Reading in the Wilderness Jessica Brantley,2008-09-15 Just as twenty first century technologies like blogs and wikis have transformed the once private act of reading into a public enterprise devotional reading experiences in the Middle Ages were dependent upon an oscillation between the solitary and the communal In *Reading in the Wilderness* Jessica Brantley uses tools from both literary criticism and art history to illuminate Additional MS 37049 an illustrated Carthusian miscellany housed in the British Library This revealing artifact Brantley argues closes the gap between group spectatorship and private study in late medieval England Drawing on the work of W J T Mitchell Michael Camille and others working at the image text crossroads *Reading in the Wilderness* addresses the manuscript s texts and illustrations to examine connections between reading and performance within the solitary monk s cell and also outside Brantley reimagines the medieval codex as a site where the meanings of images and words are performed both publicly and privately in the act of reading

Holy Matter Sara Ritchey,2014-03-29 A magnificent proliferation of new Christ centered devotional practices including affective meditation imitative suffering crusade Eucharistic cults and miracles passion drama and liturgical performance reveals profound changes in the Western Christian temperament of the twelfth century and beyond This change has often been attributed by scholars to an increasing emphasis on God s embodiment in the incarnation and crucifixion of Christ In *Holy Matter* Sara Ritchey offers a fresh narrative explaining theological and devotional change by journeying beyond the human body to ask how religious men and women understood the effects of God s incarnation on the natural material world She finds a remarkable willingness on the part of medieval Christians to embrace the material world its trees flowers vines its worms and wolves as a locus for divine

encounter Early signs that perceptions of the material world were shifting can be seen in reformed communities of religious women in the twelfth century Rhineland Here Ritchey finds that in response to the constraints of gendered regulations and spiritual ideals women created new identities as virgins who like the mother of Christ impelled the world's re-creation their notion of the world's re-creation held that God created the world a second time when Christ was born In this second act of creation God was seen to be present in the physical world thus making matter holy Ritchey then traces the diffusion of this new religious doctrine beyond the Rhineland showing the profound impact it had on both women and men in professed religious life especially Franciscans in Italy and Carthusians in England Drawing on a wide range of sources including art liturgy prayer poetry meditative guides and treatises of spiritual instruction *Holy Matter* reveals an important transformation in late medieval devotional practice a shift from metaphor to material from gazing on images of a God made visible in the splendor of natural beauty to looking at the natural world itself and finding there God's presence and promise of salvation
