Escape From Catastrophe 1940 Dunkirk:

Escape from Catastrophe David J. Knowles, 2000-05-01 **Dunkirk: Nine Days That Saved An Army** John Grehan, 2018-03-30 The epic of Dunkirk has been told many times but the numerous accounts from surviving soldiers and sailors were often a blur of fear and fighting with the days mingling into each other leaving what is at times a confusing picture In this book adopting a day by day approach the author provides a clear portrayal of the unfolding drama on the perimeter around Dunkirk in the port itself and along the beaches to La Panne and the Belgian border Reports from many of the captains of the vessels which took part in the great evacuation were submitted to the Admiralty immediately after the conclusion of Operation Dynamo With access to these and supported by the various records maintained by the Army and RAF the author has been able to finally piece together the movements and actions of the many of the squadrons units and ships involved With the Admiralty reports and a mass of other firsthand accounts many of which have never been published before the true tale of the heroism of the rescued and the rescuers is laid bare Operation Dynamo saw civilian volunteers and Royal Navy personnel manning every type of craft from the anti-aircraft cruiser HMS Calcutta to the cockle boats of the Thames Estuary The accounts of the men who crewed these vessels tell of being bombed and strafed by the Luftwaffe or shelled from the shore There are stories of collisions in the dark chaos on the beaches and tragic losses as ships went down Similar tales are told by the men waiting on the beaches defending the perimeter or flying in the skies overhead in a valiant effort to hold the German Army and Luftwaffe at bay Yet this is ultimately a story as Churchill described it of deliverance for against all the predictions the BEF was saved to fight again another day With civilians and servicemen working without respite for days and nights on end under almost continual attack to rescue the army the nation pulled together as never before It truly was Britains finest hour *Dunkirk* Sinclair McKay, 2014-09-18 From the author of the Sunday Times bestseller *The Secret Life of Bletchley Park* When Churchill made one of the most inspiring speeches of the 20th century we will fight them on the beaches he was giving thanks for the miracle of deliverance the harrowing and breathless evacuation of over 338 000 troops from the beaches and harbour at Dunkirk Churchill was determined it shouldn't be labelled a victory He was already too late Hours later broadcaster JB Priestley was to call it an absurd English epic Those days of Dunkirk are still invoked now whenever the nation finds itself in any kind of crisis But there is a wider story too that involves a very large number of civilians from nurses to racing enthusiasts trades union leaders to dance hall managers novelists to seaside caf owners And even wider yet a story that starts in September 1939 of young civilian men being trained for a war that was already 25 years out of date and the increasing suspense and occasional surrealism of the Phoney War The absurd epic of Dunkirk told here through fresh interviews with veterans plus unseen letters and archival material is the story of how an old fashioned island was brutally forced into the modernity of World War Two **Catastrophe 1914** Max Hastings, 2013-09-24 From the acclaimed military historian a history of the outbreak of World War I the dramatic stretch from the breakdown of diplomacy

to the battles the Marne Ypres Tannenberg that marked the frenzied first year before the war bogged down in the trenches In Catastrophe 1914 Max Hastings gives us a conflict different from the familiar one of barbed wire mud and futility He traces the path to war making clear why Germany and Austria Hungary were primarily to blame and describes the gripping first clashes in the West where the French army marched into action in uniforms of red and blue with flags flying and bands playing In August four days after the French suffered 27 000 men dead in a single day the British fought an extraordinary holding action against oncoming Germans one of the last of its kind in history In October at terrible cost the British held the allied line against massive German assaults in the first battle of Ypres Hastings also re creates the lesser known battles on the Eastern Front brutal struggles in Serbia East Prussia and Galicia where the Germans Austrians Russians and Serbs inflicted three million casualties upon one another by Christmas As he has done in his celebrated award winning works on World War II Hastings gives us frank assessments of generals and political leaders and masterly analyses of the political currents that led the continent to war He argues passionately against the contention that the war was not worth the cost maintaining that Germany s defeat was vital to the freedom of Europe Throughout we encounter statesmen generals peasants housewives and private soldiers of seven nations in Hastings s accustomed blend of top down and bottom up accounts generals dismounting to lead troops in bayonet charges over 1 500 feet of open ground farmers who at first decried the requisition of their horses infantry men engaged in a haggard retreat sleeping four hours a night in their haste This is a vivid new portrait of how a continent became embroiled in war and what befell millions of men and women in a conflict that would change everything

Assignment To Catastrophe. Vol. 2, The Fall Of France, June 1940 Major-General Sir Edward Louis Spears, 2014-08-15 The German victory in France at the onset of the Second World War was sudden brutal and brilliant by contrast the British and French preparations were miserable faulty badly carried through and fraught with mistrust In the midst of these Allied responses was the eminent liaison officer Major General Sir Edward Louis Spears sent by the new prime Minister Winston Churchill to be his representative to the French Prime Minister Spears was very well suited to his role as he had seen much military service and he had served in a senior liaison capacity between the British and French armies during the First World War Keenly observant well connected urbane and respected by many of the French politicians and generals his two volume memoirs are justly famous

Dünkirchen 1940 Robert Kershaw, 2022-09-01 Kershaw s book is a welcome rebalancing a thoughtful well researched and well written contribution to a narrative that has long been too one sided and too mired in national mythology The Times The British evacuation from the beaches of the small French port town of Dunkirk is one of the iconic moments of military history The battle has captured the popular imagination through LIFE magazine photo spreads the fiction of Ian McEwan and of course Christopher Nolan s hugely successful Hollywood blockbuster But what is the German view of this stunning Allied escape Drawing on German interviews diaries and unit post action reports Robert Kershaw creates a page turning history of a battle that we thought we knew D nkirchen

