Anubis lives up to his ancient title as the Opener of the Way and Thoth as the Architect of Higher Learning. Together they evoke their power to unite heart and mind in the sacred marriage that brings transformation, renewal and the awakening of consciousness. *Eastern Occult Philosophy is the science of effects known by their causes, and vice versa.* Alexander Wilder, Helena Petrovna Blavatsky, 2023-09-27

Medicine, Religion, and the Body Elizabeth Burns Coleman, Kevin White, 2010. This book explores the ways in which the body is sacred in Western medicine as well as how this idea is played out in questions of life and death, of the autopsy and of the meanings attributed to illnesses and disease. Ritual and religious modifications to and limitations on what may be done to the body raise cross-cultural issues of great complexity philosophically and theologically as well as sociologically within medicine and for health care practitioners but also as a matter of primary concern for the patient. The book explores the ways in which medicine organises the moral and the immoral, the sacred and the profane, how it mediates cultural concepts of the sacred of the body of blood and of life and death. Theosophy is Religion itself and sublime code of Ethics Helena Petrovna Blavatsky, 2018-07-04. The Original Programme of the Theosophical Society prefaced by introductory notes, historical letters and documents by Boris de Zirkoff. Compiler and Editor of H. P. Madame Blavatsky Collected Writings. There is no religion higher than Truth. Moreover there is and can be but one absolute Truth in Kosmos. The majority of the public Areopagus is generally composed of self-appointed judges who have never made a permanent deity of any idol save their own personalities, their lower selves. And he who believes his own religion on faith will regard that of every other man as a lie and hate it on that same faith. Theosophy is not a religion. It is Religion itself, a Divine Science embracing every science in life, moral and physical and a sublime code of Ethics. Theosophy is Religion and the Theosophical Society the Universal Church of Morality. The Theosophical Movement is the great moral but silent force. Human life devoid of all its world ideals and beliefs becomes deprived of its higher sense and meaning. But the world ideals can never completely die out. Exiled by the fathers they will be received with open arms by the children. The Theosophical Movement was reborn in 1875 and so the cyclic evolution of theosophical ideals continues. **Religion and Truth** Donald Wiebe, 1981. Since its founding by Jacques Waardenburg in
