Essays In Later Medieval History:

Essays in Later Medieval History Ernest Fraser Jacob, 1968 **Essays in Later Medieval French History** P.S. Lewis, 1985-01-01 P S Lewis's work has done much to make the history of France in the later middle ages more accessible to the English reader and to establish new lines of enquiry and interpretation The book's central theme is the physical and mental structure of French politics in the period Following a general survey the author illustrates his arguments by examining a series of institutions attitudes and ideas **Later Medieval Europe** Daniel Waley, Peter Denley, 2013-11-26 From the divine right of kings to the political philosophies of writers such as Machiavelli the medieval city states to the unification of Spain Daniel Waley and Peter Denley focus on the growing power of the state to illuminate changing political ideas in Europe between the thirteenth and sixteenth centuries Spanning the entire continent and beyond and using contemporary voices wherever possible the authors include substantial sections on economics religion and art and how developments in these areas fed into and were influenced by the transformation of political thinking The new edition takes the narrative beyond the confines of western Europe with chapters on East Central Europe and the Teutonic knights and the Portuguese expansion across the Atlantic The third edition of this classic introduction to the period includes even greater use of contemporary voices full reading lists and new chapters on East Central Europe and Portuguese exploration Suitable as an introductory text for undergraduate courses in Medieval Studies and Medieval European History **Prophecy and Public Affairs in Later Medieval England** Lesley Ann Coote, 2000 The nature of political prophecy in the middle ages analysed confirming its importance in the discussion of public affairs In this first general survey of political prophecy in medieval England for almost a hundred years Lesley Coote examines the nature of political prophecy its audience and its reception She compares the discourse of prophecy with other related discourses and demonstrates how it functioned as a political language A study of extant manuscripts produces an account of the importance of political prophecy in later medieval England from its emergence in the twelfth century to the end of the middle ages What emerges from this study is a political language which was neither peripheral to English political consciousness nor merely a game for intellectuals but a major language for the discussion of public affairs In this language were presented ideas of Englishness and the aspirations of a national community which included the imminent revelation of a great crusading hero ruler a second Arthur who would lead his people into the Last Days The book is completed with a handlist of manuscripts containing political prophecies Dr LESLEY A COOTE is a Research Fellow in the Department of English at the University of Hull Valuable research tool Handlist of manuscripts containing political prophecies *Reframing Treaties in the Late Medieval and Early Modern West*, 2025-08-02 The history of peacemaking has traditionally been reduced to isolated case studies and seen as the prelude to the presumed universal and modern international order Countering this one dimensional and Eurocentric narrative this multi authored volume reconceptualizes peace treaties as a range of successful and failed agreements settlements truces leagues and other forms of

