

In the Bismarck Archipelago were two well-known societies, called the *dahlah* and *spet*, described by Brown<sup>1</sup> and Parkinson.<sup>2</sup> No doubt the people of these islands had their village club-houses; but the authorities cited make no reference to any village club-houses or *gamel*, confined to members of the societies, or other special features similar to those of the *rukus* and *gamel* of the Banks Islands. The Bismarck societies are comparable only with the *tamate* of the Banks; and even in this connection it is unnecessary for our present purpose that they should be described in elaborate detail.

The home of the *dahlah* society was the *Ganile* Peninsula at the eastern extremity of the island of New Britain. Its activities were of a seasonal character, commencing in a period of the year when it was supposed to be born, and ending with its illness and death in another period. Most of its members were males, though apparently there were a few old women connected with it. There were very few adult males who were not members; whilst many boys as young as four or five years were members too. Membership was requisite for recognition of manhood; for the uninitiated were laughed at and spoken of as women. *Dahlah* was a secret society, and had its secret enclosure called *sewa* in the seclusion of the thick bush; and in it were a few houses used by the members, and in which the masks were hung. The members had their feasts, dances, and songs; and during the period of their activities—that is, between the birth and death of their society—they used to live in seclusion, and from time to time parties dressed up in their fantastic garments and masks went about the country whooping and dancing, terrifying the women and uninitiated, and thus extorting money from them, the belief being that these strange terrible-looking creatures were spirits from the bush. Sometimes, according to Brown, the object of these excursions was to amuse the people; and this suggests dancing in public. The initiation of new members took place, according to both Brown and Parkinson, on the occasion of *dahlah*'s annual birth; and it was a source of great expense to the relatives of the initiates. The lads had to submit to the terrors of armed attacks upon themselves, painful strains upon their strength and powers of endurance and other discomfiting and annoyances. Here, as in the Banks Islands, the initiates seem to have been taught nothing more than the deceptions involved in the terrifying performances

## Essays On Polynesian Ethnology:

**Essays in Polynesian Ethnology** Robert W. Williamson, 2011-06-16 This 1939 text examines whether the formation of a cohesive ethnology of Polynesia could be possible *Essays in Polynesian Ethnology ... Edited by Ralph Piddington ... With an Analysis of Recent Studies in Polynesian History by the Editor. [With Maps and a Bibliography.]*. Robert Ward WILLIAMSON, Ralph O'Reilly PIDDINGTON, 1939 **Essays in Polynesian Ethnology** Robert W. Williamson, Ralph Piddington, 1975 **Essays in Polynesian Ethnology** Robert Wood Williamson, Ralph Piddington, **Developments in Polynesian Ethnology** Robert Borofsky, S. Alan Howard, 2019-03-31 Development in Polynesian Ethnology assesses the current state of anthropological research in Polynesia by examining the debates and issues that shape the discipline today What have anthropologists achieved What concerns now dominate discussion Where is Polynesian anthropology headed In a series of provocative and original essays leading scholars examine prehistory social organization socialization and character development mana and tapu chieftainship art and aesthetics and early contact Together these essays show how history anthropology and archaeology have combined to give a broad understanding of Polynesian societies developing over time how they represent a blend of modernity and tradition continuity and change This book is both an introduction to Polynesia for interested students and a thought provoking synthesis for scholars charting new directions and posing possibilities for future research Scholars outside Polynesian studies will find the perspectives it offers important and its comprehensive bibliography an invaluable resource Hawaiki, Ancestral Polynesia Patrick Vinton Kirch, Roger C. Green, 2001-03-15 The power of an anthropological approach to long term history lies in its unique ability to combine diverse evidence from archaeological artifacts to ethnographic texts and comparative word lists In this innovative book Kirch and Green explicitly develop the theoretical underpinnings as well as the particular methods for such a historical anthropology Drawing upon and integrating the approaches of archaeology comparative ethnography and historical linguistics they advance a phylogenetic model for cultural diversification and apply a triangulation method for historical reconstruction They illustrate their approach through meticulous application to the history of the Polynesian cultures and for the first time reconstruct in extensive detail the Ancestral Polynesian culture that flourished in the Polynesian homeland Hawaiki some 2 500 years ago Of great significance for Oceanic studies Kirch and Green's book will be essential reading for any anthropologist prehistorian linguist or cultural historian concerned with the theory and method of long term history Folklore: Selected Essays Richard Mercer Dorson, 1972 Ancient Voyagers in Polynesia Andrew Sharp, **Papers from the Eranos Yearbooks, Eranos 5** Joseph Campbell, 2017-03-14 Essays by Ernst Benz Henry Corbin Jean Dani lou Mircea Eliade G van der Leeuw Fritz Meier Adolf Portmann Daisetz T Suzuki Paul Tillich Lancelot Law Whyte and Heinrich Zimmer Originally published in 1964 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important

