John Dewey

Essays On School And Society 1899 1901:

Essays on School and Society 1899-1901 John Dewey, 1976 **The Middle Works** John Dewey, 1976 **The Middle Works of John Dewey, 1899-1924** John Dewey, 1983 *The Early Works, 1882-1898: 1887. Psychology* John Dewey, 1967 Psychology John Dewey's first book is an appropriate choice for the first volume in the Southern Illinois University series *The Early Works of John Dewey 1882 1898* With an original publication date of 1887 Psychology is volume 2 of *The Early Works* It appears first in the series to introduce scholars and general readers to the use of modern textual criticism in a work outside the literary field Designed as a scholar's reading edition the volume presents the text of Dewey's work as the author intended clear of editorial footnotes All apparatus is conveniently arranged in appendix form As evidence of its wide adoption and use as a college textbook Psychology had a publishing history of twenty six printings For two of the reprintings Dewey made extensive revisions in content to incorporate developments in the field of psychology as well as in his own thinking The textual appendices include a thorough tabulation of these changes In recognition of the high quality and scholarly standards of the textual criticism this edition of Psychology is the first non literary work awarded the Seal of the Modern Language Association Center for Editions of American Authors By applying to the work of a philosopher the procedures used in modern textual editions of American writers such as Hawthorne the Southern Illinois University Dewey project is establishing a pattern for future collected writing of philosophers **The Collected Works of John Dewey, Index** Jo Ann Boydston, 2008-04-28 This cumulative index to the thirty seven volumes of *The Collected Works of John Dewey 1882 1953* is an invaluable guide to *The Collected Works* The *Collected Works Contents* incorporates all the tables of contents of Dewey's individual volumes providing a chronological volume by volume overview of every item in *The Early Works* *The Middle Works* and *The Later Works* The *Title Index* lists alphabetically by shortened titles and by key words all items in *The Collected Works* Articles republished in the collections listed above are also grouped under the titles of those books The *Subject Index* which includes all information in the original volume indexes expands that information by adding the authors of introductions to each volume authors and titles of books Dewey reviewed or introduced authors of appendix items and relevant details from the source notes *The Middle Works of John Dewey, Volume 1* , **The Later Works of John Dewey, Volume 12, 1925 - 1953** John Dewey, 2008 Heralded as the crowning work of a great career *Logic The Theory of Inquiry* was widely reviewed To Evander Bradley McGilvary the work assured Dewey a place among the world's great logicians William Gruen thought No treatise on logic ever written has had as direct and vital an impact on social life as Dewey's will have Paul Weiss called it the source and inspiration of a new and powerful movement Irwin Edman said of it Most philosophers write postscripts Dewey has made a program His *Logic* is a new charter for liberal intelligence Ernest Nagel called the *Logic* an impressive work Its unique virtue is to bring fresh illumination to its subject by stressing the roles logical principles and concepts have in achieving the objectives of scientific inquiry **The Later Works of John Dewey,**

Volume 10, 1925 - 1953 John Dewey, 2008 Art as Experience evolved from John Dewey's William James Lectures delivered at Harvard University from February to May 1931. In his Introduction Abraham Kaplan places Dewey's philosophy of art within the context of his pragmatism. Kaplan demonstrates in Dewey's esthetic theory his traditional movement from a dualism to a monism and discusses whether Dewey's viewpoint is that of the artist, the respondent, or the critic. **The Later Works of John Dewey, Volume 17, 1925 - 1953** John Dewey, 2008 This is the final textual volume in The Collected Works of John Dewey 1882-1953 published in 3 series comprising 37 volumes. The Early Works 1882-1898 5 vols. The Middle Works 1899-1924 15 vols. The Later Works 1925-1953 17 vols. Volume 17 contains Dewey's writings discovered after publication of the appropriate volume of The Collected Works and spans most of Dewey's publishing life. There are 83 items in this volume 24 of which have not been previously published. Among works highlighted in this volume are 10 Educational Lectures before Brigham Young Academy early essays War's Social Results and The Problem of Secondary Education after the War and the previously unpublished The Russian School System. **The Later Works of John Dewey: 1925 - 1953** John Dewey, 1981 First published in 1925 this volume encompasses Dewey's two year expansion and development of the three lectures he had delivered as the first series of Carus Lectures Philosophy. **The Middle Works of John Dewey, Volume 14** John Dewey, 2008 **The Later Works of John Dewey, Volume 7, 1925 - 1953** John Dewey, 2008 This seventh volume provides an authoritative edition of Dewey and James H. Tufts 1932 Ethics. **The Bloomsbury Handbook of Rural Education in the United States** Amy Price Azano, Karen Eppley, Catharine Biddle, 2021-09-09 This handbook begins with a foundational overview of rural education examining the ways in which definitions, histories, policies, and demographic changes influence rural schools. This foundational approach includes how corporatization, population changes, poverty, and the role of data affect everyday learning in rural schools. In following sections the contributors consider how school closures, charter schools, and district governance influence decision making in rural schooling while also examining the influence of these structures on higher education attainment, rural school partnerships, and school leadership. They explore curriculum studies in rural education including place-based and trauma-informed pedagogies, rural literacies, rural stereotype threat, and achievement. Finally, they engage with issues of identity and equity in rural schools by providing an overview of the literature related to diverse populations in rural places including Indigenous Black and Latinx communities and exceptional learners. Importantly, this handbook applies theoretical tools to rural classroom experiences demonstrating the potential of work centered at the intersection of theory, rurality, and classroom practice. Each section concludes with a response by an international scholar situating the topics covered within the broader global context. *The Later Works, 1925-1953* John Dewey, 1981 Essays and How We Think revised edition Jacket. **The later works, 1925 - 1953. 4. 1929 : [The quest for certainty]** John Dewey, 2008 This volume includes all Dewey's writings for 1938 except for Logic: The Theory of Inquiry Volume 12 of The Later Works as well as his 1939 Freedom and Culture Theory of Valuation and two items from Intelligence