conflict resolution thus recovering their multilayered history throughout the medieval and early modern period Rather than a series of great treaties peacemaking is reframed as a flexible phenomenon a political grammar whose complexity is reflected in its variety of forms and sources Drawing on both diplomatic history and international relations studies this volume traces the central role that peacemaking has played in the political history of the Western World **English historical documents. 4. [Late medieval]. 1327 - 1485** A. R. Myers,2013-10-18 English Historical Documents is the most ambitious impressive and comprehensive collection of documents on English history ever published An authoritative work of primary evidence each volume presents material with exemplary scholarly accuracy Editorial comment is directed towards making sources intelligible rather than drawing conclusions from them Full account has been taken of modern textual criticism A general introduction to each volume portrays the character of the period under review and critical bibliographies have been added to assist further investigation Documents collected include treaties personal letters statutes military dispatches diaries declarations newspaper articles government and cabinet proceedings orders acts sermons pamphlets agricultural instructions charters grants guild regulations and voting records Volumes are furnished with lavish extra apparatus including genealogical tables lists of officials chronologies diagrams graphs and maps *Economic Ethics in Late Medieval England, 1300-1500* Jennifer Hole,2016-10-07 Drawing on an array of archival evidence from court records to the poems of Chaucer this work explores how medieval thinkers understood economic activity how their ideas were transmitted and the extent to which they were accepted Moving beyond the impersonal operations of an economy to its ethical dimension Hole s socio cultural study considers not only the ideas and beliefs of theologians and philosophers but how these influenced assumptions and preoccupations about material concerns in late medieval English society Beginning with late medieval English writings on economic ethics and its origins the author illuminates a society which although strictly hierarchical and unequal nevertheless fostered expectations that all its members should avoid greed and excess consumption Throughout Hole aims to show that economic ethics had a broader application than trade and usury in late medieval England The New Cambridge Medieval History: Volume 6, C.1300-c.1415 Rosamond McKitterick,1995 The sixth volume of The New Cambridge Medieval History covers the fourteenth century a period dominated by plague other natural disasters and war which brought to an end three centuries of economic growth and cultural expansion in Christian Europe but one which also saw important developments in government religious and intellectual life and new cultural and artistic patterns Part I sets the scene by discussion of general themes in the theory and practice of government religion social and economic history and culture Part II deals with the individual histories of the states of western Europe Part III with that of the Church at the time of the Avignon papacy and the Great Schism and Part IV with eastern and northern Europe Byzantium and the early Ottomans giving particular attention to the social and economic relations with westerners and those of other civilisations in the Mediterranean Gentry culture in late-medieval England Raluca Radulescu,Alison Truelove,2020-01-03 Essays in this

fascinating and important collection examine the lifestyles and attitudes of the gentry in late medieval England. They consider the emergence of the gentry as a group distinct from the nobility and explore the various available routes to gentility. Through surveys of the gentry's military background, administrative and political roles, social behaviour and education, the reader is provided with an overview of how the group's culture evolved and how it was disseminated. Studies of the gentry's literacy, creation and use of literature, cultural networks, religious activities and their experiences of music and the visual arts more directly address the practice and expression of this culture, exploring the extent to which the gentry's activities were different from those of the wider population. Joining the editors in contributing essays to this collection is an impressive array of eminent scholars, all specialists in their respective fields: Christine Carpenter, Peter Fleming, Maurice Keen, Philippa Maddern, Nicholas Orme, Tim Shaw, Thomas Tolley and Deborah Youngs. As a whole, the book offers a broad view of gentry culture that explores, reassesses and sometimes even challenges the idea that members of the gentry cultivated their own distinctive cultural identity. It will appeal to students looking for a comprehensive introduction to late medieval gentry culture as well as to researchers interested in gentry studies more generally.

The Prose Brut and Other Late Medieval Chronicles Jaclyn Rajsic, Erik Kooper, Dominique T. Hoche, 2016. Essays on the medieval chronicle tradition, shedding light on history writing, manuscript studies and the history of the book and the post-medieval reception of such texts. The histories of chronicles composed in England during the fourteenth and fifteenth centuries and onwards, with a focus on texts belonging to or engaging with the Prose Brut tradition, are the focus of this volume. The contributors examine the composition, dissemination and reception of historical texts written in Anglo-Norman, Latin and English, including the Prose Brut chronicle c. 1300 and later Castleford's Chronicle c. 1327 and Nicholas Trevet's Les Cronicles c. 1334, looking at questions of the processes of writing, rewriting, printing and editing history. They cross traditional boundaries of subject and period, taking multi-disciplinary approaches to their studies in order to underscore the shifting historical, social and political contexts in which medieval English chronicles were used and read from the fourteenth century through to the present day. As such, the volume honours the pioneering work of the late Professor Lister M. Matheson, whose research in this area demonstrated that a full understanding of medieval historical literature demands attention to both the content of the works in question and to the material circumstances of producing those works.

JACLYN RAJSIC is a Lecturer in Medieval Literature in the School of English and Drama at Queen Mary University of London. ERIK KOOPER taught Old and Middle English at Utrecht University until his retirement in 2007. DOMINIQUE HOCHÉ is an Associate Professor at West Liberty University in West Virginia.

