

The Chimney Sweeper: William Blake's Poem of Innocence - Essay Sample Essay

Introduction

Songs of Innocence is a collection of romanticism poems written by English writer William Blake and published in 1794. The anthology contains some of the most outstanding poems written by Blake and one of them is "The Chimney Sweeper". The large chimneys of modern cities periodically needed to be cleaned inside. Until the early decades of the twentieth century, this work was carried out by children, who entered the chimney and climbed to the top, cleaning it. These were children from poor families, who were often even sold by their parents to adult chimney sweeps tasked with the external maintenance of the chimneys. The work was horrendous and it was not uncommon for children to die of accidents. In this poem Blake insists that leaders and even the parents of the children themselves, think that they have done nothing wrong and will not hurt their children with the work, which in reality is a very dangerous act and brings suffering to the children.

They are several reasons for choosing the poem "The Chimney Sweeper" as material for analyzing poetic devices. This poem is one of the best poems by William Blake and it will be an interesting study topic because of the choice of beautiful and complex words accompanied by the use of imagery, metaphors, simile, poetry, rhyme, and speech that increasingly makes this poem more meaningful. Besides, this poem was made written the background of the industrial revolution which had a bad impact on children. The current research will focus on the main poetry elements used in "The Chimney Sweeper" and how Blake uses these elements to convey his message and how important these elements are.

According to Risdianto (2014), poetry contains the experience of the author. In poetry, the experience of the writer can be displayed through imaging or imagery, rhyme, simile, and symbols among other elements. These elements give life to the poem. They beautify the language of the poem, make it more entertaining and moving. A good poem incorporates all or some of these poetic devices. With his rejection of Enlightenment ideals, Blake is considered one of the precursors of the romantic movement. At the center of his poetry, expressed in the Songs of Innocence and the Songs of Experience, is the creative power of the imagination, metaphors, simile, symbols, sound, and meaning, rhyme and meter. Maiti (2016) adds that Blake's poems are full of the poetic repertoire of biblical images and drawings for children such as the Shepherd, the Mother, the Nurse, the Lamb, the Bird, the Lion, the Tiger, the Fly, themes that become characters and that Blake uses with great poetic ability, in melodious and enchanted verses. They echo traditional folk ballads, religious psalms, lullabies, street voices. They become catchy poems, easy to memorize, written in a language that seems to come from a sort of universal popular folklore.

According to Gummesson (2011), Blake makes his own child's language to communicate to adults the cycle of human vision of existence based on love, freedom, justice, cruelty, divine and creative force that can be found in the universe. People live, according to this vision, in a world that contains