in the Modern World Freedom and Culture presents as Steven M Cahn points out the essence of his philosophical position a commitment to a free society critical intelligence and the education required for their advance *The Middle Works of John Dewey, Volume 6* John Dewey, 2008 Volume 11 brings together all of Dewey's writings for 1918 and 1919 A Modern Language Association Committee on Scholarly Editions textual edition Dewey's dominant theme in these pages is war and its aftermath In the Introduction Oscar and Lilian Handlin discuss his philosophy within the historical context The First World War slowly ground to its costly conclusion and the immensely more difficult task of making peace got painfully under way The armistice that some expected would permit a return to normalcy opened instead upon a period of turbulence that agitated further a society already unsettled by preparations for battle and by debilitating conflict overseas After spending the first half of 1918-19 on sabbatical from Columbia at the University of California Dewey traveled to Japan and China where he lectured toured and assessed in his essays the relationship between the two nations From Peking he reported the student revolt known as the May Fourth Movement The forty items in this volume also include an analysis of Thomas Hobbes's philosophy an affectionate commemorative tribute to Theodore Roosevelt our Teddy the syllabus for Dewey's lectures at the Imperial University in Tokyo which were later revised and published as *Reconstruction in Philosophy* an exchange with former disciple Randolph Bourne about Friedrich Schopenhauer's *Man's Supreme Inheritance* and central to Dewey's creed Philosophy and Democracy His involvement in a study of the Polish American community in Philadelphia resulting in an article two memoranda and a lengthy report is discussed in detail in the Introduction and in the Note on the Confidential Report of Conditions among the Poles in the United States **Beyond the Century of the Child** Willem Koops, Michael Zuckerman, 2012-10-30 In 1900 Ellen Key wrote the international bestseller *The Century of the Child* In this enormously influential book she proposed that the world's children should be the central work of society during the twentieth century Although she never thought that her century of the child would become a reality in fact it had much more resonance than she could have imagined The idea of the child as a product of a protective and coddling society has given rise to major theories and arguments since Key's time For the past half century the study of the child has been dominated by two towering figures the psychologist Jean Piaget and the historian Philippe Ariès Interest in the subject has been driven in large measure by Ariès's argument that adults failed even to have a concept of childhood before the thirteenth century and that from the thirteenth century to the seventeenth there was an increasing childishness in the representations of children and an increasing separation between the adult world and that of the child Piaget proposed that children's logic and modes of thinking are entirely different from those of adults In the twentieth century this distance between the spheres of children and adults made possible the distinctive study of child development and also specific legislation to protect children from exploitation abuse and neglect Recent students of childhood have challenged the ideas those titans promoted they ask whether the distancing process has gone too far and has begun to reverse itself In a series of essays *Beyond the Century of the Child* considers the

history of childhood from the Middle Ages to modern times from America and Europe to China and Japan bringing together leading psychologists and historians to question whether we unnecessarily infantilized children and unwittingly created a detrimental wall between the worlds of children and adults Together these scholars address the question whether a hundred years after Ellen Key wrote her international sensation the century of the child has in fact come to an end Parliamentary Papers Great Britain. Parliament. House of Commons,1907 *Pragmatism as a Way of Life* Hilary Putnam,Ruth Anna Putnam,2017-05-15 Hilary Putnam argues that all facts are dependent on cognitive values Ruth Anna Putnam turns the problem around illuminating the factual basis of moral principles Together they offer a pragmatic vision that in Hilary s words serves as a manifesto for what the two of us would like philosophy to look like in the twenty first century and beyond

Rediscovering John Dewey Rex Li,2020-11-02 This book tries to trace Dewey s intellectual history from his early years to the end focusing on the themes of psychology and the psychological aspect of education in Dewey s lifelong writing The author mixed the discussion on Dewey s work with his life stories and shows readers how his ideas evolved over time In turn the book offers a critical review of his ideas in the areas of psychology and education Lastly it assesses Dewey s involvement in and impact on education In short it provides a comprehensive account of his legacy in psychology and education