Contributors: Elizabeth J. Bryan, Caroline D. Eckhardt, A. S. G. Edwards, Dan Embree, Alexander L. Kaufman, Edward Donald Kennedy, Erik Kooper, Julia Marvin, William Marx, Krista A. Murchison, Heather Pagan, Jaclyn Rajsic, Christine M. Rose, Neil Weijer.

The Black Douglasses Michael Brown, 2001-01-01. During the century and a half of their power, the Black Douglasses earned fame as Scotland's champions in the front line of war against England. On their shields, they bore the

bloody heart of Robert Bruce the symbol of their claim to be the physical protectors of the hero king's legacy But others saw the power of these lords and earls of Douglas in a different light To their critics the Douglasses were a force for disorder in the kingdom lawless arrogant and violent whose power rested on coercion and whose defiance of kings and guardians ultimately provoked James II into slaying the Douglas earl with his own hand Michael Brown analyses the rise and fall of this family as the dominant magnates of the south from the deeds of the Good Sir James Douglas in the service of Bruce to the violent destruction of the Douglas earls in the 1450s Alongside this study of the accumulation and loss of power by one of the great noble houses The Black Douglasses includes a series of thematic examinations of the nature of aristocratic power In particular these emphasise the link between warfare and political power in southern Scotland during the fourteenth century For the Black Douglasses war was not just a patriotic duty but the means to power and fame in Scotland and across Europe

Old Age in Late Medieval England Joel T. Rosenthal, 1996-08-29 This view of a society composed of the aged as well as of the young and the middle aged is reinforced by an examination of peers bishops and members of parliament and urban office holders for whom demographic and career length information exists Many individuals had active careers until near the end of their lives the aged were neither rarities nor outcasts within their world *Heresy and Hussites in Late Medieval Europe* Thomas A. Fudge, 2023-05-31 The followers of the martyred Bohemian priest Jan Hus 1371-1415 formed one of the greatest challenges to the medieval Latin Church Branded as heretics outlawed then forced to fight for their faith as well as their lives the Hussites occupy one of the most colorful and challenging chapters of European religious history The essays reprinted in this book along with one here first published in English and additional notes explore the essence of the early Hussite movement by focusing on the nature and development of heresy both as accusation and identity Heresy and Hussites in Late Medieval Europe first examines the definition of heresy and its comparative nature across Europe It investigates the unique practices of popular religion in local communities while examining theology and its unavoidable conflicts The repressive policy of crusade and the growth of martyrdom with its inevitable contribution to the formation of Hussite history is explored The social application of religious ideas its revolutionary outcomes along with the intentional use of art in pedagogy and propaganda situates the Czech heretics in the fifteenth century An examination of leading personalities together with the eventual and more formal church administration rounds out the study of this remarkable era **Lordship, State Formation and Local Authority in Late Medieval and Early Modern England** Spike Gibbs, 2023-07-27 Shows how lordship and state formation affected local authority in the transition between medieval and early modern England

Essays in Later Medieval French History P. L. Lewis, 2010-07-15 P. S. Lewis's work has done much to make the history of France in the later middle ages more accessible to the English reader and to establish new lines of enquiry and interpretation The book's central theme is the physical and mental structure of French politics in the period Following a general survey the author illustrates his arguments by examining a series of institutions attitudes and ideas **A Social and**

Crisis and Survival in Late Medieval Ireland Brendan Smith, 2013-06-20 Medieval Ireland is associated in the public imagination with the ruined castles and monasteries that remain prominent in the Irish landscape. *Crisis and Survival in Late Medieval Ireland: The English of Louth and their Neighbours 1330-1450* examines how the society that produced these monuments developed over the course of a turbulent century focussing particularly on county Louth situated on the coast north of Dublin and adjacent to the earldom of Ulster. Louth was one of the areas that had been most densely colonised by English settlers in the decades around 1200 and ties with England and loyalty to the English crown remained strong. Its settlers found it possible to maintain close economic and political ties with England in part because of their proximity to the significant trading port of Drogheda and the residence among them of the archbishop of Armagh. The primate of Ireland also extended their international horizons and contacts. In this volume Brendan Smith explores the ways in which the English settlers in Louth maintained their English identity in the face of plague and warfare. The Black Death of 1348-9 and recurrent visitations of plague thereafter reduced their numbers significantly and encouraged the Irish lordships on their borders to challenge their local supremacy. How to counter the threat from the MacMahons, O Neills and others absorbed their energies and resources. It not only involved mounting armed campaigns, taking hostages and building defences, it also meant intermarrying with these families and entering into numerous solemn if short-lived treaties with them. Smith draws on original source material to present a picture of the English settlers in Louth and to show how living in the borderlands of the English world coloured every aspect of settler life.

