Essays On Conrad:

Essays on Conrad Ian Watt, 2000-07-27 A landmark collection of Ian Watt's essays on Joseph Conrad **Last Essays** Joseph Conrad, 1926 Joseph Conrad--comparative Essays Adam Gillon, 1994 This collection of essays continues Adam Gillon's comparatist approach to Joseph Conrad which he exhibited in three previous books *The Eternal Solitary A Study of Joseph Conrad* 1960 and *Conrad and Shakespeare and Other Essays* 1976 and *Joseph Conrad Tawyne English Authors Series* 1982 In the present collection Gillon extends his perspectives by examining the affinities between Conrad's descriptive art and painting and film Gillon presents a variety of new views and insights as he traces the connections between Conrad and such writers as Henry James and Vladimir Nabokov and compares Conradian characters Prince Roman and Peer Ivanovitch Gillon's Polish background looms large in this collection His mastery of the Polish language is apparent in the discussion of two Polish novels about Conrad's early life and in his translation of excerpts from these novels The first and last chapters offer moving glimpses of Gillon's own Polish footprints his initiation into Conrad lore and the visit to his native land after a long absence The intimacy and wry humor of these recollections are evident also in his essay about adapting Conrad to film which is illustrated with excerpts from his scripts *Under Western Eyes* and *Dark Country* his screenplay inspired by *Heart of Darkness* and Conradian themes A native of Poland Adam Gillon is professor emeritus of English and comparative literature at the State University of New York New Paltz He has lectured at universities in Canada Israel and Europe His numerous publications include critical studies of Conrad fiction poetry translations articles and reviews He has written award winning plays for screen stage and radio He wrote directed and produced a feature film *The Bet* Gillon is president of the Joseph Conrad Society of America and founder and senior editor of its newsletter *Joseph Conrad Today* Raymond Brebach is an associate professor of humanities at Drexel University He is a contributing editor for the Cambridge Edition of the Works of Joseph Conrad and he edits *Joseph Conrad Today* the newsletter of the Joseph Conrad Society of America He has written on the collaboration of Joseph Conrad and Ford Madox Ford *Centennial Essays on Joseph Conrad's Chance* , 2015-11-24 When Joseph Conrad's novel *Chance* appeared in serial form in the *New York Herald* in 1912 and in book form in 1914 it established the author's financial security for the first time Following years of struggle to reach a wide audience for his fiction Conrad benefitted from the American marketing of this novel for the women readers of romance Aggressive advertising promoted the writer's new focus on a female protagonist and Conrad's division of the story's location between land and sea The novel proved popular and lucrative Yet in spite of its economic success *Chance* remains one of Conrad's less well known narratives This fresh new collection of essays from both young and established scholars opens up a lively critical debate taking *Chance* beyond the status of best selling romance In a striking re evaluation of the novel these writers examine *Chance*'s innovative narrative strategies its up to the minute commentary on female politics contemporary ethics as well as its antecedents in classical debate and the significance of Conrad's last use of his seaman narrator Marlow **Conrad and**

Nature Lissa Schneider-Rebozo, Jeffrey Mathes McCarthy, John G. Peters, 2018-10-26 This collection of twelve original essays by established and emerging scholars seeks to explore these landscapes in Conrad's work and serves as a look into our own recent history at a pivotal time as we come to realize how our actions, choices, and even our mere presence directly impacts the natural world that delicately sustains us. The text engages with work by Joseph Conrad, storied British merchant marine and official British citizen as of 1886. *Conrad* Marvin Mudrick, 1966 Thirteen essays exploring Conrad's dramatic and moral concepts, especially the importance of action and sacrifice. *Joseph Conrad: Centennial Essays*, 1972

