**An Essay on the First Principles of Government** Joseph Priestley,2013-09-26 In this influential 1768 exposition of his political philosophy Priestley argues for civil and political liberties to achieve social progress      ESSAY ON THE FIRST PRINCIPLES OF GOVERNMENT JOSEPH. PRIESTLEY,2018      **The Enlightenment of Joseph Priestley** Robert E.

Schofield,1997-01-01 Joseph Priestley 1733 1804 is one of the major figures of the English Enlightenment A contemporary and friend of Benjamin Franklin and Thomas Jefferson he exceeded even these polymaths in the breadth of his curiosity and learning Yet no one has attempted an all inclusive biography of Priestley probably because he was simply too many persons for anyone easily to comprehend in a single study Robert Schofield has devoted a lifetime of scholarship to this task The result is a magisterial book covering the life and works of Priestley during the critical first forty years of his life Although Priestley is best known as a chemist this book is considerably more than a study in the history of science As any good biographer must Schofield has thoroughly studied the many activities in which Priestley was engaged Among them are theology electricity chemistry politics English grammar rhetoric and educational philosophy Schofield situates Priestley the provincial dissenter within the social political and intellectual contexts of his day and examines all the works Priestley wrote and published during this period Schofield singles out the first forty years of Priestley s life because these were the years of preparation and trial during which Priestley qualified for the achievements that were to make him famous The discovery of oxygen the defenses of Unitarianism and the political liberalism that characterize the mature Priestley all are foreshadowed in the young Priestley A brief epilogue looks ahead to the next thirty years when Priestley was forced out of England and settled in Pennsylvania the subject of Schofield s next book But this volume stands alone as the definitive study of the making of Joseph Priestley      *An Essay on the First Principles of Government and on the Nature of Political, Civil, and Religious Liberty, Including Remarks on Dr. Brown's Code of Education, and on Dr. Balguy's Sermon on Church Authority. **Essays** David Hume, 2007-12-01 As part of the tried and true model of informal essay writing Hume began publishing his Essays Moral Political and Literary in 1741 The majority of these finely honed treatises fall into three distinct areas political theory economic theory and aesthetic theory Interestingly Hume s was motivated to produce a collection of informal essays given the poor public reception of his more formally written Treatise of Human Nature in 1739 He hoped that his work would be interesting not only to the educated man but to the common man as well He passionately argues that essays provide a forum for discussing his philosophy of common life

DAVID HUME 1711 1776 was a Scottish philosopher and historian Educated at Edinburgh he lived in France from 1734 to 1737 where he finished his first philosophical work A Treatise of Human Nature 1739 40 His additional philosophical works include An Enquiry Concerning Human Understanding 1748 Political Discourses 1752 The Natural History of Religion 1755 and Dialogues Concerning Natural Religion 1779