1940 is the first major history on what went wrong for the Germans at Dunkirk As supreme military commander Hitler had seemingly achieved a miracle after the swift capitulation of Holland and Belgium but with just seven kilometres before the panzers captured Dunkirk the only port through which the trapped British Expeditionary force might escape they came to a shuddering stop Only a detailed interpretation of the German perspective historically lacking to date can provide answers as to why D nkirchen 1940 delves into the under evaluated major German miscalculation both strategically and tactically that arguably cost Hitler the war

The Hitler Years: Disaster, 1940-1945 Frank McDonough, 2025-09-23 The Second Volume of a new chronicle of the Third Reich under Hitler s hand ending with his death and Germany s disastrous defeat In The Hitler Years Disaster 1940 1945 Frank McDonough completes his brilliant two volume history of Germany under Hitler s Third Reich At the beginning of 1940 Germany was at the pinnacle of its power By May 1945 Hitler was dead and Germany had suffered a disastrous defeat Hitler had failed to achieve his aim of making Germany a super power and had left her people to cope with the endless shame of the Holocaust Despite Hitler s grand ambitions and the successful early stages of the Third Reich s advances into Europe Frank McDonough convincingly argues that Germany was only ever a middle ranking power and never truly stood a chance against the combined forces of the Allies In this second volume of The Hitler Years Professor Frank McDonough charts the dramatic change of fortune for the Third Reich and Germany s ultimate defeat

Dunkirk Hugh Sebag-Montefiore, 2007-05-31 Special 75th Anniversary Edition Hugh Sebag Montefiore s Dunkirk Fight to the Last Man tells the story of the rescue in May 1940 of British soldiers fleeing capture and defeat by the Nazis at Dunkirk Dunkirk was not just about what happened at sea and on the beaches The evacuation would never have succeeded had it not been for the tenacity of the British soldiers who stayed behind to ensure they got away Men like Sergeant Major Gus Jennings who died smothering a German stick bomb in the church at Esquelbecq in an effort to save his comrades and Captain Marcus Ervine Andrews VC who single handedly held back a German attack on the Dunkirk perimeter thereby allowing the British line to form up behind him Told to stand and fight to the last man these brave few battalions fought in whatever manner they could to buy precious time for the evacuation Outnumbered and outgunned they launched spectacular and heroic attacks time and again despite ferocious fighting and the knowledge that for many only capture or death would end their struggle A searing story both meticulous military history and a deeply moving testimony to the extraordinary personal bravery of individual soldiers Tim Gardam The Times Sebag Montefiore tells the story with gusto a remarkable attention to detail and an inexhaustible appetite for tracking down the evidence Richard Ovary Telegraph Hugh Sebag Montefiore was a barrister before becoming a journalist and then an author He wrote the best selling Enigma The Battle for the Code One of his ancestors was evacuated from Dunkirk

Air Power and the Evacuation of Dunkirk Harry Raffal, 2021-07-15 The evacuation of Dunkirk has been immortalised in books prints and films narrated as a story of an outnumbered inexperienced RAF defeating the battle hardened Luftwaffe and protecting the evacuation This book revives the historiography by analysing the air operations during the evacuation Raffal draws from German and English sources many for the first time in the context of Operation DYNAMO to argue that both sides suffered a defeat over Dunkirk This work examines the resources and tactics of both sides during DYNAMO and challenges the traditional view that the Luftwaffe held the advantage The success that the Luftwaffe achieved during DYNAMO including halting daylight evacuations on 1 June is evaluated and the supporting role of RAF Bomber and Coastal Command is explored in detail for the first time Concluding that the RAF was not responsible for the Luftwaffe's failure to prevent the evacuation Raffal demonstrates that the reasons lay elsewhere

Rome Matthew Kneale, 2019-05-28 This magnificent love letter to Rome Stephen Greenblatt tells the story of the Eternal City through pivotal moments that defined its history from the early Roman Republic through the Renaissance and the Reformation to the German occupation in World War Two an erudite history that reads like a page turner Maria Semple Rome the Eternal City It is a hugely popular tourist destination with a rich history famed for such sites as the Colosseum the Forum the Pantheon St Peter's and the Vatican In no other city is history as present as it is in Rome Today visitors can stand on bridges that Julius Caesar and Cicero crossed walk around temples in the footsteps of emperors visit churches from the earliest days of Christianity This is all the more remarkable considering what the city has endured over the centuries It has been ravaged by fires floods earthquakes and most of all by roving armies These have invaded repeatedly from ancient times to as recently as 1943 Many times Romans have shrugged off catastrophe and remade their city anew Matthew Kneale is one step ahead of most other Roman chroniclers The New York Times Book Review He paints portraits of the city before seven pivotal assaults describing what it looked like felt like smelled like and how Romans both rich and poor lived their everyday lives He shows how the attacks transformed Rome sometimes for the better With drama and humor he brings to life the city of Augustus of Michelangelo and Bernini of Garibaldi and Mussolini and of popes both saintly and very worldly Rome is exciting gripping a slow roller coaster ride through the fortunes of a place deeply entangled in its past The Wall Street Journal

The forgotten French Nicholas Atkin, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license It is widely assumed that the French in the British Isles during the Second World War were fully fledged supporters of General de Gaulle and that across the channel at least the French were a nation of resisters This study reveals that most exiles were on British soil by chance rather than by design and that many were not sure whether to stay Overlooked by historians who have concentrated on the Free French of de Gaulle these were the Forgotten French refugees
