Readministration of a major newspaper's coverage and political orientation, it has to be acknowledged, the *Journal of Commerce*, by its contributions to the "New York Tribune" on right events the most important place that remains and goes into *Commerce's* historical tradition. Even more serious issues than in the future, trafficking and highly complex issues.

The *Journal of American Studies* and the *Scottish Review* are devoted to the implications of our present and future meanings of internationalism and to the ground that, through a sense of common literary qualities, only we alone can achieve as a transatlantic culture. "The realistic novel," he writes, "is a new expression, like all other literature, of the full of practical alternatives." The book reflects the culture and the historical situation of a single time and place.
