The Changing Status of Women in West Bengal, 1970-2000 Jasodhara Bagchi, Sarmistha Dutta Gupta, 2005-01-24 This important and comprehensive volume vividly depicts the current status of women and girls in West Bengal The analysis has been conducted in the framework of the socio economic and politico cultural ambience that has characterized the state in recent decades The contributors highlight both areas of strength and vulnerability and clearly demonstrate that the status of women cannot be conceived as monolithic or static it has many facets and is in a state of constant flux The analysis of macro data is supported by revealing micro studies based on field surveys and an examination of cultural trends The Art of Sociological Argument Graham Crow, 2017-09-16 This book explores the ways in which sociological arguments are constructed and presented looking at what can be learned from the contrasting styles of sociologists working in different periods and theoretical traditions Fundamental debates in the discipline are addressed such as can sociology provide final answers and how far is detachment feasible or desirable Finally the book considers the practical significance which thinking about styles of argument has for all students of sociology The International Who's Who of Women 2002 Elizabeth Sleeman, 2001 Over 5 500 detailed biographies of the most eminent talented and distinguished women in the world today

The Emerald Guide to Ann Oakley Graham Crow,2024-07-11 The Emerald Guide to Ann Oakley is a comprehensive guide to reading and understanding the development of Oakley's sociological ideas placing them in the context of her life and her ground breaking research into domestic and gender sociology **Women's Health, Politics, and Power** Elizabeth

Fee, Nancy Krieger, 2020-11-26 This collection of essays addresses the broadening array of issues on the agenda of the women's health movements of the 1980s and 1990s just as a previous collection Women and Health The Politics of Sex in Medicine gathered contributions from the earlier wave of the women's health movement in the 1970s The papers in both volumes are selected from the International Journal of Health Services edited by Vicente Navarro The essays in this volume were originally published in the 1980s and early 1990s Together they present a framework for understanding the struggles over women s health that have occurred in this time period and provide specific analyses of women s health in relation to race ethnicity and class the work of health care the health of women workers international reproductive health sexuality AIDS and public health policy Researching Sex and Sexualities Charlotte Morris, Paul Boyce, Andrea Cornwall, Hannah Frith, Laura Harvey, Yingying Huang, 2018-02-15 Sexuality is a complex and multifaceted domain encompassing bodily contextual and subjective experiences that resist ready categorisation To claim the sexual as a viable research object therefore raises a number of important methodological questions what is it possible to know about experiences practices and perceptions of sex and sexualities What approaches might help or hinder our efforts to probe such experiences This collection explores the creative personal and contextual parameters involved in researching sexuality cutting across disciplinary boundaries and drawing on case studies from a variety of countries and contexts Combining a wide range of expertise its contributors address such key areas as pornography sex work intersectionality and LGBT perspectives The contributors also share their own experiences of researching sexuality within contrasting disciplines as well as interrogating how the sexual identities of researchers themselves can relate to and inform their work. The result is a unique and diverse collection that combines practical insights on field work with novel theoretical reflections Midwifery and the **Medicalization of Childbirth** Edwin R. Van Teijlingen, 2004 This book provides an introduction to the sociological study of midwifery The readings have been selected to highlight the interplay between midwifery and medicine reflecting the medicalization of childbirth It highlights the major themes in both a historical and a current context as well as western and non western societies Two major themes underlie the organization of this book that the conception of midwifery must be broadened to encompass a sociological perspective and that the ongoing trend toward the medicalization of midwifery is crucial to an understanding of the historical current and future status of midwifery By medicalization of childbirth and midwifery the author mean the increasing tendency for women to prefer a hospital delivery to a home delivery the increasing trend toward the use of technology and clinical intervention in childbirth and the determination of medical practitioners to confine the role played by midwives in pregnancy and childbirth if any to a purely subordinate one Man-made Medicine Kary L. Moss, 1996 If not for the reproductive functions of women would there be anything called women s health care A review of medical literature practice and policy in this country would suggest that the answer is no Offering a startling view of the current state of health care for women in the United States and laying the foundation for a new widely defined women

s medicine Man Made Medicine makes an urgent statement about gender bias in the medical establishment and its pernicious effects on the well being of women and the care they receive These essays by physicians lawyers activists and scholars present a rare interdisciplinary approach to a complex set of issues Gender stereotyping and bias in the collection analysis and reporting of scientific data and in the ways health related news is covered by the media are examined The exclusion of women from the health care policy making process and the effect such exclusion has on the determination of priorities among potential areas of research are also explored With discussions of the plight of specific populations of women whose health care needs are not being sufficiently met for example immigrants prisoners the mentally ill or women with HIV AIDS disabilities or reproductive health problems this book considers matters of race and class within the parameters of gender as it builds a fundamental challenge to the existing health care system A range of current reform proposals are also evaluated in terms of their potential impact on women Suggesting no less than a radical rethinking of women s medicine Man Made Medicine gives essential direction to the discussions that will shape the future of health care in this country It will be of great interest to a wide audience including health care advocates policymakers scholars and readers generally concerned with women s health issues Contributors Ellen Barry Laurie Beck Joan Bertin Janet Calvo Wendy Chavkin Kay Dickersin Abigail English Elizabeth Fee Carol Gill Nancy Krieger Joyce McConnell Judy Norsigian Ann Scales Susan Stefan Lauren Schnaper Catherine Teare
