

## Transformations in Aesthetic Experience: Navigating the Digital Landscape

✓ Exclusively available on IvyPanda

The digital environment creates its own dimension of what is ethically, morally and morally acceptable and, on the contrary, unacceptable, due to the fact that this environment is manipulated by humans. But since the network is not just a metaphor, but also our relatively new material reality, it must also be described by some aesthetic categories. This paper will stress the fact that digitalization has significantly changed the perception of artworks and the process of aesthetic experience as a whole.

Before foraging into the recent changes to aesthetic experiences, it is necessary to define the basic concepts of aesthetics. The perception, interpretation, and appreciation of beauty are all included in the definition of aesthetics (Heshmat). We experience a wide range of feelings when we are in the presence of beautiful things, including intrigue, awe, and admiration (Heshmat). Admiring human creations like artworks or natural phenomena can lead to aesthetic experiences (Heshmat). Experiences in the arts are emotionally gratifying and fulfilling. For instance, nature sceneries like sunrises and sunsets frequently elicit positive emotions like harmony, calm, and relaxation (Heshmat). However, it is necessary to divide art from aesthetic experience. Aesthetics is the consumer's perspective, whereas art is the process of doing or making aesthetically pleasing things (Heshmat). Thus, aesthetic experience is an emotionally fulfilling perception of beauty, either man-made or natural.

Knowing the definition of aesthetic experience, it is important to know the key features of it. Firstly, aesthetic experience has no other goal other than the pleasure derived from it (Heshmat). Works of art and other things of beauty are not appreciated because of their utilitarian advantages, but for what they are by themselves (Heshmat). Thus, a work of art, according to Heshmat's theory of aesthetics, is a thing in itself, evaluated only by viewer's perception.

Secondly, the aesthetic value of an artwork is influenced by viewer's interpretation. This is because the roots of aesthetic preference are found in a larger cultural setting (Heshmat). For example, on the most basic level, one person might enjoy listening to

# Essays In Aesthetics

**Arnold Berleant**

## Essays In Aesthetics:

*Essays in Aesthetics* Jean-Paul Sartre, 2012-01-17 DIVDIV Renowned French philosopher Jean Paul Sartre references artists such as Tintoretto Calder Lapoujade Titian Raphael and Michaelangelo in discussing how great art of the past relates to the challenges of his era divDIV *Essays in Aesthetics* is a provocative collection that considers the nature of art and its meaning Sartre considers the artist's function and the relation of art and the artist to the human condition Sartre integrates his deep concern for the sensibilities of the artist with a fascinating analysis of the techniques of the artist as creator The result is a vibrant manifesto of existentialist aesthetics divDIV divDIV By looking at existentialism through the lens of great art *Essays in Aesthetics* is just as valuable a read to the artist as it is to the philosopher divDIV div div *Essays in Aesthetics* Jean-Paul Sartre, 1963 In this group of essays Sartre considers the nature and meaning of art the function of the artist and the relation of art and artist to the human condition Offering extensive analyses of Giacometti Tintoretto Calder and Lapoujade he examines the relationship of the artist's work to the challenges of his era Sartre also broadens his perspective with references to Titian Raphael Michelangelo and many others *Contemplating Art* Jerrold Levinson, 2006-10-05 *Contemplating Art* is a compendium of writings by one of the leading figures in aesthetics Jerrold Levinson The 24 essays range over issues in general aesthetics and those relating to specific arts in particular music film and literature **Four Essays on Aesthetics** Zehou Li, Jane Cauvel, 2006-01-01 Available for the first time in English Li Zehou's philosophical aesthetics interpret the historical origins and evolution of aesthetic experience and their significance to the intellectual emotional and spiritual growth of human beings Although LI's ideas have been debated in China for more than two decades his conversations with Jane Cauvel will now allow Western students and philosophers to re encounter Chinese and Western conceptions of aesthetics and the way art shapes individuals societies technology and the future of humankind *Essays in Aesthetics* Jean-Paul Sartre, 1963 *Essays in Aesthetics*, 1964 *Knowing Art* Matthew Kieran, Dominic McIver Lopes, 2007-10-20 Artworks potentially convey two kinds of knowledge They obviously afford knowledge of art itself and they also afford general empirical knowledge especially knowledge of human psychology and value *Knowing Art* collects ten original essays written by leading philosophers who distill and build upon recent work at the intersection of aesthetics and epistemology Specific topics addressed include the objectivity of critical knowledge the quality of critical testimony the roles of principles and perception in critical reasoning phenomenal knowledge of what a work of art is like the acquisition of factual information and psychological understanding from fictions and the limits of images as sources of historical evidence In addressing these topics the volume also explores the challenges that art poses for theories of knowledge as well as the challenges that artistic knowledge poses to traditional views about art *Beyond Aesthetics* Noël Carroll, 2001-04-30 Claims authorial intention art history and morality play a role in our encounter with art works **Essays in Aesthetics** Gärard Genette, 2005-01-01 Over the course of the past forty years Gärard Genette's work has profoundly influenced scholars of

