Escape De Kabul:

Escape from Kabul Levison Wood, Geraint Jones, 2023-03-16 An important account of one of the defining moments of the modern world PETER FRANKOPAN Readers praise for Escape from Kabul It s rare for a book to be so well written that you feel you are there yourself I felt like I was holding my breath reading it Truly eye opening and shocking Must read for military historians Brilliantly written by those who understand modern warfare and politics Highly recommended A compelling page turner The evacuation of Kabul in August 2021 will go down in military history as one of the most unexpected events in modern times In an eerie replay of the disastrous British retreat from Kabul in 1842 coalition troops withdrew from Afghanistan after twenty years of military campaigning The subsequent collapse of the Afghan government and its army shocked the world as a resurgent Taliban gathered its forces and swept across the country Thousands of Afghans who had worked with the allies were left to the meagre mercy of the Taliban As the Taliban went door to door to execute collaborators a small international task force set out on a daring mission to evacuate as many Afghans and their families as possible Drawing on a wide range of first hand accounts the politicians and officers who planned the trans continental rescue the young soldiers who were faced with the unenviable task of keeping a crowd of thousands of desperate people at bay former interpreters and soldiers of the Afghan Special Forces who made it out Escape from Kabul is the harrowing true story of Operation Pitting and the Kabul airlift An essential contribution to the historical record told with lucid flair Sophy Roberts A compelling account of one of the most seismic events in recent years Vividly told Escape from Kabul captures the human cost of America s deal with the Taliban Larisa Brown Escape from Kabul is savage adrenalin fuelled brutally honest compelling and essential reading Wood and Jones are a dream team writing about a nightmare These are the stories that soldiers tell each other when the press and politicians have packed up and moved on These are the real stories of the men and women who snatched honour from the jaws of humiliating betrayal and defeat Ben Timberlake Escape From Kabul explains through personal knowledge and eye witness testimony the bravery endurance and professionalism of men and women tasked with achieving the near impossible Stuart Ramsay Chief Correspondent Sky News Wood and Jones have done an excellent job of translating that chaos into a powerful narrative replete with human drama and to some extent horror It is certainly compelling and disturbing reading Mail on Sunday

Escape from Violence Aristide R. Zolberg, Astri Suhrke, Sergio Aguayo, 1989-08-10 The magnitude of refugees movements in the Third World widely perceived as an unprecedented crisis has generated widespread concern in the West This concern reveals itself as an ambiguous mixture of heartfelt compassion for the plight of the unfortunates cast adrift and a diffuse fear that they will come pouring in In this comprehensive study the authors examine the refugee flows originating in Latin America Africa and Asia and suggest how a better understanding of this phenomenon can be used by the international community to assist those in greatest need Reviewing the history of refugee movements in the West they show how their formation and the fate of endangered populations have also been shaped by the partisan objectives of receiving countries They survey the kinds of social conflicts characteristic of different regions of the Third World and the ways refugees and refugee policy are made to serve broader political purposes

Chaos in Kabul Gérard de Villiers, 2014-10-28 As U S troops prepare to withdraw from Afghanistan and the Taliban is poised to take over the CIA calls upon the Austrian aristocrat Malko Linge to execute a dangerous and delicate plan to restore stability to the region On the ground in Kabul Malko reconnects with an old flame and hires a South African mercenary to assist with his mission But Malko doesn't know whom he can trust His every move is monitored by President Karzai's entourage Taliban leaders a seductive American journalist and a renegade within the CIA itself Before he can pull off his plan Malko is kidnapped and nearly killed When he finally manages to escape he finds himself alone and running for his life in a hostile city

The Secret Gate Mitchell Zuckoff, 2023-04-25 The incredible true story of a breathtaking rescue in the frenzied final hours of the U S evacuation of Afghanistan and how a brave Afghan mother and a compassionate American officer engineered a daring escape from the 1 New York Times bestselling author of 13 Hours Reads like a thriller The Secret Gate is a fast paced escape narrative but it is also a morally complex interrogation The Washington Post Best Books of the Year When the U S began its withdrawal from Afghanistan and the Afghan Army instantly collapsed Homeira Qaderi was marked for death at the hands of the Taliban A celebrated author academic and champion for women's liberation Homeira had achieved celebrity in her home country by winning custody of her son in a contentious divorce a rarity in Afghanistan's patriarchal society As evacuation planes departed above Homeira was caught in the turmoil at the Kabul Airport trying and failing to secure escape for her and her eight year old son Siawash along with her parents and the rest of their family Meanwhile a young American diplomat named Sam Aronson was enjoying a brief vacation between assignments when chaos descended upon Afghanistan Sam immediately volunteered to join the skeleton team of remaining officials at Kabul Airport frantically racing to help rescue the more than 100 000 stranded Americans and their Afghan helpers When Sam learned that the CIA had established a secret entrance into the airport two miles away from the desperate crowds crushing toward the gates he started bringing families directly through personally rescuing as many as fifty two people in a single day On the last day of the evacuation Sam was contacted by Homeira's literary agent who persuaded him to help her escape He needed to risk his life to get them through the gate in the final hours

before it closed forever He borrowed night vision goggles and enlisted a Dari speaking colleague and two heavily armed security contract shooters He contacted Homeira with a burner phone and they used a flashlight code signal borrowed from boyhood summer camp For her part Homeira broke Sam s rules and withstood his profanities Together they braved gunfire by Afghan Army soldiers anxious about the restive crowds outside the airport Ultimately to enter the airport Homeira and Siawash would have to leave behind their family and everything they had ever known The Secret Gate tells the thrilling emotional tale of a young man s courage and a mother and son s skin of the teeth escape from a homeland that is no longer their own

Possessing the World Bouda Etemad,2007-07 Based on an impressive body of information and data this volume recounts the history of five continents over a long stretch of time and in a comparative approach From the beginning of European expansion the question was posed what were the empire tools that gave Europe its military superiority even before the industrial revolution What was it that enabled Europeans to withstand life threatening tropical diseases and to control indigenous populations This book gives a fresh and wide ranging view of the construction and collapse of the modern colonial empires of Europe the United States of America and Japan

Afghanistan Thomas Barfield,2010-03-29 A major history of Afghanistan and its changing political culture Afghanistan traces the historic struggles and the changing nature of political authority in this volatile region of the world from the Mughal Empire in the sixteenth century to the Taliban resurgence today Thomas Barfield introduces readers to the bewildering diversity of tribal and ethnic groups in Afghanistan explaining what unites them as Afghans despite the regional cultural and political differences that divide them

He shows how governing these peoples was relatively easy when power was concentrated in a small dynastic elite but how this delicate political order broke down in the nineteenth and twentieth centuries when Afghanistan's rulers mobilized rural militias to expel first the British and later the Soviets. Armed insurgency proved remarkably successful against the foreign occupiers but it also undermined the Afghan government's authority and rendered the country ever more difficult to govern as time passed. Barfield vividly describes how Afghanistan's armed factions plunged the country into a civil war giving rise to clerical rule by the Taliban and Afghanistan's isolation from the world. He examines why the American invasion in the wake of September 11 toppled the Taliban so quickly and how this easy victory lulled the United States into falsely believing that a viable state could be built just as easily. Afghanistan is essential reading for anyone who wants to understand how a land conquered and ruled by foreign dynasties for more than a thousand years became the graveyard of empires for the British and Soviets and what the United States must do to avoid a similar fate.
