# MICHAEL MORPURGO

An illustration of a small boat with several people inside, navigating through a turbulent sea under a dramatic, stormy sky with lightning. The boat is tilted, and the water is dark and choppy. Several birds are flying around the boat. The overall mood is one of urgency and escape.

awesome odds they became the first to set foot on Lucania's peak not realizing that their greatest challenge still lay beyond. Nearly a month after being stranded on the glacier and with their supplies running dangerously low they would have to navigate their way out through uncharted Yukon territory racing against time as the summer warmth caused rivers to swell and flood to unfordable depths. But even as their situation grew more and more desperate they refused to give up. Escape from Lucania tells this amazing story in thrilling and vivid detail from the climbers' exultation at reaching the summit to their darkest moments confronting seemingly insurmountable obstacles. It is a tale of awesome adventure and harrowing danger. But above all it is the story of two men of extraordinary spirit inspiring comradeship and great courage. Today Washburn and Bates, now in their nineties, are legends in climbing circles. Bates co-led 1938 and 1953 expeditions to K2, the world's second highest mountain. Washburn, whose record of Alaskan first ascents is unmatched, became founding director of Boston's Museum of Science and is one of the premier mountain photographers in the world. Some of his remarkable images from the 1937 Lucania expedition are included in this book.

**The Dream Weaver** Satyapal Anand, 2011-10-20. Satyapal Anand's poetry is cerebral rather than emotional. It reveals many splendored splashes of color and sound. His poems reveal the essential mythopoeic self present in the poet himself as in all humanity. Again his personae are all inside his poems. Here and now or there and beyond combine and create word collages. By authenticating effects of the vision and perceptions underlying them, his images give us new ways of seeing the world. There is a kind of double vision involved in it. His is the imagist's faculty for seeing a thing at once precisely for itself and at the same time as part of a larger phenomenon. Many of his poems are dramatic monologues. In these the speaker does not speak in a vacuum. When he speaks or acts it reflects the time, place, thought, social conventions and general circumstances, but it also impinges upon political, philosophical and religious shades of meaning that transgress the immediacy of the situation. Caroline Greene says that nothing extraordinary has happened in American poetry in the past half a century and if an Urdu poet of the stature of Satyapal Anand chooses to bring his treasure house to the English-speaking word, it is likely to change the entire scenario here. It is precisely because the poet recovers the extracultural, historic, mythological ground of humanity as a whole that the American poets have lost in localizing their poetry.

The Greatest Escape David Balcom, 2004. Oh, if there were someone to tell us the history of that subtle feeling called solitude, mused the philosopher Friedrich Nietzsche. In *The Greatest Escape*, David Balcom answers that call, showing that solitude is an inevitable yet vital and exciting facet of our existence with a long, tumultuous past. He travels back in time to trace the spirit flights of shamans, wanders in the mountains of China listening to the poetry of recluse scholars, visits the forests of India to participate in the dialogues of ancient sages, explores the wisdom of early Greek philosophers, Christian hermits and Sufi mystics, and illuminates the role of solitude in the lives and writings of modern poets and intellectuals from Petrarch to Thoreau. Covering a broad swath of history, Balcom introduces us to powers and resources in solitude that are drowned in the clamor of modern life. He concludes that the experience of solitude can be creative, joyful,

enlightening sometimes all three at once and that the perennial fruits of solitude are open to everyone Here he writes is an apology for and a guide to the greatest of all escapes *Planning Your Escape* L.E.
