Baumeister, 2014-02-04 This volume provides an integrative theory firmly grounded in current psychology of the self and offers a fresh compelling account of one of psychology's most enigmatic behavior patterns Professor Baumeister provides comprehensive coverage of historical and cross cultural theories and empirical data on masochism and presents recent original data drawn from a large data set of anonymous masochistic scripts of fantasies and favorite experiences Drawn from the latest social psychological research and theories Professor Baumeister returns the emphasis to the original and proto typical form of masochism sexual masochism and explains these phenomena as a means of releasing the individual from the burden of self awareness It is the first volume to present a psychological theory compatible with the mounting evidence that most masochists are not mentally ill nor does masochism derive from sadism Instead Professor Baumeister finds that masochism emerges as an escapist response to the problematic nature of selfhood and he attempts to foster an understanding of sexual masochism that emphasizes both escape from self and construction of meaning hypotheses The book is directed at all those interested in the self and identity in paradoxical behavior patterns and in the construction of meaning presenting specific clinical recommendations Ecstasy's Endgame Tessa McKay, 2011-02-15 Kyra Morgan always wanted to live in the past and now she's found a way to do just that Whether she likes it or not Wrapping herself in black velvet under the sweltering Southern sun Kyra spends her summers working at the Tudor Rose Renaissance Festival as a Lady in an imaginary royal court She hasn't had much luck with men either and has little interest in handing over her heart again so she immerses herself in her scholarship and the local faire where she can escape into the past and ignore the problems of the present day Rafe Harrison is hard to ignore however Handsome confident and boorish he is beloved by most everyone at the faire particularly the women Even Kyra's best friend is quick to champion him much to

Kyra's dismay Kyra knows little about Rafe but wisely despises his bravado his appeal and his slipshod reenactment methods And when Rafe is implicated in her best friend's riding accident she cannot forgive him for his neglect or herself for the unwelcomed sensations he stirs within her But after tampering with a gypsy potion Kyra suddenly finds herself and Rafe transported back to sixteenth century England and it is nothing like the 1500's back home It is a dangerous time of court intrigue French wars and Scottish insurrection Kyra soon finds that she must learn to trust the courage and heart of the man she reviles if they are to survive And more importantly she must learn to trust her own heart as she fights for both her own and Rafe's survival upon one of the bloodiest battlefields in England Flodden *Leaving Alexandria* Richard

Holloway, 2012-03-01 The prize winning memoir an enlightening walk through a life that encompasses West Africa rent strikes the divided self and the question of grace Scotland on Sunday UK An international bestseller and winner of the PEN Ackerley Prize Ricard Holloway's candid memoir is many things It is a compelling account of a journey through life told with great frankness it is a subtle reflection on what it means to live in an imperfect and puzzling world and it is a highly readable insight into one of the most humane and engaged minds of our times It is quite simply a wonderful book Alexander McCall Smith At the tender age of fourteen Richard Holloway left his hometown of Alexandria north of Glasgow and travelled hundreds of miles to be educated and trained for the priesthood at an English monastery By the age of twenty five he had been ordained and was working in the slums of Glasgow Through the forty years that followed Richard touched the lives of many people as he rose to one of the highest positions in the Anglican Church But behind his confident public faith lay a restless heart and an inquisitive mind Richard Holloway's memoir is endlessly vivid and fascinating It's the record of a mind too large too curious and far too generous to be confined within any single religious denomination a delight and inspiration to believers non believers and ex believers alike Philip Pullman **Women Singer-Songwriters in Rock** Ronald D. Lankford

Jr., 2009-11-25 In *Women Singer Songwriters in Rock A Populist Rebellion in the 1990s* Ronald D Lankford Jr argues that women singer songwriters formed a substantial movement within popular music during the 1990s making a significant social and aesthetic contribution that pushed feminism into mainstream American culture Lankford examines in depth the work of several artists including Alanis Morissette PJ Harvey Liz Phair Courtney Love Tori Amos Sarah McLachlan and Sheryl Crow offering thorough descriptions and analyses of their music lyrics and album art By looking at both the broader movement and individual performers this book provides a comprehensive and accessible overview of the movement and its message Lankford introduces the singer songwriter movement and the artists and genres that paved the way for these 1990s rockers establishing the arch of the popular movement of women in rock as it mirrored the rise of third wave feminism and sketching the cultural and political landscape that served as a backdrop to the women's singer songwriter movement during the 1990s Drawing from resources in books journals and zines Lankford focuses on the exploration of women's issues within the music through analyses of its lyrics and album art and examines how the often hard edged feminist content was able to filter into

