Essence Of The Church A Community Created By The Spirit:

The Essence of the Church Craig Van Gelder, 2000-05-01 This fresh perspective on the church explores its essential nature as a community of people governed by the Word and led and taught by the Spirit *The Missional Church in Context* Craig Van Gelder, 2007-10-26 The missional church conversation continues to make a vital contribution to thinking about congregations and their contexts addressing the essential question What does it really mean to be church This book offers substantial clarifying insights into that ongoing dialogue Contributors Mark Lau Branson James Tzu Kao Chai Mary Sue Dehmlow Dreier Terri Martinson Elton Scott Frederickson Joon Ho Lee Gary M Simpson Craig Van Gelder **The Essence of the Church** Norma Cook Everist, 2002 **Theosis in the Theology of Thomas Torrance** Myk Habets, 2016-02-17 Torrance's vision of Theosis deification divinisation is explored through his doctrine of creation and anthropology his characterisation of the incarnation his accounts of reconciliation and union with Christ and his theology of church and sacraments Myk Habets study distinguishes Torrance's Reformed vision of theosis from other possible accounts of salvation as divinisation as they are found for instance within patristic thought and Eastern Orthodoxy This book presents the first critique of the theology of T F Torrance to focus on theosis and examines a model of theosis within the realm of reformed theology built upon Western theology *Pentecostal Ecclesiology* Chris Green, 2016-06-27 This reader in Pentecostal ecclesiology edited by Chris Green brings together in a single volume a number of critically important previously published essays written by leading Pentecostal and charismatic scholars addressing the theology of the church sacraments and ministry in the Pentecostal charismatic traditions Contributors include Estrela Alexander Peter Althouse Jonathan E Alvarado Ken Archer Daniela Augustine Simon Chan Graciela Esparza Jenny Everts Chris E W Green Walter Hollenweger Cheryl Bridges Johns Veli Matti K rkk inen Andy Lord Frank Macchia Clark Pinnock Margaret M Poloma Lisa Stephenson Wolfgang Vondey and Amos Yong **The Cambridge Companion to Postmodern Theology** Kevin J. Vanhoozer, 2003-07-31 Postmodernity allows for no absolutes and no essence Yet theology is concerned with the absolute the essential How then does theology sit within postmodernity Is postmodern theology possible or is such a concept a contradiction in terms Should theology bother about postmodernism or just get on with its own thing Can it Theologians have responded in many different ways to the challenges posed by theories of postmodernity In this introductory 2003 guide to a complex area editor Kevin J Vanhoozer addresses the issue head on in a lively survey of what talk about God might mean in a postmodern age and vice versa The book then offers examples of different types of contemporary theology in relation to postmodernity while the second part examines the key Christian doctrines in postmodern perspective Leading theologians contribute to this clear and informative Companion which no student of theology should be without *Take Your Church's Pulse* Tim Koster, John Wagenveld, 2014-10-07 Take Your Church's Pulse presents ten vital signs of a healthy church five key commitments and five key functions It then introduce you to a church health diagnostic tool you can apply to your setting

Thousands of pastors and leaders around the world have found this paradigm helpful in organizing the ministry and mission of the local church. This book and the free diagnostic tool it presents are most useful if accompanied by a healthy process of conversations. With such a process led by the Spirit, this book can help you discern a preferred future for your community of faith. Koster and Wagenveld write: A healthy community of faith is rooted first of all in the character and nature of God. It understands its mission and purpose in the world and organizes its life and work to be faithful and effective in its context. None of these vital signs stands alone. It is a combination of factors that together make up a faithful and fruitful organism: the living Church of our Lord Jesus Christ. There is no magic in the number ten, but for the teaching purposes it has worked quite well in different cultural contexts in providing ideas and a language for discussing important issues in congregational life and mission. The intended audience for this book is any pastor, leader, or church member who is interested in having healthy conversations with others to strengthen the local church.

The Community of the Spirit C. Norman Kraus, 2008-03-01. A revised edition of this classic work by C. Norman Kraus. Key material from another influential book, *The Authentic Witness*, is incorporated, and a new chapter is added. Repeatedly, Kraus stresses the key point: the good news of the gospel is not that all will be well in the future. The good news is that the Spirit of God is among us now. He asks the church to become a dynamic God Movement by opening itself to this now-present Spirit.

The Holy Spirit and the Christian Life W. Vondeg, 2014-02-20. Twelve scholars from the biblical, historical, theological, and philosophical disciplines engage in a conversation on the transforming work of the Holy Spirit in the Christian life. The essays are held together by an enduring focus and concern to explore the relationship between the work of the Holy Spirit and Christian formation, discipleship, personal and social transformation. The book points toward the integration of theory and practice, theology and spirituality, and the mutual interest in fostering dialogue across disciplines and ecclesial traditions.

The Missional Church and Denominations Craig Van Gelder, 2008-11-03. *The Missional Church and Denominations* utilizes the missional church conversation as a lens for engaging an important dimension of church life in the United States: denominations and denominationalism. Denominations have been studied from a wide variety of perspectives, including historical, sociological, and theological, but they have yet to be engaged in light of a missional church understanding. Here, each essay helps to bring further clarity to the word missional and contributes to the ever-widening conversation.