narratology poetics aesthetics and literary and cultural criticism and he continues to be one of France's most influential theorists. The eighteen pieces in *Essays in Aesthetics* are of international interest because they are concerned either with universal aesthetic problems, the receiver's relationship to an aesthetic object, abstract art, the role of repetition in aesthetics, genre theory, and the rapport between literature and music, or with specific moments in the work of a well-known writer or artist such as Stendhal, Proust, Manet, Pissarro, and Canaletto. *Essays in Aesthetics* contains a wealth of material related to the appreciation of beauty by one of the subtlest and most original minds working in aesthetics today. Genette knows the fine arts as well as he knows literature and as a result has innovative things to say to readers in that field as well as to philosophers and literary scholars.

*Re-thinking Aesthetics* Arnold Berleant, 2017-03-02 The essays collected by Berleant in this volume all express the impulse to reject the received wisdom of modern aesthetics that art demands a mode of experience sharply different from others and unique to the aesthetic situation and that the identity of the aesthetic lies in keeping it distinct from other kinds of human experience such as the moral, the practical, and the social. Berleant shows on the contrary that the value, the insight, the force of art and the aesthetic are all enhanced and enlarged by recognizing their social and human role and that this recognition contributes both to the significance of art and to its humanizing influence on what we like to call civilization.

In the Presence of the Sensuous Mikel Dufrenne, 1987      **Values of Beauty** Paul Guyer, 2005-06-20 This book discusses the context and content of aesthetics as they relate to philosophical history and imagination.

*The Beauty that Saves* John M. Dunaway, Eric O. Springsted, 1996 *The Beauty That Saves* a collection of essays by many of the most prominent American and European scholars on Weil begins with a foreword by well-known writer Vladimir Volkoff who discusses in a very moving manner *What Simone Weil Means to Me*. An introductory essay by Eric O. Springsted highlights the general character of Weil's thought and introduces the specific problematic of this collection. The first section addresses the subject of Weil on language. A key to understanding Weil's aesthetic is grasping how she understood language and its various usages. From within that understanding is contained a point d'appui of her philosophical thought as a whole. Her universe of meaning, its hierarchies, its subjection to necessity, its mystical intimacies is not something she simply wrote about; it is contained in the way she wrote. With Weil's language established, the second section deals with Weil's explicit reflections on aesthetics, including essays on her sacramental imagery, morality, and literature, music, and her classical reading of tragedy. As these essays point out, her aesthetic demands a moral and religious reading of the universe. The third section presents a number of specific Weilan readings of art where what has been discussed in previous essays receives concrete application and illustration through essays on Weil and Wallace Stevens, music, and Georges Bernanos.

Aesthetic Concepts Emily Brady, Jerrold Levinson, 2001 *Aesthetic Concepts* is an exploration of key topics in contemporary aesthetics that arise from the seminal work of Frank Sibley. 1923-1996 Sibley developed a distinctive aesthetic theory through a number of papers published between 1955 and 1995, a selection of which entitled *Approach to Aesthetics* is also published by OUP. Sibley's