mainstream popular culture To help illustrate this the book includes a select discography of albums and singles including their placement and number of weeks spent on various charts A complete bibliography and index round out this important study which is a must for fans and scholars of music popular culture and women s studies Reading Public Romanticism Paul Magnuson,2014-07-14 Reading Public Romanticism is a significant new example of the linking of esthetics and historical criticism Here Paul Magnuson locates Romantic poetry within a public discourse that combines politics and esthetics nationalism and domesticity sexuality and morality law and legitimacy Building on his well regarded previous work Magnuson practices a methodology of close historical reading by identifying precise versions of poems reading their rhetoric of allusion and quotation in the contexts of their original publication and describing their public genres such as the letter He studies the author s public signature or motto the forms and significance of address used in poems and the resonances of poetic language and tropes in the public debates According to Magnuson reading locations means reading the writing that surrounds a poem the paratext or frame of the esthetic boundary In their particular locations in the public discourse romantic poems are illocutionary speech acts that take a stand on public issues and legitimate their authors both as public characters and as writers He traces the public significance of canonical poems commonly considered as lyrics with little explicit social or political commentary including Wordsworth s Immortality Ode Coleridge s This Lime Tree Bower My Prison Frost at Midnight and The Ancient Mariner and Keats s On a Grecian Urn He also positions Byron s Dedication to Don Juan in the debates over Southey s laureateship and claims for poetic authority and legitimacy Reading Public Romanticism is a thoughtful and revealing work Originally published in 1998 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Risky Pleasures?** Fiona Hutton,2016-04-08 In this book Fiona Hutton provides a fascinating insight into women s experiences of clubbing Based on a rich ethnographic account of the Manchester club scene Risky Pleasures is set within the context of the theoretical literature on youth subcultures female friendship consumption risk and the city The work highlights both the producers of club scenes promoters DJs dealers and the consumers women negotiating pleasure and risk in club spaces and in the city at night It explores the range of club spaces developing a typology of mainstream and underground clubs and considers how different types of participants are attracted to different scenes It examines women s recreational drug use within a club context and discusses issues of sexuality tolerance and the importance of attitude in terms of women s feelings of safety Revealing the important role of different spaces and different atmospheres in how women participate in club scenes Fiona Hutton argues that drug taking and sexual pleasure are always contextualized within the environments created in different spaces and that

the risk and danger negotiated by women clubbers are counterbalanced by fun and pleasure and ultimately empowerment

Crispin Sartwell, 2000-11-02 Argues that the academy's obsession with language and in particular with narrative has become a sort of disease **Intransitive Encounter** Nan Da, 2018-12-25 Why should the earliest literary encounters between China and the United States and their critical interpretation matter now How can they help us describe cultural exchanges in which nothing substantial is exchanged at least not in ways that can easily be tracked All sorts of literary meetings took place between China and the United States in the nineteenth and early twentieth centuries involving an unlikely array of figures including canonical Americans such as Washington Irving Ralph Waldo Emerson and Henry Wadsworth Longfellow Chinese writers Qiu Jin and Dong Xun and Asian American writers like Yung Wing and Edith Eaton Yet present day interpretations of these interactions often read too much into their significance or mistake their nature missing their particularities or limits in the quest to find evidence of cosmopolitanism or transnational hybridity In *Intransitive Encounter* Nan Z Da carefully re creates these transpacific interactions plying literary and social theory to highlight their various expressions of indifference toward synthesis interpollination and convergence Da proposes that interpretation trained on such recessive moments and minimal adjustments can light a path for Sino U S relations going forward offering neither a geopolitical showdown nor a celebration of hybridity but the possibility of self contained cross cultural encounters that do not have to confess to the fact of their having taken place *Intransitive Encounter* is an unconventional and theoretically rich reflection on how we ought to interpret global interactions and imaginings that do not fit the patterns proclaimed by contemporary literary studies
