**Sociological Perspectives on Media Piracy in the Philippines and Vietnam** Vivencio O. Ballano, 2015-12-26. This book addresses the persistence of the optical media piracy trade in the Philippines and Vietnam. It goes beyond arguments of defective law enforcement and copyright legal systems by applying sociological perspectives to examine the socio economic forces behind the advent of piracy in the region. Using documentary and ethnographic data in addition to resistance and ecological theories in sociology of law and technology as the overall theoretical framework the book investigates factors that contribute to this phenomenon and factors that impede the full formalization of the optical media trade in the two countries. These factors include the government's attitude towards the informal sector and strong resistance to tougher IPR protection unstable and sometimes conflicting policies on technologies burdensome business registration process and weak enforcement of business regulations bureaucratic corruption and loopholes in law enforcement system as well as trade ties with China. In addition to that the book highlights the social background of the actors behind the illegal business of counterfeit CDs and DVDs thereby

explaining the reasons they continue to persist in this type of trade It invites policymakers law enforcers advocates of anti piracy groups and the general public to use a more holistic lens in understanding the persistence of copyright piracy in developing countries shifting the blame from the moral defect of the traders to the current problematic copyright policy and enforcement structure and the difficulty of crafting effective anti piracy measures in a constantly evolving and advancing technological environment      *Movies on TV, 1988-1989* Steven H. Pardi, 1987 Alphabetical listings and a 4 star rating system make for quick and easy decision making while thoughtful professional reviews guide consumers to optimal viewing pleasure Expanded and updated with over 14 000 listings      *The Fooling of America* Pio Andrade, 1990

**Movies on TV and Videocassette, 1991-1992** Steven H. Scheuer, 1990      *The Deserter* P. J. Gonzales, 2016-06-21 The Japanese occupation of the Philippines began simultaneously with the attack on Pearl Harbor The estimated costs to human lives was unimaginable as written in history There were a few who lived to tell their story The book is based on the true accounts of a soldier as it was narrated over time From his war experiences were derived many compositions and essays by the same author but his identity was never revealed due to possible implications that may affect the life he chose and lived after the war The manuscript of *The Deserter* was written many years ago As it was taken very seriously not to omit any details if let known the need for publication nullified the urgency until it was decided how the book would be presented without the narration being upsetting To know about the book is to read it in its entirety because the author himself could not find ways to transform the story into a few words      **Movies on TV, 1984-1985** Steven H.