theory is grounded in the important and influential distinction he made between aesthetic and non aesthetic concepts in his ground breaking paper *Aesthetic Concepts* Thirteen specially written essays by British and American philosophical aestheticians bring Sibley's insight into a contemporary framework exploring the ways his ideas give rise to important new discussion about issues in aesthetics that greatly interested him These include the differences and relationships between aesthetic concepts and other types of concepts aesthetic realism and objectivity methods of aesthetic evaluation in practice and in theory the boundaries of aesthetics and aesthetics of nature versus aesthetics of art This collection will be of interest to scholars in philosophy art theory and art criticism     *Aesthetic Pursuits* Jerrold Levinson, 2016-11-17 Jerrold Levinson one of the most prominent philosophers of art today presents a new collection of essays following on from his four previous collections *Music Art and Metaphysics* 1990 *The Pleasures of Aesthetics* 1996 *Contemplating Art* 2006 and *Musical Concerns* 2015 *Aesthetic Pursuits* specifically complements Levinson's last volume *Musical Concerns* by collecting recent essays not concerned with music but instead focusing on literature film and visual art while addressing issues of humour beauty and the emotions The essays in *Aesthetic Pursuits* which are wide ranging will appeal strongly to aestheticians art lovers and philosophers alike The volume contains seven previously unpublished essays by Levinson in which the author critically engages with notable contemporary contributions to aesthetic theory     ***Aesthetic Essays*** Malcolm Budd, 2008-11-06 The book brings together a selection of Malcolm Budd's essays in aesthetics A number of the essays are aimed at the abstract heart of aesthetics attempting to solve a cluster of the most important issues in aesthetics which are not specific to particular art forms These include the nature and proper scope of the aesthetic the intersubjective validity of aesthetic judgements the correct understanding of aesthetic judgements expressed through metaphors aesthetic realism versus anti realism the character of aesthetic pleasure and aesthetic value the aim of art and the artistic expression of emotion Other essays are focussed on central issues in the aesthetics of particular art forms two engage with the most fundamental issue in the aesthetics of music the question of the correct conception of the phenomenology of the experience of listening to music with understanding and two consider the nature of pictorial representation one examining certain well known views the other articulating an alternative conception of seeing a picture as a depiction of a certain state of affairs The final essay in the volume is a comprehensive reconstruction and critical examination of Wittgenstein's aesthetics both early and late     ***The Open Studio*** Susan Stewart, 2005 Gathering most of poet Susan Stewart's writing on contemporary art *The Open Studio* illuminates a broad range of work from Ann Hamilton installations to the sculptures watercolours of Thomas Schütte the films of Tacita Dean     ***Philosophy and Fiction*** Peter Lamarque, 1983     *Essays on Aesthetics* John Fisher, 1983     *Art and Analysis* Edward G. Ballard, 2012-12-06 Aesthetics fledgling of the philosophic brood is the most suspect of that family It is suspected of all the philosophical sins vagueness disorder dogmatism emotionalism reductionism compartmentalization Sometimes its youth is thought to be a sufficient excuse for these divagations Sometimes the very nature of its content

involving the waywardness of genius the remoteness of feeling from intellect the surd of inspiration in even the mildest appreciation are believed to condemn aesthetics irrevocably to the underside of the civilized man's domain Some philosophers have gloried in this apparently mystical and a rational quality and have seen in it the very nature of the beautiful others have come to regard it rather as evidence of the unskillfulness of our minds and have turned away from aesthetic problems to the task of sharpening the aesthetician's language and logic The laughter of the gods is not difficult to discern through the poetry of the more mystical aesthetician or through the prose of the analysts Meanwhile the manifold complexities and problems of aesthetic experience invite our understanding For aesthetic experience is a present fact of human life and may perhaps be understood by men Such at least will be the present assumption This is the reason why the title of this book mentions art together with analysis for if art is intelligible the work of art and the experience of it may be analyzed into its functional parts

## Unveiling the Energy of Verbal Artistry: An Mental Sojourn through **Essays In Aesthetics**

In a world inundated with displays and the cacophony of quick communication, the profound energy and emotional resonance of verbal artistry usually disappear in to obscurity, eclipsed by the constant onslaught of sound and distractions. Yet, nestled within the musical pages of **Essays In Aesthetics**, a fascinating function of literary brilliance that pulses with fresh feelings, lies an wonderful journey waiting to be embarked upon. Written with a virtuoso wordsmith, this mesmerizing opus instructions readers on a mental odyssey, delicately revealing the latent possible and profound impact embedded within the delicate web of language. Within the heart-wrenching expanse of the evocative evaluation, we shall embark upon an introspective exploration of the book is central themes, dissect their interesting writing fashion, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
