Corruption and Economic Growth in Africa David N. Abdulai, 2023-12-28 Corruption is one of the major challenges impeding Africa s growth and development efforts and its impact is much more pronounced at this point of the continent s development trajectory Corruption has political economic and social consequences and this book argues that any efforts to help Africa grow and develop must prioritise the fight against it so that the aid and funding given for projects in the region can continue to be sustained The book also tackles the issue of national security and instability caused by corruption The author argues that progress cannot happen in countries and environments where instability exists and persists Corruption in

Africa has contributed to instability and other national security challenges especially in fragile states on the continent The book starts by looking at the three major types of corruption petty grand and systemic and then goes on to address the different categories of corruption such as bureaucratic legislative political as well as public and private sector aspects It also deals with common forms of corruption as well as some of the causes such as bad governance and excessive greed to mention a few Further it critically examines how current political systems on the continent contribute to this condition The book argues that some of the solutions that have been proposed to date are not viable or have not worked in practice and through applied research offers workable solutions that policy makers African politicians academics and students of economics and development can use as a reference guide in the fight against corruption

How To Steal A Country Robin Renwick, 2018-03-27 How to Steal a Country describes the vertiginous decline in political leadership in South Africa from Mandela to Zuma and its terrible consequences Robin Renwick s account reads in parts like a novel a crime novel for Sherlock Holmes old adversary Professor Moriarty the erstwhile Napoleon of Crime would have been impressed by the ingenuity audacity and sheer scale of the looting of the public purse let alone the impunity with which it has been accomplished Based on Renwick s personal experiences of the main protagonists it describes the extraordinary influence achieved by the Gupta family for those seeking to do business with state owned enterprises in South Africa and the massive amounts earned by Gupta related companies from their associations with them The ensuing scandals have engulfed Bell Pottinger KPMG McKinsey and other multinationals The primary responsibility for this looting of the state however rests squarely with President Zuma and key members of his government But South Africa has succeeded in establishing a genuinely non racial society full of determined and enterprising people offering genuine hope for the future These include independent journalists black and white who refuse to be silenced and the judges who have acted with courage and independence The book concludes that change will come either by the ruling party reverting to the values of Mandela and Archbishop Tutu or by the reckoning it otherwise will face one day

Traditional Religions Revisited : Dynamics in Indigenous Religions in 21st Century Africa Ndekha, Louis

W., Munyenembe, Rhodian, Bachmann, Judith, Kügler, Joachim, **African Intelligence Services** Ryan Shaffer, 2021-09-27

This book argues for making African intelligence services front and center in studies about historical and contemporary African security. As the first academic anthology on the subject it brings together a group of international scholars and intelligence practitioners to understand African intelligence services post colonial and contemporary challenges. The book's eleven chapters survey a diverse collection of countries and provides readers with histories of understudied African intelligence services. The volume examines the intelligence services objectives, operations, leaderships, international partners, and legal frameworks. The chapters also highlight different methodologies and sources to further scholarly research about African intelligence. *The Columbia Guide to East African Literature in English Since 1945* Simon Gikandi, Evan

Mwangi, 2007-04-24. *The Columbia Guide to East African Literature in English Since 1945* challenges the conventional belief that the English language literary traditions of East Africa are restricted to the former British colonies of Kenya, Uganda, and Tanzania. Instead, these traditions stretch far into such neighboring countries as Somalia and Ethiopia. Simon Gikandi and Evan Mwangi assemble a truly inclusive list of major writers and trends. They begin with a chronology of key historical events and an overview of the emergence and transformation of literary culture in the region. Then they provide an alphabetical list of major writers and brief descriptions of their concerns and achievements. Some of the writers discussed include the Kenyan novelists Grace Ogot and Ngugi wa Thiong'o, Ugandan poet and essayist Taban Lo Liyong, Ethiopian playwright and poet Tsegaye Gabre Medhin, Tanzanian novelist and diplomat Peter Palangyo, Ethiopian novelist Berhane Mariam Sahle Sellassie, and the novelist M. G. Vassanji who portrays the Indian diaspora in Africa, Europe, and North America. Separate entries within this list describe thematic concerns such as colonialism, decolonization, the black aesthetic, and the language question; the growth of genres like autobiography and popular literature; important movements like cultural nationalism and feminism; and the impact of major forces such as AIDS, HIV, Christian missions, and urbanization. Comprehensive and richly detailed, this guide offers a fresh perspective on the role of East Africa in the development of African and world literature in English and a new understanding of the historical, cultural, and geopolitical boundaries of the region.
