Finkelstein, 2021-08-10 Investigates the groundbreaking role American women played in commemorating those who served and sacrificed in World War I In *Forgotten Veterans Invisible Memorials* How American Women Commemorated the Great War 1917 1945 Allison S Finkelstein argues that American women activists considered their own community service and veteran advocacy to be forms of commemoration just as significant and effective as other more traditional forms of commemoration such as memorials Finkelstein employs the term veteranism to describe these women s overarching philosophy that supporting aiding and caring for those who served needed to be a chief concern of American citizens civic groups and the government in the war s aftermath However these women did not express their views solely through their support for veterans of a military service narrowly defined as a group predominantly composed of men and just a few women Rather they defined anyone who served or sacrificed during the war including women like themselves as veterans These women veteranists believed that memorialization projects that centered on the people who served and sacrificed was the most appropriate type of postwar commemoration They passionately advocated for memorials that could help living veterans and the families of deceased service members at a time when postwar monument construction surged at home and abroad Finkelstein argues that by rejecting or adapting traditional monuments or by embracing aspects of the living memorial building movement female veteranists placed the plight of all veterans at the center of their commemoration efforts Their projects included diverse acts of service and advocacy on behalf of people they considered veterans and their families as they pushed to infuse American memorial traditions with their philosophy In doing so these women pioneered a relatively new form of commemoration that impacted American practices of remembrance encouraging Americans to rethink their approach and provided new definitions of what constitutes a memorial In the process they shifted the course of American practices even though their memorialization methods did not achieve the widespread acceptance they had hoped it would Meticulously researched *Forgotten Veterans Invisible Memorials* utilizes little studied sources and reinterprets more familiar ones In addition to the words and records of the women themselves Finkelstein analyzes cultural landscapes and ephemeral projects to reconstruct the evidence of their influence Readers will come away with a better understanding of how American women supported the military from outside its ranks before they could fully serve from within principally through action based methods of commemoration that remain all the more relevant today *Program of the ... Annual Meeting of the American Historical Association* American Historical Association. Meeting, American Historical Association, 2002 Some programs include also the programs of societies meeting concurrently with the association *Essential America* David Shi, 2001-05 The *Essential America* is a fundamentals version of the Tindall Shi narrative packaged in an eye popping four color design The oversized

page and double column layout make the text accessible and highlight the book's impressive art program. The text's outstanding pedagogy keeps the central themes of the narrative in sight throughout.