Mortality, Trade, Money and Credit in Late Medieval England (1285-1531) Pamela Nightingale, 2020-07-21 The eleven articles in this volume examine controversial subjects of central importance to medieval economic historians. Topics include the relative roles played by money and credit in financing the economy, whether credit could compensate for shortages of coin and whether it could counteract the devastating mortality of the Black Death. Drawing on a detailed analysis of the Statute Merchant and Staple records, the articles chart the chronological and geographical changes in the economy from the late thirteenth to the early sixteenth centuries. This period started with the triumph of English merchants over alien exporters in the early 1300s and concluded in the early 1500s with cloth exports overtaking wool in value. The articles assess how these changes came about as well as the degree to which both political and economic forces altered the pattern of regional wealth and enterprise in ways which saw the northern towns decline and London rise to be the undisputed financial as well as the political capital of England.

Protest, Resistance and Popular Politics in Late Medieval Scotland Gordon McKelvie, 2025-07-23 This book is the first sustained analysis of popular politics in Scotland during the fourteenth and fifteenth centuries. Despite the long-running historiography on popular protests in both England and continental Europe, there has been little discussion of this phenomenon in Scotland, in part because historians specialising in Scotland have paid little attention to the phenomenon of popular revolt, save an occasional comment.

in wider studies There were no large scale popular uprisings in Scotland like the Peasants Revolt in England the Jacquerie in France or the Ciompi in Florence but that does not mean that the wider populace was not politically engaged Indeed many of the key sources for late medieval Scotland including The Bruce Scotichronicon The Dethe of the Kynge of Scotis and the records of the Scottish parliament all contain hints of popular political engagement It is only when these sources are read with a focus on the lower echelons of society that a clearer picture of a populace with political ideals they sought to uphold emerges

War, Government and Power in Late Medieval France C. T. Allmand, 2000-01-01 The essays in this volume portray the public life of late medieval France as that country established its position as a leader of western European society in the early modern world A central theme is the contribution made by contemporary writers chroniclers and commentators such as Jean Froissart William Worcester and Philippe de Commynes to our understanding of the past Who were they What picture of their times did they present Were their works intended to influence their contemporaries and what success did they enjoy Other contributions deal with the exercise of political power the relationship between the court and those in authority in far flung reaches of the kingdom and the role and status of the death penalty as deterrent punishment and means of achieving justice a very valuable overview of recent work on the interface between the intellectual and the political history of the Valois realm De Re Militari Online this collection will be of particular interest to literary scholars as well as historians in view of the emphasis of many of the essays on representations above event or record Medium Aevum

Essays In Later Medieval History Introduction

In the digital age, access to information has become easier than ever before. The ability to download Essays In Later Medieval History has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Essays In Later Medieval History has opened up a world of possibilities. Downloading Essays In Later Medieval History provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Essays In Later Medieval History has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Essays In Later Medieval History. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Essays In Later Medieval History. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Essays In Later Medieval History, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Essays In Later Medieval History has transformed the way we access information. With the convenience, cost-

effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Essays In Later Medieval History Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Essays In Later Medieval History is one of the best book in our library for free trial. We provide copy of Essays In Later Medieval History in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Essays In Later Medieval History. Where to download Essays In Later Medieval History online for free? Are you looking for Essays In Later Medieval History PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Essays In Later Medieval History. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Essays In Later Medieval History are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Essays In Later Medieval History.
