ESP and Personality Patterns Gertrude Raffel Schmeidler, Robert A. McConnell, 1958 *ESP and Personality Patterns* Gertrude R. Schmeidler, 2003 A report on the relation between personality and extrasensory perception based on data gathered by a psychologist and statistical analysis by a physicist **ESP AND PERSONALITY PATTERNS** GERTRUDE RAFFEL. SCHMEIDLER, 2018 **ESP and Personality Patterns, By Gertrude Raffel Schmeidler and R.A. McConnell. With an Introductory Note by Gardner Murphy** Gertrude Raffel Schmeidler, Robert A. McConnell, 1964 *E.S.P. and Personality Patterns* Gertrude Raffel Schmeidler, Robert A. McConnell, 1958 **E.S.P. and Personality Patterns, Etc** Gertrude Raffel SCHMEIDLER (and MAC CONNELL (Robert A.)), Robert A. MACCONNELL, 1958 *An Introduction to Parapsychology, 5th ed.* Harvey J. Irwin, Caroline A. Watt, 2007-03-07 This is a thoroughly updated and revised edition of our highly acclaimed university textbook on the science of parapsychology The objective of this book is to provide an introductory survey of parapsychologists efforts to explore the authenticity and bases of anomalous apparently paranormal phenomena It outlines the origins of parapsychological research and critically reviews investigations of extrasensory perception psychokinesis poltergeist phenomena near death and out of body experiences and the evaluation of parapsychology as a scientific enterprise Instructors considering this book for use in a course may request an examination copy here

Extrasensory Perception Gertrude Schmeidler, 2017-07-12 If extrasensory perception is a common human ability why can't we all score high on ESP tests This book answers the question by describing psychological determinants of success and failure in extrasensory perception Some of the most significant points raised in the editor's enlightening introduction are developed in greater detail in the nine essays that follow all of them important statements giving a clear picture of research into ESP and the debate that surrounds it Each essay is followed by a comment relating the essay to the field as a whole In essays on the debate about ESP an attack by C E M Hansel is followed by a rebuttal by J B Rhine and J G Pratt offering the reader insight into the peculiar tension surrounding the ESP controversy The book also includes a balanced overview of problems in the field by J C Crumbaugh and six other essays on the psychological factors that influence research on ESP Controversy over ESP is of special interest also because the questions critics raise relate closely to problems within psychology itself In addition the essays reflect a quality common to much research the excitement of uncovering results that advance our knowledge This book is intended for supplementary course use Because of the fundamental problems it addresses it also offers richly rewarding reading for all teaching and practicing psychologists as well as for the interested generalist A substantial number of research reports are cited throughout so that any reader seeking further information will find the cited references invaluable *National Library of Medicine Current Catalog* National Library of Medicine (U.S.), 1965 Mind Over Matter Kit Pedler, 2023-10-09 First published in 1981 Mind Over Matter stems from Kit Pedler's TV series of the same name and is an engrossing open minded survey of all aspects of the paranormal It controversially

suggests that metal bending telepathy precognition and out of body experiences may not after all be the domain of frauds alone Although criticised over the years the book still fills the readers with creativity and wonder and maybe even provides some explanation for inexplicable events in life

Yoga & Parapsychology K. Ramakrishna Rao, 2010-01-01 Yoga and Parapsychology are two areas in which a significant amount of professional research is awaited Parapsychology considered as the discipline to study psi psychic abilities is essentially the science of siddhis extraordinary human abilities Yoga is considered to be an effective psycho spiritual pursuit that results in the manifestation of a variety of supernormal phenomena In fact Patanjali s Yoga Sutras is the foundational text of psychic science One of its four parts Vibhuti Pada is filled with the description and discussion of a variety of paranormal phenomena There is thus an intrinsic commonality between yoga and parapsychology which remains essentially unexplored in any systematic way A serious and scientific study of the two and the resultant synergy of their confluence could result in resolving many of the riddles that puzzle parapsychology today and be a harbinger of a vibrant science opening up new frontiers Further it could be seen as a productive East West meet in a profound sense Keeping this in view a national conference and a workshop were organized during January 3 23 2006 at Andhra University by the Institute for Human Science and Service with international participation The present volume is a compilation of the major presentations at the conference and workshop which are appropriately revised and edited in light of the discussions The contents of the volume contain theoretical articles and reviews as well as experimental reports Contributors come from different countries besides India including the United States of America Sri Lanka the United Kingdom Germany and the Netherlands Thus the volume is international in scope and coverage

