Routledge Handbook of Medieval Military Strategy John D. Hosler, Daniel P. Franke, 2024-12-13 This Handbook provides the first comprehensive and global analysis of medieval military strategy covering the period from the sixth to the seventeenth century Challenging the widely held notion in modern strategic studies that medieval strategy was non-existent the Handbook brings together leading scholars to explore a range of literatures campaigns laws and contexts that highlight medieval warfare's multifaceted contours The scope of the work is ambitious with over 30 chapters dedicated to analyzing strategy across six continents From Charlemagne to Henry V and Scandinavia to Florence southbound to Morocco then across the Sahara to Kongo past the Adriatic to Byzantium and Georgia and the Crusades and Egypt further still into Indian and Chinese dynasties and Japan and finally to Central and South America this Handbook provides ready access to military strategy across the medieval world stage In the process it fills a significant gap in the history of strategy and serves to connect the ancient world with the modern demonstrating that whatever the period military leaders have consistently plied warfare in the pursuit of greater ends This Handbook will be of much interest to researchers and students of military strategy medieval military history and strategic studies in general **Spheres of Philosophical Inquiry and the**

Historiography of Medieval Philosophy John Inglis, 1998 This volume provides a genealogy of the modern historiography of medieval philosophy up to the present rediscovers fifty years of German scholarship criticizes what has become the standard approach and proposes an historically sensitive alternative **Race and Ethnicity in Anglo-Saxon Literature**

Stephen Harris, 2004-06-01 What makes English literature English This question inspires Stephen Harris's wide-ranging study of Old English literature From Bede in the eighth century to Geoffrey of Monmouth in the twelfth Harris explores the intersections of race and literature before the rise of imagined communities Harris examines possible configurations of communities illustrating dominant literary metaphors of race from Old English to its nineteenth-century critical reception Literary voices in the England of Bede understood the limits of community primarily as racial or tribal in keeping with the perceived divine division of peoples after their languages and the extension of Christianity to Bede's Germanic neighbours was effected in part through metaphors of family and race Harris demonstrates how King Alfred adapted Bede in the ninth century how both exerted an effect on Archbishop Wulfstan in the eleventh and how Old English poetry speaks to images of race **The Abbot and the Rule** Michelle Still, 2017-03-02 St Albans was one of the greatest Benedictine abbeys of

medieval England and the early 14th century was a period during which the concerns of the community and the role of the abbot emerge particularly clearly Yet the history of the abbey during this period has received little attention since general

surveys undertaken over eighty years ago and the manorial history by Levett in 1938 Basing herself on the unique and relatively unexploited *Gesta Abbatum Monasterii Sancti Albani* Michelle Still examines the position of St Albans in both the secular and monastic worlds with a focus on the period 1290-1349 The study includes discussion of the role of the abbot as a feudal landlord a provider of education at the abbey's grammar school and a dispenser of charity In conclusion she notes the pivotal importance of the personality and influence of the abbot of St Albans in ensuring the strict observance of the Rule of St Benedict in an age when traditional monasticism was increasingly challenged Through the detailed study of this one abbey this book makes an important contribution to the overall picture of monastic life in medieval England

Encyclopedia of Monasticism William M. Johnston, 2013-12-04 The two volume *Encyclopedia of Monasticism* describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e.g. art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled *Christian Perspectives* and *Buddhist Perspectives* explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism *Encyclopedia of Monasticism* also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture

Sale, 2017-10-02 BY THE WAY will appeal to book lovers who enjoy tidbits of history economics politics and religion among other bookish morsels In discussing global issues old and new and as varied as colonialism economic development militarism and Christianity Dereck C Sale explores vistas that expand on his Testament of the Third Man of ten years ago With wandering eye he takes us on a personal stroll down memory lane footprints entrusted to the future The "Things of Greater Importance" Conrad Rudolph, 2016-11-11 The Things of Greater Importance provides a close look into the social and cultural context of medieval art primarily as expressed in Bernard of Clairvaux's Apologia the central document in the greatest artistic controversy to occur in the West prior to the Reformation and the most important source we have for understanding medieval attitudes toward art Bernard wrote the Apologia during the medieval efflorescence of monumental sculpture and stained glass of advanced architecture of pilgrimage art of high Romanesque and of the origins of Gothic art Rudolph places the Apologia traditionally seen as a condemnation either of all religious art or of all monastic art in a broader context using it to explore the role of art in medieval society He shows that Bernard was interested in the impact of art on contemporary monasticism in a more complex way than previously believed The book offers the most thorough study available of the theoretical basis of medieval art as it functioned in society and its implications for the art of both the Romanesque and Gothic periods which were spanned by Bernard's life are significant **American Learned Men and Women with Czechoslovak Roots** Mila Rechcigl, 2020-11-18 Apart from a few articles no comprehensive study has been written about the learned men and women in America with Czechoslovak roots That's what this compendium is all about with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Czech and Slovak immigrants including Bohemian Jews have brought to the New World their talents their ingenuity their technical skills their scientific knowhow and their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for the remarkable success and achievements of these settlers in their new home transcending through their descendants as this monograph demonstrates The monograph has been organized into sections by subject areas i.e. Scholars Social Scientists Biological Scientists and Physical Scientists Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on

geographical ground without regards to their native language or ethical background This was because under the Habsburg rule the official language was German and any nationalistic aspirations were not tolerated Consequently it would be virtually impossible to determine their innate ethnic roots or how the respective individuals felt Doing it in any other way would be a mere guessing and thus less objective **Canadian Essay and Literature Index** Andrew D. Armitage, Nancy Tudor, 1976-02 **Medieval Religion** Constance Hoffman Berman, 2004-08-02 Constance Hoffman Berman presents an indispensable collection of the most influential and revisionist work to be done on religion in the Middle Ages in the last two decades Bringing together an authoritative list of scholars from around the world this book is a comprehensive compilation of the most important work in this field Medieval Religion provides a valuable service for all those who study the Middle Ages church history or religion History and Climate Change Neville Brown, 2005-06-29 This book is a balanced and comprehensive overview of the links between climate and man's advance from pre history to modern times It is a synthesis of the many historical and scientific theories regarding man's progress through the ages
