Rupert,2012 When Cura ao came under Dutch control in 1634 the small island off South America s northern coast was isolated and sleepy The introduction of increased trade both legal and illegal led to a dramatic transformation and Cura ao

emerged as a major hub within Caribbean and wider Atlantic networks. It would also become the commercial and administrative seat of the Dutch West India Company in the Americas. The island's main city, Willemstad, had a non-Dutch majority composed largely of free blacks, urban slaves, and Sephardic Jews who communicated across ethnic divisions in a new creole language called Papiamentu. For Linda M. Rupert, the emergence of this creole language was one of the two defining phenomena that gave shape to early modern Curaçao. The other was smuggling. Both developments, she argues, were informal adaptations to life in a place that was at once polyglot and regimented. They were the sort of improvisations that occurred wherever expanding European empires thrust different peoples together. Creolization and Contraband uses the history of Curaçao to develop the first book-length analysis of the relationship between illicit inter-imperial trade and processes of social, cultural, and linguistic exchange in the early modern world. Rupert argues that by breaking through multiple barriers, smuggling opened particularly rich opportunities for cross-cultural and inter-ethnic interaction. Far from marginal, these extra-official exchanges were the very building blocks of colonial society. *The African Diaspora* Isidore Okpewho, Carole Boyce Davies, Ali Al-Amin Mazrui, 1999. How black people established their identities in the African diaspora.

El español de América Miguel Ángel Quesada Pacheco, 2002 **El Español de América** Antonio Torres Torres, 2005. Este texto, que es fruto de la experiencia acumulada en cuatro años de docencia de la asignatura, tiene como propósito ofrecer al lector una imagen introductoria y global de la historia y las variedades actuales del español en América. Se presentan por una parte las cuestiones teóricas y los conceptos fundamentales que guían la investigación y la reflexión sobre la configuración de la realidad presente y el futuro del español en el Nuevo Mundo, y por otra parte, distintos inventarios de textos y mapas que ilustran el debatido problema de la división del español americano en zonas dialectales, el influjo de las lenguas indígenas, los aspectos distintivos en los niveles fonético-fonológico, morfosintáctico y léxico-semántico, y las situaciones de contacto del español con otras lenguas, especialmente con el inglés en los Estados Unidos. Completan los diferentes capítulos abundantes referencias bibliográficas y otros materiales de apoyo. **Español de América, El (2.ª edición)** Antonio Torres Torres, 2016-07-28. A Comparative History of Literatures in the Iberian Peninsula Fernando Cabo Aseguinolaza, Anxo Abuín Gonzalez, César Domínguez, 2010-05-26 A Comparative History of Literatures in the Iberian Peninsula is the second comparative history of a new subseries with a regional focus published by the Coordinating Committee of the International Comparative Literature Association As its predecessor for East Central Europe this two volume history distances itself from traditional histories built around periods and movements and explores from a comparative viewpoint a space considered to be a powerful symbol of inter literary relations Both the geographical pertinence and its symbolic condition are obviously discussed when not even contested Written by an international team of researchers who are specialists in the field this history is the first attempt at applying a comparative approach to the plurilingual and multicultural literatures in the Iberian Peninsula The aim of comprehensiveness is abandoned in favor of a diverse and extensive array of key issues for a comparative agenda A Comparative History of Literatures in the Iberian Peninsula undermines the primacy claimed for national and linguistic boundaries and provides a geo cultural account of literary inter systems which cannot otherwise be explained **Orality, Identity, and Resistance in Palenque (Colombia)** Armin Schwegler, Bryan Kirschen, Graciela Maglia, 2017-12-19 Located near Cartagena de Indias Colombia Palenque is a former Afro Hispanic maroon community that has recently attracted much national and international attention The authors of this collection examine Palenque's linguistic geographic and cultural origins from interdisciplinary and theoretically diverse perspectives Extensive in situ fieldwork and long term familiarity with the Palenquero community form the basis of the seven essays all of which are enriched by data
