Essay On Theological Method:

An Essay on Theological Method Gordon D. Kaufman, 1975 This book first published in 1979 contains Gordon Kaufman's initial attempt to articulate his conviction that theology is and always has been an activity of what he calls the imaginative construction of a comprehensive and coherent picture of humanity in the world under God While Kaufman's 1993 work *In Face of Mystery* qualifies and deepens the programmatic proposals offered in *An Essay on Theological Method* the earlier book nevertheless remains a sound and accessible statement on theological method by one of America's most distinguished theologians The Third Edition includes an extensive new Preface by the author and an appendix on The Three Moments of Theological Construction [Truth is Our Mask](#) William Lloyd Newell, 1990 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com [An Evangelical Response to Gordon Kaufman's "An Essay on Theological Method"](#) Louis Igou Hodges, 1988 **The Making of American Liberal Theology** Gary J. Dorrien, 2006-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom *The Spirit of American Liberal Theology* Gary Dorrien, 2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U S American tradition of liberal theology A highly condensed and far more accessible summary of Gary Dorrien's three volume trilogy *The Making of American Liberal Theology* Westminster John Knox Press 2001 2003 and 2006 Dorrien here presses the argument that the most abundant diverse and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself While discussions of English and German liberalism persist new material includes expanded treatment of the Black social gospel the Universalists developments into early 2020s and a robust expression of the author's post Hegelian liberal liberationist perspective

theology is written for seminary students educators clergy study groups and anyone interested in delving more deeply and systematically into understandings of God whether their own or those of others Homiletical Theology David Schnasa Jacobsen,2015-02-13 Karl Barth famously argued that all theology is sermon preparation But what if all sermon preparation is actually theology This book pursues a thoroughgoing theological vision for the practice of preaching as a way of doing theology The idea is not just that homiletics is the realm of theological application That would leave preaching in the position of simply implementing a theology already arrived at Instead the vision in these pages is of a form of theology that begins with preaching itself its practice its theories and its contexts Homiletical theology is thus a unique way of doing theology even a constructive theological task in its own right Homiletician David Schnasa Jacobsen has assembled several of the leading lights of contemporary homiletics to help to see its task ever more deeply as theological yet in profoundly diverse ways Along the way readers will not only discover how homileticians do theology homiletically but will deepen the way in which they understand their own preaching as a theological task Contributors include Ronald J Allen Professor of Preaching and Gospels and Letters at Christian Theological Seminary John S McClure Charles G Finney Professor of Preaching and Worship at Vanderbilt Divinity School Alyce M McKenzie George W and Nell Ayers Le Van Professor of Preaching and Worship at Perkins School of Theology Southern Methodist University Michael Pasquarello III Granger E and Anna A Fisher Professor of Preaching at Asbury Theological Seminary Luke A Powery Dean of the Chapel and Associate Professor of the Practice of Homiletics at Duke University Teresa Stricklen Eisenlohr Ph D Associate for Worship Office of Theology and Worship at the Presbyterian Church U S A *The Logic of the Heart* James R. Karl Rahner Karl Rahner (S.I.),1992 Karl Rahner s 1904 84 creative proposals in theological areas made him one of the giants of 20th century theology The depth of his contributions has made study of Rahner s writings difficult but Kelly s anthology of Rahner s writings overcomes the obstacles beautifully A select bibliography neatly organizes the vast work by and on Rahner Part of The Making of Modern Theology Series *Constructing Constructive Theology* Jason A. Wyman Jr. ,2017-07-15 To date constructive theology hasn t been viewed or conceptualized as a movement or trend in theology on its own as a whole Questions arise as to what constructive theology is where it came from why it considers itself constructive and why constructive is something different from the ways in which theology has been done in the past This book traces the overall historical arc of constructive theology from proto movement through the present Inklings of constructive theology emerged well before it began to take any formalized shape At the same time an important shift occurred when a group of theologians decided to create the Workgroup on Constructive Theology Further even as the workgroup continues to work collectively producing textbooks statements and methodologies concerning theology many theologians who are not part of the workgroup or may not even know it exists have adopted the moniker of constructive theologian The book also considers the term constructive itself offering possible reasons and historical contexts that led to this distinction being made in contrast to systematic theology and its subcategories Constructive theology speaks to a very specific historically situated emergence in the academy generally and in theology s attempts to engage those shifts specifically **Exploring Theology** Elaine A. Muller,1991 The Study of Theology address two major concerns the place of biblical hermeneutics and practical theology The author discusses the hermeneutical implications of biblical historical systematic and practical theology and presents a case for the relationship between exegesis and the other theological disciplines However the relationship between hermeneutics and practical theology is also essential According to the author the traditional forms of theology and preaching frequently fail the tests of exegesis and contemporary theologizing while at the same time most contemporary theology and exegesis fails to address directly the needs of the church Muller presents a case for the structure of hermeneutics and argues that it is essential to the church because theological training as a whole ought to reflect the life of

the church and be of value to the life of the church *J. I.
