Spencer Lewis, 2018-12-01 The contents of these essays touch the fundamentals of human interest such as birth man's mission his concern with the afterlife and practical problems of ethics and morals The author writes as though he were personally counseling one who came to his study for advice as did several thousand persons during his lifetime Dr Lewis was the executive officer of the Rosicrucian Order AMORC one of the world's oldest and largest fraternities devoted to mystical and metaphysical study Thousands have read and benefited from his books This book you will want to refer to often Though you will find it interesting it is intended to be helpful and informative For this reason you will find it a useful reference work pertaining to the mysteries of human existence      **Essays of a Modern Mystic** Harve Spencer Lewis, 1983      Essays of a Modern Mystic H. **The Relevance of Bernard Lonergan's Notion of Self-appropriation to a Mystical-political Theology** Ian B. Bell,2008 In The Relevance of Bernard Lonergan s Notion of Self Appropriation to a Mystical Political Theology Ian Bell takes on the issue of the separation of the interior and exterior lives that has come to dominate mystical theology over the years The mystical life he claims is necessarily involved in the establishment of social structures and institutions that govern human living and the work of Bernard Lonergan on the human subject provides a means by which the connection between the interior and exterior lives may be established Because human persons operate in a consistent pattern regardless of a given moment s particularities mystical experience is no longer relegated to so called spiritual matters and the insights of mystics may be applied to the Christian call to live as agents of love With this connection in place mystical theology and political theology come together in a theology that is both mystical and political