The Survival Hypothesis Adam J. Rock, 2014-04-04 Contemporary parapsychology tends to be preoccupied with ESP telepathy clairvoyance precognition and psychokinesis In contrast this cutting edge anthology assembles an international team of experts from the fields of psychology parapsychology philosophy anthropology and neuroscience to examine critically what is referred to as the survival hypothesis the tentative statement or prediction that some aspect of our personhood e g consciousness persists subsequent to the death of the physical body The appraisal of the survival hypothesis

will be restricted to the phenomenon of mediumship that is humans who ostensibly communicate with the deceased The book has been divided into four main sections Explanation and Belief Culture Psychopathology and Psychotherapy Empirical Approaches The Present and Future The issue of postmortem survival is supremely relevant to us all because the human encounter with death is of course a certainty *Parapsychology* Caroline Watt, 2017-07-05 Many people believe that they have experienced paranormal phenomena and others claim to possess psychic abilities For the past hundred years or so researchers have undertaken systematic and scientific work into these alleged experiences and abilities This collection of articles provides readers with a general sense of the methods used in this research the findings that have been obtained and the controversies generated by this work They cover a wide range of issues including the psychology of paranormal belief investigations into ghosts and hauntings laboratory research into extra sensory perception and psychokinesis and controlled tests of psychics and mediums An introductory essay sets each of the selected papers in context and provides additional references for those wishing to delve deeper into the issues surrounding each of the areas covered *Cumulated Index Medicus*, 1974 **Current Catalog** National Library of Medicine (U.S.), First multi year cumulation covers six years 1965-70 **Journal of Indian Psychology**, 2003 **The Encyclopedia of Parapsychology** Courtney M. Block, 2022-09-14 Superbly organized and researched this book by Block provides a comprehensive presentation about parapsychology Library Journal Starred Review The Encyclopedia of Parapsychology covers the history of parapsychology key international figures and a decade by decade annotated bibliography of research It includes find information on early psychical researchers from around the globe and how the work of those psychical researchers inspired the creation of the modern field of parapsychology Alongside biographical entries about key figures are sketches of those at the center of psychical inquiry like mediums and others who seemingly have the ability to manifest strange phenomena The Encyclopedia covers the Spiritualism era which influenced early psychical inquiry and how it influenced psychical thought around the globe More contemporary coverage includes biographical entries for current international researchers who continue to investigate the depths of psi phenomena In order to provide comprehensive coverage of historical and modern research into psi phenomena the Encyclopedia features a decade by decade bibliography of resources that highlight the shifting theories and experiments of the field starting from the 1870s and going through the 2020s This section includes a wide variety of research into topics such as psychokinesis hauntings poltergeists also known as recurrent spontaneous psychokinesis near death experiences extrasensory perception remote viewing and much more Appendices provide information on international parapsychological research organizations and a quick start research guide With information on key figures and research on an international scale The Encyclopedia of Parapsychology provides an approachable yet comprehensive compendium of information

Basic Research in Parapsychology, 2d ed. K. Ramakrishna Rao, 2016-03-15 This expanded and revised text includes thirteen experimental reports five new to this edition and seven review articles involving meta analysis and the assessment of

evidence in specific areas of psi research The author provides a representative sample of the extensive literature in the controversial field of parapsychology and presents a few basic experiments illustrating various procedures and broadly reflecting the major trends of psi research Possible experimental procedures cumulative evidence showing the replicability of individual experiments and promising areas of psi research are also discussed Instructors considering this book for use in a course may request an examination copy here
