Chauncey C. Starkweather, 1899 *Essays of French, German and Italian Essayists, Including Biographical and Critical Sketches* Chauncey C. Starkweather, 2017-05-19 Excerpt from *Essays of French German and Italian Essayists Including Biographical and Critical Sketches* With a Special Introduction Victor Hugo's work illumines half a century He was the leader of the Romantic school a writer of limitless imagination and great will power Were this the place in which to speak of his verse we might demonstrate that he was the greatest lyrical poet of France His great novels were prose epics Into these he introduced chapters which were really essays on a variety of subjects He was one of the founders of the *Conservateur Littéraire* How interesting must have been those literary reunions at which he met De Vigny Sainte Beuve the two Deschamps de Musset and Dumas where the new ideas of the leader were promulgated Sainte Beuve was the first scientific and universal critic Year after year in the columns of the *Constitutionnel* and the *Moniteur* He continued to attract the attention of the whole literary world His theories of criticism were broad and sound founded on a wide study of literature taking account of the object which the author had in mind and studying the writer both personally and in relation with his other works His taste was well nigh flawless About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Essays of French, German and Italian Essayists

, 2015-07-08 Excerpt from *Essays of French German and Italian Essayists Including Biographical and Critical Sketches* The spirit of the French race and language lends itself naturally to the essay Ever appreciative of style and form ever alert with raillery and badinage ever keen with critical acumen there is no people with whom the essay should rather flourish In fact whatever kind of prose composition the Frenchman may try it may be said that he cannot keep from essay writing Into the novel the treatise the history the essay is interjected The Frenchman lives in an art atmosphere if he be not an artist he must perforce be a critic Oftentimes he is both for it is not disputed that one may be an artist in criticism The plastic sense the poetry of color and tone is in the very air the Frenchman breathes from birth If not creative he must be appreciative And does not the whole nation pride itself on its logic If not logical the Frenchman is nothing And this sense of close and accurate

argument and inevitable inference is the basic quality of his caustic irony his withering sarcasm his matchless innuendo his smiling but inexorable reductio ad absurdum It is quite natural then that the father of the modern essay should have been a Frenchman To speak of the great Montaigne with any degree of adequacy a volume would be required We can only note a few of his characteristics and briefly hint at his influence on the world of letters The unity of his desultoriness lies in the spirit and treatment and again in that he is always concerned in the portrayal or discussion of the nature of man He will always remain popular because he is so human Theoretically a radical he was satisfied to let things rest pretty much as they were He did not preach a great reform but inculcated a cheerful and grateful resignation to the asperities of life and the irresistibility of death He taught the dignity of good sense About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
