Alice A. Bailey,1995-05-14 Today two rays of great potency are functioning simultaneously The Sixth Ray of Idealism and Devotion is slowly passing out and the Seventh Ray of Ceremonial Order or Ritual is coming into manifestation This is bringing about a situation which is described in ancient archives in the following terms A time of rending when the mountains which have sheltered fall from their high places and the voices of men are lost in the crash and thunder of the fall Such periods come only rarely and each time they come a peculiarly significant period of divine activity is ushered in old things pass away yet the ancient landmarks are restored The Full Moons: Topical Letters In Esoteric Astrology Malvin Artley,2014-06-12 The Full Moons is an exploration of the Sun the Moon the Truth and their interrelation and it is the culmination of over ten years of letters the author has written on esoteric astrology A compendium of topics in esoteric astrology it explores the emerging universal spirituality gradually unfolding through the current decades as seen from the perspective of topical world events even though the principles investigated therein are timeless The twelve astrological signs each give a unique insight into various aspects of spirituality and each one has its own story to tell on the great evolutionary path of the soul Because the soul is so dear to us even though the subject matter of the book is esoteric in its presentation there is something in its pages for everyone whether or not you have an astrological background Ultimately this book can be used as reference material for the times of the full moon each month and for specified times in between The book is extensively indexed for ease of reference and it contains abundant reference material in the appendices along with a glossary of esoteric terminology **Treatise on Cosmic Fire** Alice A.