books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905     The Cook Islands, 1820-1950 Richard Phillip Gilson,1980     *The Politics of Reproductive Ritual* Jeffery M. Paige,Karen Ericksen Paige,2023-04-28 A welcome addition They argue that rituals of reproduction in preindustrial societies are essentially political In these societies they say men need to control the reproductive power of women in order to establish political power where there is no law or central government ritual is used as a way of gaining control The type of ritual will vary they conclude according to the economic base of the society for those whoa re interested in the subject this book is indispensable Its thesis is challenging and the documentation is excellent Paige and Paige have made an essential contribution to a long debate and their theory is sure to stir new and lively controversy Science Digest This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1981     **Resources for the Teaching of Anthropology** David G. Mandelbaum,Gabriel W. Lasker,Ethel M. Albert,2023-11-15     **Cannibal Talk** Gananath Obeyesekere,2005-06-06 In this radical reexamination of the notion of cannibalism Gananath Obeyesekere offers a fascinating and convincing argument that cannibalism is mostly cannibal talk a discourse on the Other engaged in by both indigenous peoples and colonial intruders that results in sometimes funny and sometimes deadly cultural misunderstandings Turning his keen intelligence to Polynesian societies in the early periods of European contact and colonization Obeyesekere deconstructs Western eyewitness accounts carefully examining their origins and treating them as a species of fiction writing and seamen s yarns Cannibalism is less a social or cultural fact than a mythic representation of European writing that reflects much more the realities of European societies and their fascination with the practice of cannibalism he argues And while very limited forms of cannibalism might have occurred in Polynesian societies they were largely in connection with human sacrifice and carried out by a select community in well defined sacramental rituals Cannibal Talk considers how the colonial intrusion produced a complex self fulfilling prophecy whereby the fantasy of cannibalism became a reality as natives on occasion began to eat both Europeans and their own enemies in acts of conspicuous anthropophagy     Ethnopharmacologic Search for Psychoactive Drugs ,1979     *The Anthropology of Music* Alan P. Merriam,Valerie Merriam,1964-12-01 In this highly praised and seminal work Alan Merriam demonstrates that music is a social behavior one worthy and available to study through the methods of anthropology In it he convincingly argues that ethnomusicology by definition cannot separate the sound analysis of music from its cultural context of people thinking acting and creating The study begins with a review of the various approaches in ethnomusicology He then suggests a useful and simple research model ideas about music lead to behavior related to music and this behavior results in

musical sound He explains many aspects and outcomes of this model and the methods and techniques he suggests are useful to anyone doing field work Further chapters provide a cross cultural round up of concepts about music physical and verbal behavior related to music the role of the musician and the learning and composing of music The Anthropology of Music illuminates much of interest to musicologists but to social scientists in general as well

**Cultures of the Pacific** Thomas G. Harding, Ben J. Wallace, 1970-04 Cultures of the Pacific offers a selection of 28 readings representing anthropological research interests cultural variation in the Pacific The selections emphasize anthropological significance and relevance rather than substantive and geographical coverage The articles are divided into 6 topical areas of major importance Culture History Technology Economics Social Life Politics Social Control Religion Culture Change Among the selections included are The Kon Tiki Myth by Robert C Suggs The Primitive Economics of the Trobriand Islanders by Bronislaw Malinowski and The Rights of Primitive Peoples by Margaret Mead Many of the selections including 4 previously unpublished papers have not been readily available to the reader Editors introductions to each section indicate the place of the individual contributions in Pacific studies in particular and in anthropology in general Illustrations tables complement the text Cultures of the Pacific is designed primarily for undergraduate graduate courses in the anthropology of Pacific peoples cultures It will also find application in courses dealing with the cultural geography history of the Pacific as well as those concerned with the political science economic development of the area

**The Discovery of Tahiti, A Journal of the Second Voyage of H.M.S. Dolphin Round the World, under the Command of Captain Wallis, R.N.** Hugh Carrington, 2017-05-15 This is a new print on demand hardback edition of the volume first published in 1948 Ancient Tahitian Society Douglas L. Oliver, 2019-09-30 Tahiti is far famed yet too little known Thus wrote J M Orsmond in 1848 and the same assertion can be made in 1972 Thousands of pages had been published about Tahiti and its neighboring islands when Orsmond uttered his judgment and tens of thousands have been published since that time but a unified comprehensive and detailed description of the pre European ways of life of the inhabitants of those Islands is yet to appear in print The present work lengthy as it is makes no such claim to comprehensiveness rather it is concerned mainly with the social relations of those inhabitants and it serves up only enough about their technology their religion their aesthetic expressions and so forth to place descriptions of their social relations in context and render them more comprehensible Volumes 1 and 2 of this work are a reconstruction of the Islanders way of life as it was believed to have been just before it began to be transformed by European influence a period labeled the Late Indigenous Era Volume 3 covers events in Tahiti and Moorea from about 1767 to 1815 a period labeled the Early European Era

**U.S. Museum Histories and the Politics of Interpretation** Laura Schiavo, 2023-12-08 U S Museum Histories and the Politics of Interpretation is the first collection to examine the history of museums in the United States through the lens of the political and ideological underpinnings at the heart of exhibitions collecting and programming Including contributions from historians art historians anthropologists academics and museum professionals the

book argues that museums have always been embedded in the politics and culture of their time whether that means a reification of hegemonic notions of race gender and progress or a challenge to those normative structures Contributions probe the political nature of collection and interpretation as concept and practice and museum work as both reflective of and contributing to the politics and circulation of power in different historical moments As a whole the volume provides detailed readings of museums that demonstrate the ways in which these trusted cultural institutions have intervened in shifting concepts of nation community indigeneity race citizenship inclusion identity localism and memory U S Museum Histories and the Politics of Interpretation makes arguments about the historically and politically rooted nature of cultural production in museums that apply to institutions across the globe It is essential reading for students and scholars of museum studies public history cultural history art history and memory Polynesia in Early Historic Times Douglas L. Oliver, 2002 This book presents a comprehensive and balanced description of major aspects of Polynesian cultures using both the accounts of the European discoverers and the up to date writings of archaeologists and anthropologists BOOKJACKET