Conrad's Cities Gene M. Moore, 1992 This volume is a collection of essays by Conrad scholars on the theme of the cities important in the life and works of Joseph Conrad. **Conrad in Perspective** Zdzisław Najder, 1997-11-13 Zdzisław Najder, one of the world's leading authorities on Joseph Conrad and author of the major biography *Joseph Conrad: A Chronicle* 1983, is widely acclaimed for his particular insights into Conrad's Polish background. The fruits of thirty years of Conrad study appear in this landmark volume of his essays, which explore a wide range of topics: Conrad's national and cultural heritage, his fictions from the unfinished *Sisters* and *Lord Jim* to *The Secret Agent*, his attitude towards Russia in general and Dostoevsky in particular, his concepts of man and society, and the role of the idea of honour in his work. In a series of more general essays, Najder goes on to place Conrad's work within a broad European philosophical, political, and literary context. *Conrad in Perspective* offers new insights into the life and work of one of the twentieth century's greatest novelists by one of his most perceptive critics. **Last Essays**, 1963. *Last Essays* Joseph Conrad, 1926. *Critical Essays on Joseph Conrad* Theodore Billy, 1987. **Essays on Joseph Conrad and Oscar Wilde** John Cowper Powys, 1923. **The New Cambridge**

Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation, and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries. *Conrad's Destructive Element* Kenneth B. Newell, 2011-01-18 This book presents a new interpretation of Joseph Conrad's novel *Lord Jim* based on readings from not only its published text but also its principal manuscript text. Extensive use of the manuscript text has not been a feature of any other work on *Lord Jim*, and such use helps bring into focus a fixed pattern of meaning and an implicit unity that Conrad said the novel has. This result controverts not only postmodern critics who say that the novel lacks any fixed pattern of meaning, but almost all critics since its publication who have said that it lacks unity, specifically that it separates into two halves: the Patna half and the Patusan half. However, with the help of the manuscript text, a detailed interpretation extending over the whole of *Lord Jim* shows it to

be a unified whole As Conrad wrote to his publisher four days after completing the novel it is the development of one situation only one really from beginning to end Most recent Lord Jim criticism discusses the novel from a standpoint critical of the author and in political or epistemological terms whereas the present book discusses it from a standpoint sympathetic to the author and in symbolic and metaphysical terms The metaphysical question that pervades the novel and helps unify it is whether the destructive element that is the spirit of the Universe has intention and beyond that malevolent intention toward any particular individual or is instead indiscriminate impartial and indifferent Depending as a corollary on the answer to that question is the degree to which the particular individual can be judged responsible for what he does or does not do Variant responses to the question or its corollary are provided not only by several characters and voices in Lord Jim but also by a letter of Conrad's and by excerpts from works by Arthur Schopenhauer Thomas Hardy James Thomson B V and John Stuart Mill The present book is written in a lay vocabulary free of the diction of postmodern theory and so would be understandable to non academic as well as academic readers It is intended for anyone interested in gaining a coherent nonpolitical understanding of Lord Jim

Conrad's Fiction as Critical Discourse Richard Ambrosini, 1991-07-26 Joseph Conrad's comments about his works have commonly been dismissed as theoretically unsophisticated while the critical notions of James Woolf and Joyce have come to shape our understanding of the modern novel Richard Ambrosini's study of Conrad's Fiction as Critical Discourse makes an original claim for the importance of his theoretical ideas as they are formed tested and eventually redefined in *Heart of Darkness* and *Lord Jim* Setting the narrator's discourse in these tales in the context of the dynamic interplay of Conrad's fictional with his non fictional writings and of the transformations in his narrative forms Ambrosini defines Conrad's view of fiction and the artistic ideal underlying his commitment as a writer in a new and challenging way Conrad's innovatory techniques as a novelist are shown in the continuity of his theoretical enterprise from the early search for an artistic prose and a personal novel form to the later dislocations of perspective achieved by manipulation of conventions drawn from popular fiction This reassessment of Conrad's critical thought offers a new perspective on the transition from the Victorian novel to contemporary fiction
