Essays Classical:

Essays on Classical Rhetoric and Modern Discourse Robert J. Connors, Lisa S. Ede, Andrea A. Lunsford, 1984
Eighteen essays by leading scholars in English speech communication education and philosophy explore the vitality of the classical rhetorical tradition and its influence on both contemporary discourse studies and the teaching of writing. Some of the essays investigate the rhetorical and historical issues. Others show the bearing of classical rhetoric on contemporary problems in composition thus blending theory and practice. Common to the varied approaches and viewpoints expressed in this volume is one central theme: the 20th century revival of rhetoric entails a recovery of the classical tradition with its marriage of a rich and fully articulated theory with an equally efficacious practice. A preface demonstrates the contribution of Edward P. J. Corbett to the 20th century revival and a last chapter includes a bibliography of his works. **Modern Architecture and Other Essays** Vincent Scully, 2003. From Gibbon to Auden G.W. Bowersock, 2009-03-26 For several decades G W Bowersock has been one of our leading historians of the classical world This volume collects seventeen of his essays each illustrating how the classical past has captured the imagination of some of the greatest figures in modern historiography and literature The essays here range across three centuries the eighteenth to the twentieth and are divided chronologically The great Enlightenment historian Edward Gibbon is in large part the unifying force of this collection as he appears prominently in the first four essays beginning with Bowersock's engaging introduction to the methods and genius behind *The Decline and Fall of the Roman Empire* Gibbon's profound influence is revealed in subsequent essays on Jacob Burckhardt the nineteenth century scholar famous for his history of the Italian Renaissance but whose work on late antiquity is only now being fully appreciated the modern Greek poet Constantine Cavafy whose annotations on Gibbon's *Decline and Fall* tell us much about his own historical poems and finally W H Auden whose poem and little known essay *The Fall of Rome* were in quirky ways tributes to Gibbon The collection reprints Auden's poem and essay in full The result is a rich survey of the early modern and modern uses of the classical past by one of its most important contemporary commentators

Persian Literary Devices: Eight Essays Alireza Korangy, Pouneh Shabani-Jadidi, 2024-09-24 This volume offers a glimpse into the rich tradition of literary devices in Persian language and literature It establishes an incontrovertible connection between literary devices figurative language rhetoric and so on and pedagogy and poetics in both written and oral expression The essays offer a detailed and thorough overview of some of these literary devices and their dynamics which have helped make the Persian literary tradition a force to reckon with The essays also carve out a space dedicated to colloquialisms and idioms as they are interwoven into the fabric of Persian culture within the larger field of rhetoric These devices are fostered and furthered in their potency both culturally and linguistically by the poets writers and rhetoricians who utilize them The essays highlight a culture and history in texts and oral history that further speak to a culturally tailored complexity as per figurative language idioms colloquialisms and rhetoric they help found and or re define These discussions and analyses further facilitate an understanding of the epistemological and cultural meaning of some of the constituents of what is otherwise a Persian identity This work is a must have for scholars and students of Persian Arabic Ottoman and Urdu literature not to mention Middle Eastern history and cultural poetics enthusiasts

The Art of the Personal Essay Phillip Lopate, 1997-01-15 For more than four hundred years the personal essay has been one of the richest and most vibrant of all literary forms Distinguished from the detached formal essay by its friendly conversational tone its loose structure and its drive toward candor and self disclosure the personal essay seizes on the minutiae of daily life vanities fashions foibles oddballs seasonal rituals love and disappointment the pleasures of solitude reading taking a walk to offer insight into the human condition and the great social and political issues of the day *The Art of the Personal Essay* is the first anthology to celebrate this fertile genre By presenting more than seventy five personal essays including influential forerunners from ancient Greece Rome and the Far East masterpieces from the dawn of
